Anderson,1984-09-04 *Encyclopedia of Curriculum Studies* Craig Kridel,2010-02-16 The study of curriculum beginning in the early 20th century first served the areas of school administration and teaching and was used to design and develop programs of study The field subsequently expanded and drew upon disciplines from the arts humanities and social sciences to examine larger educational forces and their effects upon the individual society and conceptions of knowledge Curriculum studies now embraces an array of academic scholarship in relation to personal and institutional needs and interests while it also focuses upon a diverse and complex dynamic among educational experiences practices settings actions and theories The Encyclopedia of Curriculum Studies provides a comprehensive introduction to the academic field of curriculum studies for the scholar student teacher and administrator This two volume set serves to inform and to introduce terms events documents biographies and concepts to assist the reader in understanding aspects of this rapidly changing expansive and contested field of study Key Features Displays different perspectives by having authors contribute independent essays on the nature and future of curriculum studies Presents a unique and in depth treatment of the Twenty Sixth Yearbook of the National Society for the Study of Education NSSE a 1927 publication that has taken on legendary dimensions for the field of curriculum studies Contains bibliographic entries which feature specific publications by curriculum leaders that helped to define the field Helps readers to learn unfamiliar terms and concepts to become more comfortable with specialized phrases and to understand the many significant and perplexing concepts and questions that characterize the field Key Themes Biography and Prosopography Concepts and Terms Content Descriptions Influences on Curriculum Studies Inquiry and Research Nature of Curriculum Studies Organizations Schools and Projects Publications Theoretical Perspectives Types of Curricula The Encyclopedia of Curriculum Studies offers the careful reader a surprisingly revealing depiction of the conventions mores and accepted research and writing practices of the field of curriculum studies as it continues to expand and change Availability in print and electronic formats provides students

with convenient easy access wherever they may be *Whole Language and the Bilingual Learner* Angela Carrasquillo, Carolyn Hedley, 1993-01-01 In this book authors mesh two philosophies about language the whole language approach that is sweeping across reading learning and current theory of language acquisition pervading the bilingual community The thrust of most bilingual research is that the learner should learn in his own language using natural approaches and then learn English as a second language Typically much of the instruction in languages other than English have used rote methods This book shows how one would learn using an integrated and literacy based approach to language acquisition and development *Elementary Literacy Lessons* Janet C. Richards, Joan P. Gipe, 2012-11-12 Innovative and practical this text helps prepare teachers to support the literacy learning needs of all children in grades K 6 including academically linguistically and culturally diverse students It features original teaching cases written by preservice teachers enrolled in field based reading language arts methods courses accompanied by commentaries written by experienced teacher educators and skilled classroom teachers High interest content and a reader friendly format encourage critical and reflective thinking about topics important to effective literacy instruction By promoting reflection about case issues the text helps prepare future teachers to respond to teaching narratives presented on the practical applications section of the PRAXIS II an examination required in most states for teacher licensure The authentic cases candidly and poignantly describe preservice teachers plans problems hopes disappointments dilemmas and reflective thinking as they address the multilayered complexities and ambiguities associated with learning to teach reading and language arts in elementary classrooms These teaching stories reveal glimpses of literacy instruction and allow us to enter real classrooms and experience the wide varieties of situations that reading language arts teachers encounter daily Although the cases are grouped according to specific dimensions of literacy theory and pedagogy just as in real classrooms other issues are woven through each case as well The commentaries provide scholarly and sometimes contrasting perspectives and approaches through which readers might consider the issues presented in the cases The commentaries represent only particular perspectives but readers are encouraged to explore and consider as many perspectives and issues as possible regarding each case Each chapter includes helpful pedagogical features New or critical concepts and terms listed at the beginning of each chapter alert readers to what might be unfamiliar vocabulary Applications and Reflections pages help readers take an active part in analyzing documenting and talking about the particular issues portrayed in the case narratives Using the questions on these pages the cases and accompanying commentaries can be read and discussed as a whole class activity in small collaborative groups or by individuals The questions can also be used by readers to guide their own case writing initiatives Margin References direct readers to correlated readings for the strategies and parallel concepts mentioned in the cases and commentaries Suggested readings can be discussed within the format of literacy study groups Annotated Bibliographies at the end of each chapter help readers construct more in depth knowledge for the instructional strategies and activities discussed in the teaching cases

The cases commentaries and pedagogical features in this distinctive text provide rich opportunities for readers to discover what they need to know and how they need to think in order to teach reading and language arts effectively and successfully
