Re Visioning The Way We Work:

Re-Visioning The Way We Work Ginger Grant, 2005-08 The tools of business are dynamic capital people markets and ideas all are living entities in a constant state of flux To take these tools to work with them and reorganize them in new and different ways to produce a positive effect in your life and your organization is the essence of the creative process How to get there This work will provide a working map for the journey toward your own potential A lucid gateway to Joseph Campbell's monomyth of the hero's journey particularly as it can be applied to one's career Ginger Grant is an excellent interpreter of this invaluable but sometimes rather difficult body of work I recommend her highly William Gibson author of *Pattern Recognition* A most remarkable technique born of a most remarkable vision This book grounds the world of business management and corporate organization in a mythological psychology It demonstrates practically a way to give creativity and imagination to the real life of the workplace A unique and important contribution to the field David L Miller PhD Watson Ledden Professor Emeritus Syracuse University Ginger Grant's creative reimagining of the work place promises any who will consider her mythic approach to doing business a more flexible and humane corridor out of the stilted and calcified set of rules and formats that govern its behavior Her leading impulse that the corporate ethos will change dramatically only when it understands and accepts its own functioning mythology promises to reanimate the place where we spend the best energies of our lives Dennis Patrick Slattery Core Faculty Pacifica Graduate Institute and author of *Grace in the Desert* and *The Wounded Body*

Re-visioning Family Therapy Monica McGoldrick, Kenneth V. Hardy, 2008-07-29 Now in a significantly revised and expanded second edition this groundbreaking work illuminates how racism sexism and other forms of oppression constrain the lives of diverse clients and family therapy itself Practitioners and students gain vital tools for re-evaluating prevailing conceptions of family health and pathology tapping into clients cultural resources and developing more inclusive theories and therapeutic practices From leaders in the field the second edition features many new chapters case examples and specific recommendations for culturally competent assessment treatment and clinical training The section in which authors reflect on their own cultural and family legacies also has been significantly expanded

Re-visioning Mission Richard G. Cote, 1996 This book explores mission and culture in the postmodern context of the United States by drawing upon the metaphor of marriage to illustrate the reciprocal relationship between faith and culture

Recovery Zone Volume 1 Patrick Carnes, Ph.D., 2009 *Recovery Zone Volume One* picks up where *Facing the Shadow* leaves off guiding readers to begin working tasks eight through thirteen of Dr Patrick Carnes' innovative thirty task model This book helps readers understand that true recovery is achieved by learning to cope with difficult situations and emotions Stopping addictive behavior is the only way to start recovery However stopping the behavior is not enough to stay in recovery True recovery is achieved by learning to cope with difficult situations and emotions Dr Patrick Carnes helps readers know how to deal with difficult affective states and guides them to a place of resilience so they can decide what is important in their lives

Readers will learn how to live optimally in their Recovery Zone The work sets the stage for recovery tasks 8 13 providing readers with a practical approach to recognize the underlying emotional causes that perpetuate the addiction cycle

Re-Visioning the American Psyche Ipek S. Burnett,2023-12-07 The United States is at a crossroads Moving away from the stalemate of political polarization and culture wars requires reflection critical thinking and imagination This book of collected essays brings together leaders in Jungian and archetypal psychology to forge this path by offering a comprehensive look at the American psyche Re Visioning the American Psyche examines the myths images and archetypal fantasies ingrained in the collective consciousness and unconscious in the United States The volume tends to manifest symptoms in political institutions social conflicts and cultural movements Using various interpretative processes from psychoanalytic to literary and to participatory it reflects on the meaning of democratic participation the psychological cost of wars and violence intergenerational trauma due to racism the emotional dimensions of political polarization deep seated oppositional thinking in patriarchal structures frailty of the American Dream and more With its rich scope interdisciplinary scholarship and critical engagement with historical and current affairs this book will be of great interest to those in Jungian and depth psychology as well as sociology politics cultural studies and American studies As a timely contribution with an international appeal it will engage readers who are invested in better understanding psychology s capacity to respond to social cultural and political realities

Re-Visioning Family Therapy, Third Edition Monica McGoldrick,Kenneth V. Hardy,2019-06-14 A leading text for courses that go beyond the basics of family systems theory intervention techniques and diversity this influential work has now been significantly revised with 65% new material The

