## Reading Digital Culture:

Reading Digital Culture David Trend, 2001-02-08 Computer technology has transformed many fundamental parts of life how we work and play how we communicate and consume how we create knowledge and learn even how we understand politics and participate in public life Reading Digital Culture is a comprehensive collection of the most influential essays on digital media written in recent years *Reading and Writing Skills: Cognitive, Emotional, Creative, and Digital Approaches* María Isabel de Vicente-Yagüe Jara, Elena Jiménez-Pérez, Pedro García Guirao, Olivia López Martínez, 2023-12-14 **Digital Culture** Charlie Gere, 2002 During the last twenty years digital technology has begun to touch on almost every aspect of our lives Nowadays most forms of mass media television recorded music and film are produced and even distributed digitally and these media are beginning to converge with digital forms such as the internet the World Wide Web and video games to produce a seamless digital mediascape At work we are surrounded by technology whether in offices or in supermarkets and factories where almost every aspect of planning design marketing production and distribution is monitored or controlled digitally In Digital Culture Charlie Gere articulates the degree to which our everyday lives are becoming dominated by digital technology whether in terms of leisure work or bureaucracy This dominance is reflected in other areas including the worlds of finance technology scientific research media and telecommunications Out of this situation a particular set of cultural responses has emerged for example in art music design film literature and elsewhere This book offers a new perspective on digital culture by examining its development and reveals that despite appearances it is neither radically new nor ultimately technologically driven The author traces its roots to the late 18th century and shows how it sprang from a number of impulses including the information needs of industrial capitalism and contemporary warfare avant garde artistic practice counter cultural experimentation radical philosophy and sub cultural style It is these conditions that produced both digital technology and digital culture and which have determined how they develop **Situating Scandinavian Poetry in the Computational Network Environment** Hans Kristian Strandstuen Rustad, 2023-09-05 How to grasp poetry in its contemporary digital situation a situation wherein poetry travels across digital and analogue media platforms and intended or not collaborates with computers Situating Scandinavian Poetry in the Computational Network environment investigates how heterogeneous forms of poetry in Scandinavia interact with and work in a digital media environment how digital programmable and network media intervene with and shape new poetic forms or remediate older forms of poetry and how digital and digitalized poetry through its self reflexivity sheds light on digital media technology and its role for poetry and potentially for literature and aesthetics more in general In doing so it also argues for the importance of close reading poetry in digital media It includes an historical and theoretical approach to poetry in digital media and analysis of poetic works in Scandinavia The book is written within the framework of posthumanism and what N Katherine Hayles calls technogenesis and makes up the argument that contemporary poetry constitutes and is constituted by a computational network environment of

human and non human subjects wherein poems travels in an egalitarian media ecology The book is relevant for researchers and students in the field of poetry students and researchers in the field of literary studies media studies and digital culture studies and teachers interested in presenting newer forms of poetry for their students      **Electronic Literature in Latin America**

Claire Taylor,2019-11-22 This book explores one of the most exciting new developments in the literary field to emerge over recent decades the growing body of work known as electronic literature comprising literary works that take advantage of the capabilities of digital technologies in their enactment Focussing on six leading authors within Latin o America whose works have proved pioneering in the development of these new literary forms the book proposes a three fold approach of aesthetics technologicis and ethics as a framework for analyzing digital literature      *Socializing the Classroom*

Susan B. Barnes,2012-01-01 Socializing the Classroom Social Networks and Online Learning by Susan B Barnes examines how social media can be used in education through two research grants and real world applications Barnes analyzes social media including Facebook Courseware and Second Life while providing a theoretical foundation for examining social software A new generation of students is surrounded by digital technologies leading scholars and teachers to consider virtual worlds to engage students By bringing together human computer interaction theories with social theory Socializing the Classroom creates a theoretical foundation for future research in the area of social media online learning technologies and the development of social networks Readers will gain a better understanding of how students use online learning environments to communicate task oriented messages and maintain social interactions This is an essential text for scholars students and those interested in social networks and the implementation of technology in education      **Social Reading**

**Cultures on BookTube, Bookstagram, and BookTok** Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni,2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube Bookstagram and BookTok as an increasingly important influence on contemporary book and literary culture It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices bookish social media has elevated the agency and visibility of readers and book consumers within literary culture It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture Concise and accessible this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature sociology media and cultural studies as well as teachers and professionals in the book and library industries      **Cultural Production in Virtual and Imagined Worlds**

