# Reactionary Essays On Poetry And Ideas

**Robert H. Brinkmeyer**

## Reactionary Essays On Poetry And Ideas:

*Reactionary Essays on Poetry and Ideas* Allen Tate, 1936 Essays concerning American poetry John Donne Elizabethan satire and other topics      **Allen Tate and His Work** Radcliffe Squires, 1972-01-01      **The Poetics of Palliation** Brittany Pladek, 2019 The Poetics of Palliation argues that Romanticism developed richer literary therapies than its contemporary reception remembers By reading Romantic writers against Georgian medical ethics Poetics recovers their models of literature as comfort and sustenance challenging a health humanities tradition that sees literary therapy primarily as cure

**Poetry and the Public** Joseph Harrington, 2002-06-03 An informative account of the social meaning of poetry in the 20th century US      **Approaches to Organic Form** F.R. Burwick, 2012-12-06 Frederick Burwick's modest but comprehensive and insightful introduction is preface enough to these sensible essays in the history and philosophical criticism of ideas If we want to understand how some inquiring and intelligent thinkers sought to go beyond mechanism and vitalism we will find Burwick's labors of assembling others and reflecting on his own part to be as stimulating as anywhere to be found And yet his initial cautious remark is right approaches not attainments The problems associated with clarifying matter and form are still beyond any consensus as to their solution Even more do we recognize the many forms and meanings of form and this is so even for organic form That wise scientist philosopher engineer Lancelot Law Whyte struggled in a place neighboring to Burwick's and his essay of thirty years ago might be a scientist's preface to Burwick and his colleagues see Whyte S Accent on Form N Y Harper 1954 and his Symposium of 1951 Aspects of Form London Percy Lund Humphries 1951 and Indiana University Press 1961 itself arranged in honor of D Arcy Thompson's classical monograph On Growth and Form Philosophy and history of science must deal with these issues and with the mixture of hard headedness and imagination that they demand      *The Oxford Companion to Modern Poetry in English* Jeremy Noel-Tod, Ian Hamilton, 2013-05-23 This impressive volume provides over 1 700 biographical entries on poets writing in English from 1910 to the present day including T S Eliot Dylan Thomas and Carol Ann Duffy Authoritative and accessible it is a must have for students of English and creative writing as well as for anyone with an interest in poetry      *God and the American Writer* Alfred Kazin, 2013-09-11 God and the American Writer does more to illuminate the fundamental purposes and motivations of our greatest writers from Hawthorne to Faulkner than any study I have read in the past fifty five years that is since the same author's On Native Grounds Louis S Auchincloss This is the culminating work of the finest living critic of American literature Alfred Kazin brings a lifetime of thought and reading to the triumphant elucidation of his fascinating and slippery subjects what the meaning of God has been for American writers and how those writers from the New England Calvinists to William Faulkner have expressed it In a series of trenchant critical studies of writers as divergent as Hawthorne Melville Emerson Lincoln Whitman Dickinson Twain William James Eliot Frost and Faulkner Kazin gives a profound sense of each and his quotations from their works are artfully chosen to pursue the main theme The centerpiece of the book is the reflection in American writing of the great American

tragedy the Civil War so deeply involved in the whole complex issue of religion in America An enthralling book by a major writer This is a book about the place of God in the imaginative life of a country that for two centuries countenanced slavery and then engaged in a fratricidal war to end it For Americans no subject is more compelling or in its entanglement with the deepest roots of the national soul more terrible And no one has ever written as incisively as movingly or as unforgivingly about it as Alfred Kazin has here Louis Menand In the era of willful obfuscation Alfred Kazin is the good clear word a brilliant scholar and an original reader His latest book *God and the American Writer* which comes fifty five years after *On Native Grounds* proves he has lost nothing and gives us everything he has David Remnick American writers have been born into all sorts of religious sects but have had to struggle in solitude to make sense of God Alfred Kazin a cosmos unto himself has written brilliantly and affectingly of how a dozen or so of our finest authors poets novelists philosophers and one president endured and illuminated that struggle Kazin is sometimes passionate even fierce especially in his discussions of slavery and of his hero and mine Abraham Lincoln But as ever Kazin s writing is tempered by an enormous American empathy and by his sense of irony about our country and its spiritual predicaments Spare sharp and immensely learned *God and the American Writer* is the most moving volume of criticism yet by our greatest living critic Sean Wilentz     [The Value of Emily Dickinson](#) Mary Loeffelholz,2016-06-23 This is the first compact introduction to Emily Dickinson to focus principally on her poems and their significance to readers It addresses the question of literary value considering current controversies over whether Dickinson s writings are best appreciated as visual works or as rhymed and metered poems intended for the ear     **The Lyric Theory Reader** Virginia Walker Jackson,Yopie Prins,2014-02 Reading lyric poetry over the past century The Lyric Theory Reader collects major essays on the modern idea of lyric made available here for the first time in one place Representing a wide range of perspectives in Anglo American literary criticism from the twentieth and twenty first centuries the collection as a whole documents the diversity and energy of ongoing critical conversations about lyric poetry Virginia Jackson and Yopie Prins frame these conversations with a general introduction bibliographies for further reading and introductions to each of the anthology s ten sections genre theory historical models of lyric New Criticism structuralist and post structuralist reading Frankfurt School approaches phenomenologies of lyric reading avant garde anti lyricism lyric and sexual difference and comparative lyric Designed for students teachers scholars poets and readers with a general interest in poetics this book presents an intellectual history of the theory of lyric reading that has circulated both within and beyond the classroom wherever poetry is taught read discussed and debated today     *Authors and Authority* Patrick Parrinder,1991 One of the great paradoxes of modern times is that the more scientists understand the natural world the more we discover that our everyday beliefs about it are wrong Neil F Comins has identified and classified by origin and topic over 1 700 commonly held misconceptions about the universe He presents the reader with the tools needed to probe erroneous notions so that we can begin to question for ourselves and to think more like scientists     [Imagining Our Time](#) Lewis P.

