**Performing Emotions** Peta Tait,2017-07-05 In *Performing Emotions* Peta Tait's central argument is that performing emotions in realism is also performing gender identity Emotions are phenomena that are performable by bodies which have cultural identities In turn these create cultural spaces of emotions This study integrates scholarship on realist drama theatre and approaches to acting with interdisciplinary theories of emotion phenomenology and gender theory With chapters devoted to masculinity and femininity specifically as well as to emotions generally it investigates social beliefs about emotions through Chekhov's four major plays in translation and English language commentaries on Constantin Stanislavski's direction of the play's first productions and his approaches to acting and Olga Knipper's acting of the central women characters Emotions exists as social relationships they are imagined and embodied as gendered Tait demonstrates how theatrical emotions are predicated on social performances and vice versa In Chekhov's plays which came to dominate a twentieth century theatre of emotions characters interpret their emotions intertextually in relation to other theatrical and fictional narratives of emotions Tait here interrogates these plays as sustained explorations of the inherent theatricality of characters expressing emotions from their phenomenological awareness A theatrical language of gendered interiority is produced in the acting of emotions in Stanislavski's early realistic theatre Alternatively remapping the performances of emotional bodies can destabilise the culturally constructed boundary separating an inner private self and an outer social self in culturally produced geographies of emotions As Tait shows emotions can be performed as indivisible spatialities *Performing Emotions* integrates theories of theatre gender identity and emotion to investigate how sexual difference impacts on the representations of emotions The book develops an accumulative analysis of the meanings of emotions in twentieth century realist drama theatre and acting     Reference Guide to Russian Literature Neil Cornwell,2013-12-02 First Published in 1998 This volume will

Julie W. De Sherbinin,1997 Chekhov and Russian Religious Culture is an innovative study of the Virgin Mary and the saintly harlots Mary of Egypt and Mary Magdalene as a cultural paradigm encoded in Chekhov's prose De Sherbinin establishes the authority of the Marian paradigm in nineteenth century Russian culture with a comprehensive overview of salient religious and literary texts then offers critical readings of more than fifteen Chekhov stories including key works such as Peasants Peasant Women and My Life De Sherbinin argues that Chekhov inverts and displaces the Christian meanings of Marian texts in order to reveal a vast array of problematized relationships to the canonized figures This illuminating semiotic reading of Chekhov explores questions of female identity as it probes the mindset of Russian Orthodox popular culture *A Concept of Dramatic Genre and the Comedy of a New Type* V. Ulea,2002 Applying systems theory to the comedies of Chekhov Balzac Kleist Moliere and Shakespeare A Concept of Dramatic Genre and the Comedy of a New Type Chess Literature and Film approaches dramatic genre from the point of view of the degree of richness and strength of a character's potential Its main focus is to establish a methodology for analyzing the potential from multidimensional perspectives using systems thinking The whole concept is an alternative to the Aristotelian plot based approach and is applied to an analysis of western and eastern European authors as well as contemporary American film This innovative study consists of three parts The first part is mostly theoretical proposing a new definition of the dramatic as a category linked to general systems phenomena and offering a new classification of dramatic genre In the second part Ulea offers a textual analysis of some works based on this new classification She analyzes comedies tragedies and dramas on the same or similar topics in order to reveal what makes

