his writing Deep as Dante Herman Melville said Hawthorne himself declared that he was not one of those supremely hospitable people who serve up their own hearts delicately fried with brain sauce as a tidbit for the public Yet those who knew him best often took the opposite position He always puts himself in his books said his sister in law Mary Mann he cannot help it His life like his work was extraordinary a play of light and shadow In this major new biography of Hawthorne the first in more than a decade Brenda Wineapple acclaimed biographer of Janet Flanner and Gertrude and Leo Stein Luminous Richard Howard brings him brilliantly alive an exquisite writer who shoveled dung in an attempt to found a new utopia at Brook Farm and then excoriated the community or his attraction to it in caustic satire the confidant of Franklin Pierce fourteenth president of the United States and arguably one of its worst friend to Emerson and Thoreau and Melville who unlike them made fun of Abraham Lincoln and who also unlike them wrote compellingly of women deeply identifying with them he was the first major American writer to create erotic female characters Those vibrant independent women continue to haunt the imagination although Hawthorne often punishes humiliates or kills them as if exorcising that which enthralls Here is the man rooted in Salem Massachusetts of an old pre Revolutionary family reared partly in the wilds of western Maine then schooled along with Longfellow at Bowdoin College Here are his idyllic marriage to the youngest and prettiest of the Peabody sisters and his longtime friendships including with Margaret Fuller the notorious feminist writer and intellectual Here too is Hawthorne at the end of his days revered as a genius but considered as well to be an embarrassing puzzle by the Boston intelligentsia isolated by fiercely held political loyalties that placed him against the Civil War and the currents of his time Brenda Wineapple navigates the high tides and chill undercurrents of Hawthorne s fascinating life and work with clarity nuance and insight The novels and tales the incidental writings travel notes and children s books letters and diaries reverberate in this biography which both charts and protects the dark unknowable core that is quintessentially Hawthorne In him the quest of his generation for an authentically American voice bears disquieting fruit

Margarethe Meyer Schurz - A Biography Hannah Werwath Swart, Margarethe Meyer Schurz A Biography America s First Kindergarten Founder Watertown Historical Society Watertown WI *The American Foundations of the Sisters of Notre Dame de Namur*, 1928 *The Threads of The Scarlet Letter* Richard Kopley, 2003 The Threads of The Scarlet Letter offers new discoveries regarding the origins of Hawthorne s masterpiece as well as critical interpretations based on these discoveries Relying on a blend of close reading biographical analysis and archival research this book demonstrates anew the power of traditional scholarship The Threads of The Scarlet Letter illuminates Hawthorne s transformation of Poe s celebrated tale The Tell Tale Heart and Lowell s long neglected poem A Legend of Brittany and identifying the hitherto unknown author of the seminal narrative The Salem Belle investigates Hawthorne s brilliant borrowing from that novel as well The present volume argues that Hawthorne repeatedly attenuated his sources but also allowed sufficient detail to permit their recognition Furthermore this volume elaborates Hawthorne s reworking of formal traditions in The Scarlet Letter traditions that importantly clarify

the meaning of the whole *The Scarlet Letter* is shown to be a complex rendering of man's fall and redemption and a triumphant assertion of literary vocation *The Threads of The Scarlet Letter* includes a useful bibliographical overview of the history of the study of the origins of Hawthorne's greatest work *The House of the Seven Gables* Nathaniel Hawthorne, 2009-12-15 This novel was intended to be far sunnier than *The Scarlet Letter* and to illustrate the folly of tumbling down on posterity an avalanche of ill gotten gold or real estate Critics have faulted the book for explaining away hereditary guilt or for a contradictory denial of it but Denis Donoghue offers fresh appreciation of the novel **Elizabeth Palmer Peabody** Bruce A. Ronda, 1999 This is the first full length biography of Elizabeth Palmer Peabody one of the three notable Peabody sisters of Salem Massachusetts and sister in law of Nathaniel Hawthorne and Horace Mann In elegant prose it traces the intricate private life and extraordinary career of one of nineteenth century America's most important Transcendental writers and educational reformers Yet Peabody has also been one of the most scandalously neglected and caricatured female intellectuals in American history Bruce Ronda has recaptured Peabody from anecdotal history and even blue stocking portrayals in film most recently by Jessica Tandy in Henry James's *The Bostonians* Peabody was a reformer devoted to education in the broadest and yet most practical senses She saw the classroom as mediating between the needs of the individual and the claims of society She taught in her own private schools and was an assistant in Bronson Alcott's Temple School In her contacts with Ralph Waldo Emerson's Transcendental circle in the 1830s and as publisher of the famous *Dial* and other imprints she took a mediating position once more claiming the need for historical knowledge to balance the movement's stress on individual intuition She championed antislavery European liberal revolutions Spiritualism and in her last years the Paiute Indians She was as Theodore Parker described her the Boswell of her age **Hawthorne in His Own Time** Ronald A Bosco, Jillmarie Murphy, 2007-06 At his death Nathaniel Hawthorne 1804-1864 was universally acknowledged in America and England as the Great Romancer Novels such as *The Scarlet Letter* and *The House of the Seven Gables* and stories published in such collections as *Twice Told Tales* continue to capture the minds and imaginations of readers and critics to this day Harder to capture however were the character and personality of the man himself So few of the essays that appeared in the two years after his death offered new insights into his life art and reputation that Hawthorne seemed fated to premature obscurity or at least permanent misrepresentation This first collection of personal reminiscences by those who knew Hawthorne intimately or knew about him through reliable secondary sources rescues him from these confusions and provides the real human history behind the successful writer Remembrances from Elizabeth Peabody Sophia Hawthorne Oliver Wendell Holmes Ralph Waldo Emerson Bronson Alcott Rebecca Harding Davis and twenty others printed in *Hawthorne in His Own Time* follow him from his childhood in Salem through his years of initial literary obscurity his days in the Boston and Salem Custom Houses his service as U S Consul to Liverpool and Manchester and his life in the Anglo American communities at Rome and Florence to his late years as the Great Romancer In their enlightening introduction