Simpson, 2007-01-01 Lewis P Simpson towers among scholars of American literary studies as an intellectual historian of the South and American literary culture and a revered essayist His last book *Imagining Our Time* offers a wide ranging erudite and enlightening look at the culture of letters in American society Primarily through an examination of the works of some of the leading writers of the twentieth century many of whom Simpson knew intimately this final volume provides insight into the struggles and concerns unique to prominent American thinkers literary artists and critics contemporary to his own lifetime Often moving from an intriguing anecdote or recollection to a rigorous discussion of ideas Simpson s style is captivating He begins with speculation on Eric Voegelin s interest in Julien Benda s polemic *La Trahison des Clercs* and follows with thoughts on the declining faith in the university as an embodiment of humanistic letters and learning surveying the American Republic as far back as Benjamin Franklin In successive chapters Simpson pays tribute to Malcolm Cowley as a hero of the literary art and probes Robert Penn Warren s fixation with Thomas Jefferson as manifested in the writing and complete rewriting of *Brother to Dragons* He ruminates on the vocation of the critic as practiced by Lionel Trilling and Diana Trilling and the literary and cultural politics of the 1930s Brief portraits of Andrew Lytle and Louis D Rubin Jr appear as well as a poignant argument for the autobiographical cast of Eudora Welty s writing A lengthy riveting consideration of Simpson s friend Walker Percy and Percy s quest for identity as a modern Christian novelist alienated from the society around him forms the core of the volume Fred Hobson s introduction fittingly rounds out *Imagining Our Time* offering an intimate appreciation of Lewis Simpson who will remain a giant among scholars of southern literary studies

*A Study Guide for Emily Dickinson's "Because I Could Not Stop for Death"* Emily Dickinson, *CliffsNotes on American Poets of the 20th Century* Mary Ellen Snodgrass, 2015-12-08 This literary companion carries you into the lives and poetic lines of 41 of America s most admired poets from the last century From popular favorites such as Robert Frost and Carl Sandburg to the more esoteric T S Eliot and Ezra Pound this handbook also introduces you to living poets such as Rita Dove who are still inscribing their places in literary history The book opens with an approach to analyzing poetry and each author specific chapter includes sections devoted to Chief Works Discussion and Research Topics and a Selected Bibliography Complete list of authors covered in this comprehensive guide Edgar Lee Masters Edward Arlington Robinson Robert Frost Amy Lowell Carl Sandburg Wallace Stevens William Carlos Williams Ezra Pound Hilda Doolittle H D Robinson Jeffers Marianne Moore T S Eliot John Crowe Ransom Edna St Vincent Millay Jean Toomer Louise Bogan Hart Crane Allen Tate Sterling Brown Langston Hughes Count e Cullen Elizabeth Bishop John Berryman Randall Jarrell Gwendolyn Brooks Robert Lowell Richard Wilbur James Dickey Denise Levertov A R Ammons Allen Ginsberg W S Merwin James Wright Anne Sexton Adrienne Rich Sylvia Plath Amiri Baraka Wendy Rose Joy Harjo Rita Dove Cathy Song

*The Cultural Politics of the New Criticism* Mark Jancovich, 1993-11-26 Mark Jancovich examines the development of the New Criticism during the late 1920s and early 1930s and its establishment within the academy

*The Fourth Ghost* Robert H. Brinkmeyer, 2009 In the 1949 classic *Killers of the*

Dream Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H Brinkmeyer Jr extends Smith's work by adding a fourth ghost lurking in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar *The Fourth Ghost* offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development *The Literature of the American People* Arthur Hobson Quinn, 1951 *A Political Companion to Ralph Waldo Emerson* Alan M. Levine, Daniel S.

