Razz-Ma-Tazz Betty J. Bakay, 2002-01-01 **Children's Books in Print** R R Bowker Publishing, Bowker, 1999-12 The Genres, Prosody and Pragmatics of Rap Said Abir Anbari, 2011-05 Bachelor Thesis from the year 2010 in the subject English Language and Literature Studies Linguistics grade 1 1 Bielefeld University language English abstract Preliminaries The first song whose rhythmic style of singing predates rapping was already published in the 1920s About 50 years later the first historically known rap song was published Since then this genre has undergone many changes and has been examined from diverse angles Various cultural historical and language centered studies have been conducted on rap music There is however little research particularly concerned with the different musical categories of rap vocal deliveries of rap and the usage and understanding of language in contexts of rap from a pragmatistical point of view To investigate some of the genres linguistic properties the main focus of this paper will be on the genres prosody and pragmatics of rap music The paper is divided into five chapters and three major parts After the introduction and some general thoughts about the history of rap music the first major part deals with the generic classification of this genre in chapter three A general overview of the different genres of rap is given here by focusing on their musical thematic and vocal style variations It will be explored whether genres of rap are related to each other overlap and whether each genre encompasses a different style of vocal delivery All the lyrics of the songs which will be mentioned and discussed in this thesis are available in the appendix accompanied by a CD of songs and files Taking into account the different vocal styles which will be mentioned in chapter three in chapter four particular focus will be drawn to the prosodic variations of vocal styles especially to stress In this respect an experiment has been conducted by which prosodic differences of vocal styles will be discussed in chapter four It is not the objective of this thesis to focus on the physical nature of musical s **The Oxford Handbook of The American Musical** Raymond Knapp, Mitchell Morris, Stacy Wolf, 2011-11-04 The Oxford Handbook of The American Musical offers new and cutting edge essays on the most important and compelling issues and topics in the growing interdisciplinary field of musical theater and film musical studies Taking the form of a keywords book it introduces readers to the concepts and terms that define the history of the musical as a genre and that offer ways to reflect on the specific creative choices that shape musicals and their performance on stage and screen The handbook offers a cross section of essays written by leading experts in the field organized within broad conceptual groups which together capture the breadth direction and tone of musicals studies today Each essay traces the genealogy of the term or issue it addresses including related issues and controversies positions and problematizes those issues within larger bodies of scholarship and provides specific examples drawn from shows and films Essays both re examine traditional topics and introduce underexplored areas Reflecting the concerns of scholars and students alike the authors emphasize critical and accessible perspectives and supplement theory with concrete examples that may be accessed through links to the handbook s website Taking into account issues of composition performance and reception the book s

contributors bring a wide range of practical and theoretical perspectives to bear on their considerations of one of America's most lively enduring artistic traditions. The Oxford Handbook of The American Musical will engage all readers interested in the form from students to scholars to fans and aficionados as it analyses the complex relationships among the creators, performers and audiences who sustain the genre. Media and Performance in the Musical Raymond Knapp, Mitchell Morris, Stacy Wolf, 2018-09-04 For the past several years the American musical has continued to thrive by reflecting and shaping cultural values and social norms and even commenting on politics whether directly and on a national scale Hamilton or somewhat more obliquely and on a more intimate scale Fun Home. New stage musicals such as Come from Away and The Band's Visit open on Broadway every season challenging conventions of form and content and revivals offer audiences a different perspective on extant shows. Carousel My Fair Lady Television musicals broadcast live harken back to 1950s television's affection for musical theatre and aim to attract new audiences through the accessibility of television. Film musicals including Les Misérables and Into the Woods capitalize on the medium's technical capabilities of perspective and point of view as well as visual spectacle. Television has embraced the genre anew and with unexpected gusto not only devising musical episodes for countless dramatic and comedy series but also generating musical series such as Galavant and Crazy Ex Girlfriend. And animated musicals such as Disney's Moana hail child and adult audiences with their dual messages: vibrant visual vocabulary and hummable music. The chapters gathered in this book, Volume II of the reissued Oxford Handbook, explore the American musical from the various media in which musicals have been created to the different components of a musical and the people who do the work to bring a musical to life. **Gramophone Popular Catalogue**, 1963 **Oxford Thesaurus of English** Maurice Waite, 2009-08-13 The leading single volume English thesaurus explores the richness of the English language with hundreds of thousands of synonyms and antonyms and thousands of example sentences drawn from the Oxford English Corpus. Finds the word you need quickly with carefully chosen and arranged synonyms broadens your vocabulary and finds solutions to word puzzles and crosswords with hundreds of thematic word lists and helps express yourself more accurately with hundreds of Choose the Right Word boxes exploring the difference between similar words.
