**Raising Reading Achievement in Middle and High Schools** Elaine K. McEwan, Elaine K. McEwan-Adkins, 2006-09-26 Strengthen student literacy achievement in middle and high schools In response to the No Child Left Behind Act NCLB raising literacy levels in secondary schools has taken on a new urgency Recognized literacy author Elaine K McEwan focuses her revised second edition on enhancing the five big ideas for raising reading achievement with seven cognitive strategies of

highly effective readers and more than twenty research based teaching for learning tips to infuse into daily content instruction Featuring reflection and discussion questions for reinforcement this indispensable guide demonstrates how to improve students literacy with these five teacher friendly strategies Focus on changing what you can change Teach the students who can't read how to read Teach every student how to read to learn Motivate all students to read more to read increasingly more challenging books and to be accountable for what they read Create a reading culture in your school With new programs designed for adolescent learners this update provides suggestions and developmental tools to effectively strengthen reading curriculum and instruction Reading specialists special education teachers literacy coaches intervention specialists and central office administrators can also use this essential tool for evaluating middle and high school reading programs and formulating school and district improvement goals

Reading Fluency Timothy Rasinski, William Rupley, David Paige, Chase Young, 2021-01-21 Reading fluency has been identified as a key component of proficient reading Research has consistently demonstrated significant and substantial correlations between reading fluency and overall reading achievement Despite the great potential for fluency to have a significant outcome on students reading achievement it continues to be not well understood by teachers school administrators and policy makers The chapters in this volume examine reading fluency from a variety of perspectives The initial chapter sketches the history of fluency as a literacy instruction component Following chapters examine recent studies and approaches to reading fluency followed by chapters that explore actual fluency instruction models and the impact of fluency instruction Assessment of reading fluency is critical for monitoring progress and identifying students in need of intervention Two articles on assessment one focused on word recognition and the other on prosody expand our understanding of fluency measurement Finally a study from Turkey explores the relationship of various reading competencies including fluency in an integrated model of reading Our hope for this volume is that it may spark a renewed interest in research into reading fluency and fluency instruction and move toward making fluency instruction an even more integral part of all literacy instruction
