**Parenting** Marc H. Bornstein, 2005-02-16 Completely revised and expanded from four to five volumes this new edition of the Handbook of Parenting appears at a time that is momentous in the history of parenting Parenting and the family are today in a greater state of flux question and redefinition than perhaps ever before We are witnessing the emergence of striking permutations on the theme of parenting blended families lesbian and gay parents and teen versus first time moms and dads One cannot but be awed on the biological front by technology that now not only renders postmenopausal women capable of childbearing but also presents us with the possibility of designing babies Similarly on the sociological front single parenthood is a modern day fact of life adult child dependency is on the rise and parents are ever less certain of their own roles even in the face of rising environmental and institutional demands that they take increasing responsibility for their offspring The Handbook of Parenting concerns itself with different types of parents mothers and fathers single adolescent and adoptive parents basic characteristics of parenting behaviors knowledge beliefs and expectations about parenting forces that shape parenting evolution genetics biology employment social class culture environment and history problems faced by parents handicap marital difficulties drug addiction and practical concerns of parenting how to promote children's health foster social adjustment and cognitive competence and interact with school legal and public officials Contributors to the Handbook of Parenting have worked in different ways toward understanding all these diverse aspects of parenting and all look to the most recent research and thinking in the field to shed light on many topics every parent wonders about Each chapter addresses a different but central topic in parenting each is rooted in current thinking and theory as well as classical and modern research in that topic each has been written to be read and absorbed in a single sitting In addition each chapter follows a standard organization including an introduction to the chapter as a whole followed by historical considerations of the topic a discussion of central issues and theory a review of classical and modern research forecasts of future directions of theory and research and a set of conclusions Of course contributors own convictions and research are considered but contributions to this new edition present all major points of view and central lines of inquiry and interpret them broadly The Handbook of Parenting is intended to be both comprehensive and state of the art As the expanded scope of this second

edition amply shows parenting is naturally and closely allied with many other fields      *Nurturing Talent in High School* Laurence J. Coleman, 2005 This is a fascinating chronicle of the lives of academically talented and gifted adolescents living in a special residential public high school The author who lived as a resident in the school's dormitory provides rare insights on how environment and potential talent interact inside a school to impact identity talent and advanced development By exploring the special context of the school this volume shows how the combination of rigorous academics and living with other talented children can create a high energy environment that accelerates the pace of development although many students may be unprepared to keep pace they do examines in depth issues of equity and excellence status and identity depicts a high school where equity and excellence co exist and offers an explanation for this unusual phenomenon in American high schools offers valuable information that can be applied to a variety of gifted and talented programs and other specialized learning environments and exemplifies a distinctive dedication to qualitative research methods setting a new standard for conducting such research      **Multicultural Gifted Education** Donna Y. Ford, J. John Harris, 1999-04-09 Explores issues involved in gifted programs for minority students such as curriculum and instruction ethics counseling family involvement and several other concerns and includes case studies scenarios and sample activities      **Able Underachievers** Diane Montgomery, 2000-10-30 This text is a discussion of how to deal with able underachievers in education It concludes that teaching and learning methods need to be modified to become learning oriented and centred rather than subject oriented and teacher centred      *Exceptionally Gifted Children* Miraca U. M. Gross, 2004 Miraca Gross award winning 20 year long study of 60 young people of IQ 160 continues in this revised and updated new edition      Teaching Children Science Joseph Abruscato, 1992      **Underserved Gifted Populations** Joan F. Smutny, 2003 An examination of such factors as environment culture age and gender that have made gifted students either invisible or unqualified for special services It explores the problems these target populations face and discusses creative strategies for identification and instruction

**Handbook of Parenting: Children and parenting** Marc H. Bornstein, 1995 V 1 Children and parenting v 2 Biology and ecology of parenting v 3 Status and social conditions of parenting v 4 Applied and practical parenting      *Educating Students with High Ability* Catherine Clark, Bruce M. Shore, 2004 Perceived to be academically successful highly able or gifted children often appear not to require much teacher assistance and subsequently are given less attention However these students do have needs and this book seeks to explain what these are and ways in which teachers can begin to meet them even when working in difficult circumstances with little support This revised second edition includes chapters on identification of high ability and the impact of that identification unrecognized ability teaching methods underachievement student teacher relations organisation of learning gender and culture general advice to teachers parental and community involvement
