Reaching A New Generation Strategies For Tomorrows Church:

Reaching a New Generation Alan J. Roxburgh, 1992-12 Our world has changed dramatically in the past quarter century People are losing faith in technology Our society has lost consensus and is dividing into competing tribes Rather than simply condemning these new values Roxburgh calls the church to respond with Christian community Christian ecology and Christian spirituality This fresh and powerful book shows what our new world is like and how the gospel is yet again relevant and redemptive

"A" is for Abductive Leonard I. Sweet, Brian D. McLaren, Jerry Haselmayer, 2003 A playful witty but substantive postmodern ministry for dummies type book that fills the huge and getting huger hunger for something in one volume that introduces basic concepts and vernacular of postmodern ministry

Borderland Churches Gary V Nelson, 2009-01-01 Borderland Churches is a call to embrace the pluralistic post Christian and postmodern culture with a sense of opportunity and hope The author uses the image of the church crossing over into an in between time a place where faith is lived outside the walls of the church engaging the community in incarnational ways To live in that precarious but exhilarating place where faith and other faiths and no faith meet Only individuals and congregations that accept this new reality will be able to carry on Christian ministry in this new cultural situation A TCP Leadership Series title *The Younger Evangelicals*

Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture The Younger Evangelicals explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D s and laypeople to speak in their own words on issues such as communication theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely The Younger Evangelicals is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context

Preaching to a Postmodern World Graham M. Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a Christian worldview than in the past In fact the majority of society does not even believe in objective truth A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country To communicate God s Word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners In Preaching to a Postmodern World Johnston shows pastors seminary students professors lay teachers and church leaders can

reach the present age without selling out to it The book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of God's truth The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance

Faith and Modernity Philip Sampson, Vinay Samuel, Chris Sugden, 2011-08-05 The distinctive social and cultural developments of recent years are so familiar to us as to become invisible So write the editors in the introduction Although no missionaries worth their salt would try to evangelize without first studying the cultural and spiritual background of their hearers the church in the late twentieth century often does not begin to understand modern and postmodern thinking At the second conference of the Lausanne Committee for World Evangelization in Manila 1989 Dr Os Guinness gave a paper on Faith and Modernity which provoked great interest As part of the response to his paper a conference was held in Uppsala Sweden in 1993 at which an international group of experts probed more deeply into the questions of modernity and postmodernity Participants represented the United States Canada India Norway Sweden and the United Kingdom They included such well known experts as Os Guinness James Hunter Lesslie Newbigin Vinay Samuel Elaine Storkey and David Wells Each of them has contributed to this volume covering such topics as What is Modernity Truth and Authority in Modernity Information Technology and Christian Faith New Age Modernity and Spirituality Modernity and Morality This collection of papers is offered as a resource and a challenge to the church for its mission in the context of the modern world

Keep Christianity Weird Michael Frost, 2018-09-04 Jesus is different Go and do likewise Many Christians have become comfortable letting the world mold them instead of being set apart by God And many churches have traded in their biblical roots for complacent conventionality But Jesus and the church are anything but conventional The hallmark of our faith is that it sees the world differently than the world sees itself We are called to be eccentric off center unique different not conformed to the patterns of the world but transformed by the renewing of our minds By the grace of God we are not only dissatisfied by sin but increasingly uncompelled by conventionality So resist the allure of acceptability Get back to the unsafe roots of our faith Be equipped to surprise the world with the Good News it didn't even know it was waiting for Challenge the way things are by living a life that has been truly set free by Christ

Missional Church Daniel L. Guder, 1998-02-09 What would a theology of the Church look like that took seriously the fact that North America is now itself a mission field This question lies at the foundation of this volume written by an ecumenical team of six noted missiologists Lois Barrett Inagrace T Dietterich Darrell L Guder George R Hunsberger Alan J Roxburgh and Craig Van Gelder The result of

a three year research project undertaken by The Gospel and Our Culture Network this book issues a firm challenge for the church to recover its missional call right here in North America while also offering the tools to help it do so The authors examine North America s secular culture and the church s loss of dominance in today s society They then present a biblically based theology that takes seriously the church s missional vocation and draw out the consequences of this theology for the structure and institutions of the church

West Coast Mission Ross A. Lockhart,2024-10-15 Vancouver British Columbia now reports no religion as its leading religious identity putting it in the vanguard of a trend happening across North America What does this mean for the Christian communities that continue to worship work and witness in this mostly secular city West Coast Mission seeks to uncover where Christianity in Vancouver is headed now that it is a minority belief system in the broader culture Drawing on a five year study of fourteen sites including church plants congregations and para church agencies Ross Lockhart describes how Christians in Vancouver are organizing their communities shaping their beliefs and expressing themselves in mission He finds that rather than simply declining Christianity in the city is adapting in response to immigration decolonization pluralism and social crises Christians are focusing on friendship and social connection in a culture that identifies as spiritual not religious on affordable housing as a missional concern on the communal value of environmental stewardship and on sharing the gospel in light of the destructive legacies of colonialism and residential schools West Coast Mission explores the evolving spectrum of religious identity in Vancouver and the significant cultural shifts taking place in how Christian mission and witness are approached in a secular city

Dawn,1999 In this book Marva Dawn insists that churches need to engage in a serious process of community discernment concerning worship in order to employ the best tools and forms and she offers reflections to further the discussion Each part of *A Royal Waste of Time* begins with a sample Scripture based sermon since Dawn emphasizes that the church s worship must follow biblical guidelines and form a biblical people From publisher s description

Preaching Parables to Postmoderns Brian Stiller, 2005-01-01 Preachers in their call to preach the Scriptures are not only charged with the responsibility of speaking its truth but of speaking in such a way that people of this age and culture understand To do this the preacher builds a bridge between today's people and the gospel of both testaments For some this task is more difficult than for others Preaching to those living in an inner city housing project is far removed from an outpost mission in the two thirds world Each community has its own way of thinking and attaches different values to symbols of its own making For those called preach to a generation raised on MTV and late night comedians or those rooted in various economic cultures from government sponsored jobs overseen by union bosses to entrepreneurial dot com companies or generations stretching from high school students to freedom fifty fivers the task is enormous When one adds to that the complexity of a radical shift in underlying intellectual and cultural assumptions the task of preaching becomes even more complicated

Missional (Allelon Missional Series) Alan J. Roxburgh, 2011-03-01 The burgeoning missional church movement is a sign that believers are increasingly feeling the call to impact their communities which is a good thing But says Alan J Roxburgh these conversations still prioritize church success over mission how can being missional grow my church But to focus on such questions misses the point In *Missional* Roxburgh calls Christians to reenter their neighborhoods and communities to discover what the Spirit is doing there to start with God's mission He then encourages readers to shape their local churches around that mission With inspiring true stories and a solid biblical base *Missional* is a book that will change lives and communities as its message is lived out
