Dialectics of Faith-Culture Integration Michael Muonwe, 2014-02-21 This book navigates the contours of cultural and theological hermeneutics in order to critique affirm as well as reconceptualise the vital underpinnings and subtleties of faith culture intercourse and reciprocation It questions claims to effective inculturation by theologians and church authorities even as it acknowledges the inevitability of the tension between inculturation process and syncretic formations It is an irresistible asset for teachers and students of theology cultural and religious studies for pastors and missionaries and for all Christians in need of finding Christian beliefs and practices more meaningful to them in their daily lives The hope is that it challenges the straitjacketed conceptual and pastoral frameworks that have often characterised the church's evangelisation initiatives and assists in making Christian faith a concrete and living possession of every age and culture Michael Muonwe is a priest of the Catholic diocese of Awka Nigeria He holds Licentiate and Doctorate in Theology and Religious Studies from the Catholic University of Leuven Belgium He obtained Bachelors in Philosophy from Bigard Memorial Seminary Enugu Nigeria Michael also holds Diplomas in Mass Communication and Education He has authored a number of articles and is an editor of a book His major research interest is the often convoluted relationship and interplay between religion and the contemporary culture His research on the relationship between Christianity feminism and culture will soon be published in two volumes On the present book Prof Annemie Dillen of the Catholic University of Leuven affirms This is a must read book for local church leaders theologians and everyone involved in pastoral work It challenges the reader to give up a longing for security and finding answers in fixed rules or the so called universal truths and invites him or her to an in depth study of cultural practices and beliefs The overview of the discussions on inculturation and the reality or sometime maybe phantom of syncretism is very illuminating and thought provoking Thomas F Magill asserts A timely and well balanced study of the theology of inculturation as understood in the Roman Catholic tradition offering new and fresh insights situated in the cusp between the Benedict XVI's emphasis on the relationship between faith and reason and the problem of relativism and Francis I's desire for a poor church for the poor T F Magill L S S Ph D parish priest of the Diocese of Motherwell formerly a Lecturer in New Testament Studies at the University of Glasgow The Permanent Diaconate Kenan B. Osborne, 2007 Renowned Franciscan theologian Kenan B Osborne brings all three of the holy orders of the church the diaconate the presbyterate and the episcopate into focus through the lens of post Vatican II sacramental and systematic theology Osborne posits that one cannot study the renewed permanent diaconate in the Roman Catholic Church without understanding the renewal of the order of priests and bishops as well This is a guide to grasping the essence of Vatican II as well as the basis for the restoration of the diaconate in the Latin Church BOOK JACKET *Christianity with an Asian Face* Peter C. Newer Paths in Muslim-Christian Understanding Ron George, 2007-10 This book tries to outline most inadequately the conclusion that God is not limited by man's ways and wants all men to come to know the truth Christ himself A man can be a Messianic Jew a Hindu Sadhu as was Sadhu Sundar Singh or a Messianic Muslim So often our faith is culture bound we have often interpreted the Bible from a cultural perspective and not seen the God who relates to all men He does not want a Western form of Christianity to be imposed upon others In Genesis 2 v 18-20 we have the cultural mandate that man was to rule over the earth and create his own society Most Muslim converts go back into Islam not because of a failure to be enamored by Christ but because of a loss of their identity and unacceptance by the Christian community Few understand the forces that are at play within all of us Ron George has been involved in missions in the Islamic world for over 44 years He has written widely on the subject traveled to over 30 lands and met with Muslim leaders to try to understand their points of view His views come out of a serious study of the Islamic peoples and the Qur'an a love for those peoples and an appreciation of their roots He takes what well known missiologists present and brings them to their logical conclusion in evaluating Muslim-Christian understandings He feels that only the eyes of love can fully appreciate the task of communicating Christ to Islamic peoples building upon what they have and not destroying what God has already started He sees that in trying to understand others leads to better understanding our own faith This is a book about new beginnings in understanding Muslims and adds to that process

Critical Essays on Edward Schillebeeckx's Theology Corneliu C. Simut, 2010-02-18 This book presents the main teachings of Edward Schillebeeckx widely considered one of the most important Catholic thinkers of the twentieth century Schillebeeckx is known for his radical departure from traditional theology which he saw as no longer relevant to the modern world Because today's world has been shaped by a process of secularization heavily based on reason and progress in science technology economics urbanism etc modern people seek relevant answers to their deep existential questions that can be explained rationally In his quest to foster relevant and meaningful answers for today's world Schillebeeckx changed the traditional metaphysical content of Christian theology into explanations that radically reinterpret traditional Christian doctrines Primarily the supernatural essence of Christianity is given up as irrelevant and is replaced by a natural perspective on the world In Schillebeeckx's thoroughly historical and truly

immanent theology God is man's terrestrial future Christ the symbol of universal human values and the Church is identified with the world as those communities which share these universal human values Schillebeeckx is convinced that these explanations emptied of metaphysical content can help today's people understand their existence in a new relevant and meaningful way

Sin and Evil Ramón Martínez de Pisón L.,2002 Death by Despair Ramón Martínez de Pisón, Ramón Martínez de Pisón L.,2006 Suicide is one of the major causes of violent death in our societies The fact that adolescents and the elderly are the two population groups with the highest rates of suicide challenges many assumptions of the past regarding human development By the time they reach their teens many adolescents lack the necessary skills to deal with stressful events in a healthy life enhancing way At the same time the last stage of human development is not necessarily one in which people feel fulfilled In this book Ramón Martínez de Pisón expands the theory of Lazarus and Folkman 1984 for coping with stress in order to show that toxic shame is one of the most important personal and environmental constraints inhibiting one's ability to cope with suicide and suicide related events in a healthy way