editors Ronald Bosco and Jillmarie Murphy assess the postmortem building of Hawthorne's reputation as well as his relationship to the prominent Transcendentalists spiritualists Swedenborgians and other personalities of his time By clarifying the sentimental associations between Hawthorne's writings and his actual personality and moving away from the critical review to the personal narrative these artful and perceptive reminiscences tell the private and public story of a remarkable life

Bright Circle Randall Fuller, 2024-09-24 A group biography of five women who played path breaking roles in the transcendentalist movement In November 1839 a group of young women in Boston formed a conversation society to answer the great questions of special importance to women What are we born to do How shall we do it The lives and works of the five women who discussed these questions are at the center of Bright Circle a group

biography of remarkable thinkers and artists who played pathbreaking roles in the transcendentalist movement

Transcendentalism remains the most important literary and philosophical movement to have originated in the United States. Most accounts of it however trace its emergence to a group of young intellectuals primarily Ralph Waldo Emerson and Henry David Thoreau dissatisfied with their religious literary and social culture. Yet there is a forgotten history of transcendentalism, a submerged counternarrative that features a network of fiercely intelligent women who were central to the development of the movement even as they found themselves silenced by their culturally assigned roles as women. *Bright Circle* is intended to reorient our understanding of transcendentalism to help us see the movement as a far more collaborative and interactive project between women and men than is commonly understood. It recounts the lives of Mary Moody Emerson, Elizabeth Palmer Peabody, Sophia Peabody, Hawthorne, Lydia Jackson Emerson, and Margaret Fuller as they developed crucial ideas about the self, nature, and feeling even as they pushed their male counterparts to consider the rights of enslaved people of color and women. Many ideas once considered original to Emerson and Thoreau are shown to have originated with women who had little opportunity of publicly expressing them. Together the five women of *Bright Circle* helped form the foundations of American feminism.

Critical Companion to Nathaniel Hawthorne Sarah Bird Wright, 2006. Offers critical entries on Hawthorne's novels, short stories, travel writing, criticism, and other works, as well as portraits of characters including Hester Prynne and Roger Chillingworth. This reference also provides entries on Hawthorne's family friends ranging from Herman Melville to President Franklin Pierce, publishers and critics.

Reinventing the Peabody Sisters Monika M. Elbert, Julie E. Hall, Katharine Rodier, 2006-04. Whether in the public realm as political activists, artists, teachers, biographers, editors, and writers, or in the more traditional role of domestic nurturing women, Elizabeth Peabody, Mary Peabody Mann, and Sophia Peabody Hawthorne subverted rigid nineteenth-century definitions of women's limited realm of influence. *Reinventing the Peabody Sisters* seeks to redefine this dynamic trio's relationship to the literary and political movements of the mid-nineteenth century. Previous scholarship has romanticized, vilified, or altogether erased their influences and literary productions or viewed these individuals solely in light of their relationships to other nineteenth-century luminaries, particularly men: Ralph Waldo Emerson, Nathaniel Hawthorne, Horace Mann. This collection underscores that each woman was a creative force in her own right. Despite their differences and sibling conflicts, all three sisters thrived in the rarefied, if economically modest, atmosphere of a childhood household that glorified intellectual and artistic pursuits. This background allowed each woman to negotiate the nineteenth-century literary marketplace and in the process redefine its scope. Elizabeth, Mary, and Sophia remained linked throughout their lives, encouraging, complementing, and sometimes challenging each other's endeavors while also contributing to each other's literary work. The essays in this collection examine the sisters' confrontations with and involvement in the intellectual movements and social conflicts of the nineteenth century, including Transcendentalism, the Civil War, the role of women, international issues, slavery, Native American rights, and parenting. Among

the most revealing writings that the sisters left behind however are those which explore the interlaced relationship that continued throughout their remarkable lives