Tracey Bowen, Mary-Lou Nemanic,2009-12-14 Cultural Production in Virtual and Imagined Worlds foregrounds how the two important fields of visual culture and Internet culture interact This collection of essays explores the intersections overlaps

and disparities in terms of how the two discourses illuminate our everyday negotiations as we become increasingly dependent on the Internet and virtual visual imaginings for constructing who we are What is being examined here are the ways in which we use visual virtual lenses to see the world both individually and collectively This book represents a transnational effort that began as a series of conversations during the Mid Atlantic Popular American Culture conferences from 2005 2009 The editors a Canadian and an American have included contributors across national and geographic contexts Cultural Production is aimed at raising questions crossing borders and presenting points of departure for future scholarship in the relatively new and very rapidly changing disciplines of visual and virtual cultures Our critical approach to this study includes viewing Internet images as contested sites of cultural activity and also as sites that advance ideologies related to cultural transformation

**Reading Audio Readers** Karl Berglund, 2024-01-11 The first computational study of reading to focus on audiobooks this book uses a unique and substantial set of reader consumption data to show how audiobooks and digital streaming platforms affect our literary culture Offering an academic perspective on the kind of user data hoard we associate with tech companies it asks when it comes to audiobooks what do people really read and how and when do they read it Tracking hundreds of thousands of readers on the level per user and hour Reading Audio Readers combines computational methods from cultural analytics with theoretical perspectives from book history publishing studies and media studies In doing so it provides new insights into reading practices in digital platforms the effects of the audiobook boom and the business models for book publishing and distribution in the age of streamed audio

*Reading in a Participatory Culture* Henry Jenkins, Wyn Kelley, 2015-04-18 Building on the groundbreaking research of the MacArthur Foundation's Digital Media and Learning initiative this book crosses the divide between digital literacies and traditional print culture to engage a generation of students who can read with a book in one hand and a mouse in the other Reading in a Participatory Culture tells the story of an innovative experiment that brought together playwright and director Ricardo Pitts Wiley Melville scholar Wyn Kelley and new media scholar Henry Jenkins to develop an exciting new curriculum to reshape the middle and high school English language arts classroom This book offers highlights from the resources developed for teaching Herman Melville's Moby Dick and outlines basic principles of design implementation and assessment that can be applied to any text

**Latin American Cyberculture and Cyberliterature** Claire Taylor, Thea Pitman, 2007-12-01 This collection of critical essays investigates an emergent and increasingly important field of cultural production in Latin America cyberliterature and cyberculture in their varying manifestations including blogs and hypertext narratives collective novels and e mags digital art and short Net films Highly innovative in its conception this book provides the first sustained academic focus on this area of cultural production and investigates the ways in which cyberliterature and cyberculture in the broadest sense are providing new configurations of subjects narrative voices and even political agency for Latin Americans The volume is divided into two main sections The first comprises eight chapters on the broad area of cyberculture and identity formation preservation

including the development of different types of cybercommunities in Latin America While many of the chapters applaud the creative potential of these new virtual communities identities and cultural products to create networks across boundaries and offer new contestatory strategies they also consider whether such phenomena may risk reinforcing existing social inequalities or perpetuate conservatism The second section comprises six chapters and an afterword that deal with the nature of cyberliterature in all its many forms from the cyber cultural legacies of writers such as Julio Cortázar and Jorge Luis Borges to traditional print literature from the region that reflects on the subject of new technology to weblogs and hypertext and hypermedia fiction proper

**The SAGE Handbook of Identities** Margaret Wetherell, Chandra Talpade Mohanty, 2010-04-14 Increasingly identities are the site for interdisciplinary initiatives and identity research is at the heart of many transdisciplinary research centres around the world No single social science discipline owns identity research which makes it a difficult topic to categorize The SAGE Handbook of Identities systematizes this complex field by incorporating its interdisciplinary character to provide a comprehensive overview of its themes in contemporary research while still acknowledging the historical and philosophical significance of the concept of identity Drawing on a global scholarship the Handbook has four parts Part 1 Frameworks presents the main theoretical and methodological perspectives in identities research Part 2 Formations covers the major formative forces for identities such as culture globalisation migratory patterns biology and so on Part 3 Categories reviews research on the core social categories which are central to identity such as ethnicity gender sexuality disability and social class and intersections between these Part 4 Sites and Context develops a series of case studies of crucial sites and contexts where identity is at stake such as social movements relationships and family life work places and environments and citizenship

**Excess and Masculinity in Asian Cultural Productions** Kwai-Cheung Lo, 2010-08-04 In *Excess and Masculinity in Asian Cultural Productions* Kwai Cheung Lo explores the excesses associated with the phenomenal economic growth in East Asia including surplus capital environmental waste and the unbalanced ratio of men to women in the region connecting the production of capitalist excess to the production of new forms of transnational Asian masculinity Lo draws on Lacanian psychoanalysis and Marxist ideas as well as gender theory in his examination of East Asian cultural products such as religious and parenting books transgender literary fantasies travel writing gangster movies female action heroes and online games Through this analysis Lo argues that the excess of Asia's masculine modernization throws into relief the internal inconsistencies of capitalism itself posing new challenges to the order of global capitalism and suggesting new possible configurations of global modernity