Malachuk, 2011-09-16 From before the Civil War until his death in 1882 Ralph Waldo Emerson was renowned and renounced as one of the United States most prominent abolitionists and as a leading visionary of the nation's liberal democratic future Following his death however both Emerson's political activism and his political thought faded from public memory replaced by the myth of the genteel man of letters and the detached sage of individualism In the 1990s scholars rediscovered Emerson's antislavery writings and began reviving his legacy as a political activist *A Political Companion to Ralph Waldo Emerson* is the first collection to evaluate Emerson's political thought in light of his recently rediscovered political activism What were Emerson's politics *A Political Companion to Ralph Waldo Emerson* authoritatively answers this question with seminal essays by some of the most prominent thinkers ever to write about Emerson Stanley Cavell George Kateb Judith N Shklar and Wilson Carey McWilliams as well as many of today's leading Emerson scholars With an introduction that effectively destroys the pernicious myth about Emerson's apolitical individualism by editors Alan M Levine and Daniel S Malachuk this volume

reassesses Emerson's famous theory of self-reliance in light of his antislavery politics demonstrates the importance of transcendentalism to his politics and explores the enduring significance of his thought for liberal democracy Including a substantial bibliography of work on Emerson's politics over the last century *A Political Companion to Ralph Waldo Emerson* is an indispensable resource for students of Emerson American literature and American political thought as well as for those who wrestle with the fundamental challenges of democracy and liberalism *Lines of Thought* Paul Scott Derrick, 2017-07-26 This book brings together twelve essays published between 1983 and 2015 They reveal the author's continuing interest in what is argued here to be the central although subversive and recessive line of thinking in American and western society This romantic thread is followed mainly from Ralph Waldo Emerson through Emily Dickinson to Martin Heidegger and Stanley Cavell Este libro re-ne-doce ensayos publicados entre 1983 y 2015 que revelan el continuo inter-s del autor en lo que se argumenta aqu como la lnea de pensamiento central aunque subversiva y no dominante de la sociedad americana y occidental Este hilo rom-ntico es seguido principalmente desde Ralph Waldo Emerson hasta Martin Heidegger y Stanley Cavell pasando por Emily Dickinson Allen Tate Thomas A. Underwood, 2021-04-13 Despite his celebrity and his fame a series of literary feuds and the huge volume of sources have until now precluded a satisfying biography of Allen Tate Anyone interested in the literature and history of the American South or in modern letters will be fascinated by his life Poetry readers recognize Tate whom T. S. Eliot once called the best poet writing in America as the author of some of the twentieth century's most powerful modernist verse Others know him as a founder of *The Fugitive* the first significant poetry journal to emerge from the South Tate joined William Faulkner and others in launching what came to be known as the Southern Literary Renaissance In 1930 he became a leader of the Southern Agrarian movement perhaps America's final potent critique of industrial capitalism By 1938 Tate had departed politics and written *The Fathers* a critically acclaimed novel about the dissolution of the antebellum South He went on to earn almost every honor available to an American poet His fatherly mentoring of younger poets from Robert Penn Warren to Robert Lowell and of southern novelists including his first wife Caroline Gordon elicited as much rebellion as it did loyalty Long awaited and based on the author's unprecedented access to Tate's personal papers and surviving relatives *Orphan of the South* brings Tate to 1938 It explores his attempt first through politics and then through art to reconcile his fierce talent and ambition with the painful history of his family and of the South Tate was subjected to and also perpetuated fictional interpretations of his ancestry He alternately abandoned and championed Southern culture Viewing himself as an orphan from a region where family history is identity he developed a curious blend of spiritual loneliness and ideological assuredness His greatest challenge was transforming his troubled genealogy into a meaningful statement about himself and Southern culture as a whole It was this problem that consumed Tate for the first half of his life the years recorded here This portrait of a man who both made and endured American literary history depicts the South through the story of one of its treasured ambivalent and sometimes wayward sons Readers will gain

a fertile understanding of the Southern upbringing education and literary battles that produced the brilliant poet who was Allen Tate

Feminisms Robyn R. Warhol, Diane Price Herndl, 1997 In the landmark 1991 edition of Feminisms Robyn Warhol and Diane Price Herndl assembled the most comprehensive collection of American and British feminist literary criticism ever to be published In this revised edition the editors have updated the volume in keeping with the expanded parameters of feminist literary discourse With the inclusion of more than two dozen new essays along with a major reorganization of the sections in which they appear Warhol and Price Herndl have again established the measure for representing the latest developments in the field of feminist literary theory Believing that the feminist movement can only move forward where difference commands attention not dismissal or negativism they have continued the original collection's mission of providing a multiplicity of perspectives and approaches This anthology contains three new sections Conflict Gaze and Practice and includes more selections by and about women of color and lesbians Aimed at academics and the general public alike this collection is an indispensable guide to the range of practice on campus today in the field of feminist literary criticism
