Through Vegetal Being Luce Irigaray, Michael Marder, 2016-07-05 Blossoming from a correspondence between Luce Irigaray and Michael Marder Through Vegetal Being is an intense personal philosophical and political meditation on the significance of the vegetal for our lives our ways of thinking and our relations with human and nonhuman beings The vegetal world has the potential to rescue our planet and our species and offers us a way to abandon past metaphysics without falling into nihilism Luce Irigaray has argued in her philosophical work that living and coexisting are deficient unless we recognize sexual difference as a crucial dimension of our existence Michael Marder believes the same is true for vegetal difference Irigaray and Marder consider how plants contribute to human development by sustaining our breathing nourishing our senses and keeping our bodies and minds alive They note the importance of returning to ancient Greek tradition and engaging with Eastern teachings to revive a culture closer to nature As a result we can reestablish roots when we are displaced and recover the vital energy we need to improve our sensibility and relation to others This generative discussion points toward a more universal way of becoming human that is embedded in the vegetal world

Last Tape on Stage in Translation Burç İdem Dinçel, 2011-11-15 Samuel Beckett's theatrical works maintain a prominent position within contemporary theatre His plays provide a prodigious potential to study several forms of acting staging and dramaturgy as well as language and translation thereby setting a fertile ground to tackle the problematic issue of the relationship between theatre criticism and theatre translation criticism That is precisely what this study examines by drawing attention to the fundamental characteristics of translated theatre texts as blueprints for productions and taking several aspects into account from directing to acting from staging to performance together with the language factor To that end Burç İdem Dinçel focuses on one of Beckett's most significant plays namely Krapp's Last Tape situating it within the author's oeuvre and along the way scrutinising not only the theatrical pieces but also the prose By looking into the Turkish translations and productions of the play this book brings forth a new dimension into approaching theatre through translation
