# Read Better, Read Faster

A new approach to efficient reading

Manya and Eric De Leeuw

Paper work and reading matter are threatening to engulf modern society. People in every walk of life find it necessary not only to cope with their professional papers, and to follow their 'trade interest', but to absorb the increasing daily and weekly rounds of newspapers, magazines, periodicals and books. Expanding knowledge means more to read and less time in which to do it.

# Read Better Read Faster A New Approach To Efficient Reading

## **Read Better Read Faster A New Approach To Efficient Reading:**

**Read Better, Read Faster** Manya De Leeuw, Eric De Leeuw, 1965     Read better, read faster: a new approach to efficient reading E. DE LEEUW, 1990     **Read Better, Read Faster** Manya De Leeuw, 1981     Reading and Comprehension Leigineni B. Lakshmi, 2010 The Reading efficiency of individuals will be effected by vocalisation sub vocalisation head movements supports word for word and regression Identifying the importance of speed reading with comprehension this experimental study was taken up to verify the efficiency of speed reading comprehension of student teachers     Beginning University Andrew Wallace, Tony Schirato, 2020-09-10 Get good marks for your essays and assignments Learn to think and write clearly Find the information you need easily Do you want to make the most of your time at university Beginning University shows you how to develop the skills you need in order to succeed at university and later on Step by step the authors explain how to think critically create an argument and present your ideas well both in writing and in oral presentations They show you how to read effectively and take good notes and how to plan your work They also look at how to get the most out of your lectures and tutorials and give you handy research tips Questions and activities at the end of each chapter help you practise what you have learnt Beginning University provides a head start to studying at university and can be used by students in any subject Don t wait till it s too late     **SENSE THINK ACT** Stefan Szczelkun, 2018-03-03

How to Study Joan Turner, 2002-04-10 This book is a must read for all students trying to grapple their way through and somehow finish college Sharada Prahladrao The Decan Herald Any student can improve their learning in higher education if they want to and the aim of this guide is to help you along this route not by claiming there is only one right way to do things but by building awareness of different approaches attitudes and strategies Key to this is the notion of active learning which is highlighted throughout the book with the acronym ASCERTAIN whose individual letters signal a range of different strategies and attitudes relevant in different contexts Throughout there is an awareness that among the different cultures students participate in academic culture has its own set of values which academic staff tend to take for granted but which students may need to have a greater awareness of and build into your thinking and working SAGE Study Skills are essential study guides for students of all levels From how to write great essays and succeeding at university to writing your undergraduate dissertation and doing postgraduate research SAGE Study Skills help you get the best from your time at university Visit the SAGE Study Skills hub for tips resources and videos on study success     **Decision-Making for Schools and Colleges** Dean F. Juniper, 2014-05-18 Decision Making for Schools and Colleges contains activities and exercises designed to present decision making principles to pupils and college students and guide them in their life choices This book is divided into 16 units that cover the principles limitations and objectives of various decision making programs The opening units of this book provide the participants of the decision making program the means to discriminate between important and unimportant decisions and a glimpse of decision making in a wider than vocational frame These topics are followed by the

interrelationship between the aims interests and value of the program The subsequent units present certain aspects of information and decision theories and their applications to the construction of Expectancy Tables These units also provide simulated experiences that may or may not be directly applicable to participants eventual job choices This book also deals with the value of consistent yardsticks for testing information of the written kind and checklist instruments of this kind in vocational and personal decision making Other units present the methods of judging a range of alternative courses of action based on their relation to the values and interests of the person who has to take a decision between them Another unit focuses on various stages of contingency planning together with their interconnections and the limits of the strategy Some important and negligible consequences of decisions are tackled based on experiments personal histories and structured discussions The concluding units deal with the structure of a considered decision in terms of the aim information and decision

**Mind Skills for Managers** Samuel A. Malone,1997 Sam Malone mixes down to earth ideas with techniques such as Mind Maps checklists step by step rules acronyms and mnemonics to provide an entertaining easy to use guide to improving your management techniques by unleashing the full power of your mind The skills in this book need to be practised The best approach is to take one idea at a time and apply it By following the book you will learn a whole range of mind skills and be rewarded by measurable improvements in your performance

**A Programmed Course in Cataloguing and Classification** Albert Frederick Johnson,1968 **Reading to Learn** Frederick Dalby Flower,1969 Glottodidactica,1982

**Harvard Educational Review** Howard Eugene Wilson,1966 The Harvard Educational Review is a journal of opinion and research in the field of education Articles are selected edited and published by an editorial board of graduate students at Harvard University The editorial policy does not reflect an official position of the Faculty of Education or any other Harvard faculty Volume 81 Number 2 Summer 2011 *Kwartalnik neofilologiczny*,1983
