Advisory Jessica E. Moyer, 2008-03-17 Written by RA expert Jessica Moyer with contributions from leading RA luminaries Research Based Readers Advisory approaches research from two vantage points the Research Review provides an expert overview of new research and the Librarian's View written by RA experts discusses practical issues **Staff Engagement in Readers' Advisory Service in the Public Library** JoAnna M. Phillips, 2023 Readers advisory a library service where

library workers connect patrons with their next read has historically been considered a core responsibility of public library workers. Competing and increasing priorities along with a long held preference for reference work has resulted in many library workers feeling less confident and engaged with readers advisory work. This critical research study sought to better understand how if at all public library staff engaged with readers advisory services and how if at all library leadership could support front line staff provide this service. Additionally this study sought to better understand the relationship between library administration and the professional development needs of front line staff through a networked care Barnes 2015 lens. In this two phase qualitative action research study participants at a multi location public library system in Northeast Ohio were surveyed and interviewed about their confidence and engagement with readers advisory. Findings indicated that few library workers utilized established purchased readers advisory resources such as journals and databases and instead relied on crowd sourcing and peer assistance. Findings also indicated an ambiguity with readers advisory best practices and professional development in general. Support in the form of time money and staffing aligned in the interviews with prior research. A multiple phase professional development intervention plan was designed and outlined in the final chapter of this work. The professional development plan focused on shoring up the skills of existing library staff while providing an outline for onboarding new employees to this work. Using a combination of organization created resources database purchased resources and a subject matter expert this intervention approach could be used in other organizations. **Readers'**

Advisory Service in North American Public Libraries, 1870-2005 Juris Dilevko, Candice F.C. Magowan, 2007-02-13
Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries. By 2005 almost every public library in the United States and Canada offered some form of readers advisory service. The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons. This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service. The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form. The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose. During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading. The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers. Historical analysis case studies and statistical charts augment the book's central argument. **The Readers' Advisory Guide to Genre Fiction, Second Edition** Joyce G. Saricks, 2009-01-01.