volume explores how family relationships and therapy itself are profoundly shaped by race social class gender religion sexual orientation and other intersecting dimensions of marginalization and privilege Chapters from leading experts guide the practitioner to challenge assumptions about family health and pathology understand the psychosocial impact of oppression and tap into clients cultural resources for healing Practical clinical strategies are interwoven with theoretical insights case examples training ideas and therapists reflections on their own cultural and family legacies New to This Edition Existing chapters have been thoroughly updated and 21 chapters added expanding the perspectives in the book Reflects over a decade of theoretical and clinical advances and the growing diversity of the United States New sections on re visioning clinical research trauma and psychological homelessness and larger systems *Re-visioning Science Education from Feminist Perspectives* ,2010-01-01 Women in science education are placed in a juxtaposition of gender roles and gendered career roles Using auto biography and auto ethnography this book examines the challenges and choices of academic women in science education and how those challenges have changed or remained consistent since women have become a presence in science education The book s contributors span a temporal and spatial continuum and focus on how a variety of issues relate to the paradoxes for academic women in science education Science is characterized as a masculine endeavor while teaching is described as women s true profession Thus female academics involved in science education are positioned in two paradoxes First as teachers they are involved in a feminized profession However within that profession women faculty in science education work in a discipline viewed as a masculine enterprise Further these women work in educational institutions that have higher status and prestige than their sisters in elementary middle or high schools Second female professors are bearded mothers Women who have engaged in science education value rationality and logic and assume authority as participants in academe The use of logic the acceptance of authority and the assumption of power are masculine gender stereotyped characteristics This situation places women in a paradox because others including peers and students expect them to display stereotypic female gender dispositions such as mothering nurturing sacrificing their needs for others and a commitment to the institution The topics include discussing how their engagement with science impacted their career trajectories and re direction from science to science education the relationships of cultural and racial factors on career trajectories and the dialectical relationship between women s private public lives and their agency collective and individual in the academy and its enactment within academic fields The book documents the lives and careers of academic women in science education from the United States Australia the Caribbean United Kingdom and Europe Clinical Management of Sex Addiction Patrick J. Carnes,Kenneth M. Adams,2019-11-28 Clinical Management of Sex Addiction s newest edition updates many of the original chapters from 28 leaders in the field with new findings and treatment methods in the field of sex addiction With a growing awareness of sex addiction as a problem plus the advent of cybersex compulsion professional clinicians are being confronted with sexual compulsion with little clinical or academic preparation This is the first book

distilling the experience of the leaders in this emerging field It additionally provides new chapters on emerging areas of interest including partner counseling trauma and sexual addiction and adolescent sex addiction With a focus on special populations the book creates a current and coherent reference for the therapist who faces quickly escalating new constellations of addictive sexual behavior Readable concise and filled with useful interventions it is a key text for professionals new to the field and a classic reference for all clinicians who treat sex addiction *Rescuing Psychoanalysis from Freud and Other Essays in Re-Vision* Peter L. Rudnytsky, 2018-05-08 In his latest groundbreaking book the author examines the history of psychoanalysis from a resolutely independent perspective At once spellbinding case histories and meticulously crafted gems of scholarship Rudnytsky's essays are re-visions in that each sheds fresh light on its subject but they are also avowedly revisionist in their scepticism towards all forms of psychoanalytic orthodoxy Beginning with a judicious reappraisal of Freud and ranging in scope from King Lear to contemporary neuroscience the author treats in depth the lives and work of Ferenczi Jung Stekel Winnicott Coltart and Little each of whom sought to rescue psychoanalysis by summoning it to live up to its highest ideals **A Gentle Path Through the 12 Steps and 12 Principles Bundle** Patrick J. Carnes, 2012-07-17 Two book bundle Essential Twelve Step Recovery Guides from renowned author Patrick Carnes Ph.D. It was out of his reverence and respect for the wisdom and therapeutic value of the Twelve Steps that author Patrick Carnes wrote *A Gentle Path through the Twelve Steps* now a recovery classic and self-help staple for anyone looking for guidance for life's hardest challenges Hundreds of thousands of people have found in this book a personal portal to the wisdom of the Twelve Steps With updated and expanded concepts and a focus on the spiritual principles that lead to lifelong growth and fulfillment Carnes' new edition invites a fresh generation of readers to the healing and rewarding experience of Twelve Step recovery *A Gentle Path through the Twelve Principles* outlines twelve guiding principles to help those in recovery These principles have existed among fellowships as a hidden curriculum of fundamental truths about recovery for decades but never before have they been distilled into a succinct set of values that when practiced help each of us to develop an essential skill set for life The principles such universal touchstones for human self-realization as acceptance awareness responsibility openness and honesty are concepts that enable a deep inner study and focus to make a new life happen in recovery **The Practice of Radiology Education** Teresa van Deven, Kathryn M. Hibbert, Rethy K. Chhem, 2009-10-13 The practice of radiology education challenges and trends will provide truly helpful guidance for those of you involved in teaching and training in radiology The goal of this book is ultimately to improve patient care As a companion piece to the first book radiology education the scholarship of teaching and learning this book focuses on applying the concepts at a practical level that can be applied flexibly within educational programs for radiology residents and fellows in any medical imaging learning environment This book focuses on the application of scholarship in terms of the dissemination of useful testable and reproducible information to others It links educational theory with practice and for those of you who wish to explore educational practice

further a number of chapters suggest additional readings and resources The publication is timely and congruent with one of the most important twenty first century trends in medical education the move from amateurism to professionalism in teaching In the past medical schools and other health professions training institutions have been criticized for their resistance to the adoption of the science of medical education Very few of us learned how to teach as medical students and most of us have our teaching responsibilities thrust on us with little preparation The award of a basic medical degree was assumed to carry with it basic teaching expertise unfortunately an unwarranted assumption in some cases

Museums and Source Communities Alison K. Brown, Laura Peers, 2005-06-28 This volume combines some of the most influential published research in this emerging field with newly commissioned essays on the issues problems and lessons involved in collaborating museums and source communities Focusing on museums in the UK North America and the Pacific the book highlights three areas which demonstrate the new developments most clearly the museum as field site or contact zone a place which source community members enter for purposes of consultation and collaboration visual repatriation the use of photography to return images of ancestors historical moments and material heritage to source communities exhibition case studies these are discussed to reveal the implications of cross cultural and collaborative research for museums and how such projects have challenged established attitudes and practices As the first overview of its kind this collection will be essential reading for museum staff working with source communities for community members involved with museum programmes and for students and academics in museum studies and social anthropology
