Rave Culture An Insiders Overview:

Rave Culture Jimi Fritz,1999 **Rave Culture and Religion** Graham St John,2004-06 Vast numbers of western youth have attached primary significance to raving and post rave experiences This collection of essays explores the socio cultural and religious dimensions of the rave raving and rave derived phenomena **Victor Turner and Contemporary Cultural Performance** Graham St. John,2008 In the twenty years following Victor Turner s death interventions on the interconnected performance modes of play drama and community dimensions of which Turner deemed the limen and experimental and analytical forays into the anthropologies of experience and consciousness have complemented and extended Turnerian readings on the moments and sites of culture s becoming Examining Turner s continued relevance in performance and popular culture pilgrimage and communitas as well as Edith Turner s role the contributors reflect on the wide application of Victor Turner s thought to cultural performance in the early twenty first century and explore how Turner s ideas have been re engaged renovated and repurposed in studies of contemporary cultural performance **The Routledge Companion to Religion and Popular Culture** John C. Lyden,Eric Michael Mazur,2015-03-27 Religion and popular culture is a fast growing field that spans a variety of disciplines This volume offers the first real survey of the field to date and provides a guide for the work of future scholars It explores key issues of definition and of methodology religious encounters with popular culture across media material culture and space ranging from videogames and social networks to cooking and kitsch architecture and national monuments representations of religious traditions in the media and popular culture including important non Western spheres such as Bollywood This Companion will serve as an enjoyable and informative resource for students and a stimulus to future scholarly work Call Me the Seeker Michael J. Gilmour,2005-06-24 One of very few books on religion and popular music Covers a wide range of musical styles from heavy metal and rap to country jazz and Broadway musicals The essays are written by academics and informed by their enthusiasm for the music Many books have explored the relationship between religion and film but few have yet examined the significance of religion to popular music Call Me The Seeker steps into that gap Michael Gilmour s introductory essay gives a state of the discipline overview of research in the area He argues that popular songs frequently draw from and interpret themes found in the conceptual and linguistic worlds of the major religions and reveal underlying attitudes in those who compose and consume them He says these texts deserve more serious study The essays in the book start an on going conversation in this area bringing a variety of methodologies to bear on selected artists and topics Musical styles covered range from heavy metal and rap to country jazz and Broadway musicals **Youth Cultures in America** Simon J. Bronner,Cindy Dell Clark,2016-03-21 What are the components of youth cultures today This encyclopedia examines the facets of youth cultures and brings them to the forefront Although issues of youth culture are frequently cited in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence

although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems *What Matters?* Courtney Bender, Ann Taves, 2012 This collection of essays examines religious secular and spiritual distinctions in society The History of MDMA Torsten Passie, Udo Benzenhöfer, 2023 The history of MDMA starts as a story of rivalry between pharmaceutical companies looking to circumvent a patent for the synthesis of medically significant substances at the beginning of the 20th century However to begin we will take a closer look at two claims repeatedly made about the earliest history of MDMA Sacred Matters Associate Professor of American Religious History and Culture Gary Laderman, Gary Laderman, 2011-02 Widely praised in hardcover as a fascinating and important addition to religious and cultural studies Sacred Matters reveals the remarkable ways that religious practices permeate American cultural life In a country where references to God are as normal as proclaiming love of country support for the military or security for the nation's children religion scholar Gary Laderman casts his eye over our deeply hidden spiritual landscape questioning whether our conventional views even begin to capture the rich and strange diversity of religious life in America A compelling read Sacred Matters shows that genuinely religious practices and experiences can be found in the unlikelyst of places in science laboratories and movie theaters at the Super Bowl and Star Trek conventions and in Americans' obsession with prescription drugs and pornography When devoted fans make a pilgrimage to Graceland because of their love for Elvis Laderman argues their behavior doesn't just seem religious it is religious enacting a well known ritual pattern toward saints in the history of Christianity In a dramatic reframing of what is holy and secular Sacred Matters makes a powerful and illuminating case that religion is everywhere and that we have barely begun to reckon with its hold on our cultural life

Breaking the Silos Ofra Walter, Phil Fitzsimmons, Jonathan Kasler, Surekha Routray, 2024-08-20 This book offers a new look at well being from a multidisciplinary standpoint Research from industry clearly indicates that factors such as creativity critical awareness well being interdisciplinary understanding of positive psychology and the ability to form strong relationships will determine the viability of organizations as collectively we enter the second half of the twenty first century Thus a sound understanding of how these facets become melded into entrepreneurship the workplace environment and creative innovation is a requirement for individuals in the workplace With a dearth of information about these facets as individual components and as a collective whole this book draws these elements of overall well being into a multidisciplinary

focus Thus with chapters covering diverse fields such as philosophy education economics mathematics and medicine the book offers a fresh approach to how positive psychology impacts entrepreneurship **Circulation and the City** Will