them belong to opposite types of dramatic genre. Additionally, she considers the question of fate and chance with regard to tragedy and comedy from the point of view of the predispositioning theory. In the third part, Ulea explores an analysis of the comedy of a new type, CNT. Her emphasis is on the integration of the part and the whole in approaching the protagonist's potential. She introduces the term quasi-strong potential in order to reveal the illusory strength of protagonists of the CNT and to show the technique of CNT's analysis and synthesis. Ulea's research begins with the notion of the comic, traditionally considered synonymous with the laughable and attempts to approach it as independent from the laughable and laughter. The necessity to do so is dictated by the desire to penetrate the enigmatic nature of Chekhov's comedy. The result is *A Concept of Dramatic Genre and the Comedy of a New Type*. Chess, Literature and Film: a completely new approach to potential and systems thinking, which has never been a focus of dramatic theory before. Such potential is the touchstone of the comic and comedy, their permanent basic characteristic, the heart and axis around which the comedic world spins. Dynamic Acting through Active Analysis Sharon Marie Carnicke, 2022-12-15. In the 21st century, actors face radical changes in plays and performance styles as they move from stage to screen and grapple with new technologies that present their art to ever-expanding audiences. Active Analysis offers the flexibility of mind, body and spirit now urgently needed in acting. Dynamic Acting through Active Analysis brings to light this timely legacy, born during the worst era of Soviet repression and hidden for decades from public view. Part I unfolds like a mystery novel through letters, memoirs and transcripts of Konstantin Stanislavsky's last classes. Far from the authoritarian director of his youth, he reveals himself as a generous mentor who empowers actors with a brand new collaborative approach to rehearsals. His assistant Maria Knebel first bears witness to his forward-looking ideas and then builds the bridge to new plays in new styles through her directing and influential teaching. Part II follows a 21st-century company of diverse actors as they experience the joy of applying Active Analysis to their own creative and professional work. **Beauty and the Beast**, 2020-10-12. 1994 marked the centenary of the deaths of Walter Pater, Christina Rossetti and Robert Louis Stevenson, and *Beauty and the Beast* is largely devoted to an exploration of aspects of their lives and their writings and the role they played in the development of British literature. Both individually and as a group, these writers offer interesting opportunities to investigate a distinctive ambivalence in the literature of the last three decades of the nineteenth century. Thus we may observe how Pater, as the founder of Aestheticism in British literature, addressed the Victorian dilemma: how to live. In Marius the Epicurean, how Rossetti's poetry expresses both spiritual and erotic tendencies, while Stevenson's *The Strange Case of Dr Jekyll and Mr Hyde* is perhaps the epitome of the fin de siècle tension between good and evil, beauty and beast. Yet the scope of this book also includes an examination of the relationships between these three authors and their contemporaries and of their setting on the British Isles as well as on the Continent. Thus George Moore makes his appearance next to Anton Chekhov, Arthur Schnitzler, Oscar Wilde, Alain Fournier and Louis Couperus. The various discussions of these French, German, Russian, Italian, Irish and Dutch connections in this book reflect

the international setting of the European fin de siècle as a background against which the theme of Beauty and the Beast is discussed Contributors are Wim Tigges C C Barfoot Jan Marsh Valeria Tinkler Villani Amanda Gilroy Peter van de Kamp Billie Andrew Inman Laurel Brake Peter Costello Ans Kabel Douglas S Mack Tim Youngs Neil Cornwell Sjef Houppermans Jacques B H Alblas John Stokes Susan de Sola Rodstein [Victorian Women and Wayward Reading](#) Marisa Palacios Knox,2020-10-22 Explains how Victorian women readers strategically identified with literature to defy stereotypes and inspire their action and creativity **The American Theatre Reader** Staff of American Theatre Magazine,2009-05-01 Essential reading for theater professionals and theatergoers alike With over 150 contributors *Dostoevsky's The Gambler* Svetlana Evdokimova,2024-02-02 Fyodor Dostoevsky's novel The Gambler is one of the most profound literary works to treat the phenomenon of gambling with a remarkable depth of psychological analysis and a wide ranging cultural and philosophical exploration of obsessive behavior from addictive gambling to erotic passion This novel delves into the cultural psychological and philosophical issues surrounding games of chance such as temporality freedom rebellion choice uncertainty determinism and creativity This is the first book in English dedicated to The Gambler This volume considers the phenomenon of gambling from a broad interdisciplinary perspective focusing not only on medical and psychological concepts of gambling as pathology but also on the broader cultural philosophical religious and aesthetic aspects of the problem What triggers fascination with risk taking and various aleatory activities What are the relations between gambling play and creativity Can gambling be seen as a form of social or existential rebellion and protest or even a quest for freedom Scholars from a variety of fields including psychiatry psychology philosophy literary studies and musicology have contributed to this volume and analyzed Dostoevsky's view of gambling as a fundamental problem of human existence with implications in the realms of philosophy religion and aesthetics **Russian Writers and the Fin de Siècle** Katherine Bowers,Ani Kokobobo,2015-06-17 Russian literature has a reputation for gloomy texts especially during the late nineteenth century This volume argues that a fin de siècle mood informed Russian literature long before the chronological end of the nineteenth century in ways that had significant impact on the development of Russian realism Some chapters consider ideas more readily associated with fin de siècle Europe such as degeneration theory bieterminism Freudian psychoanalysis or apocalypticism alongside earlier Russian realist texts by writers such as Turgenev Dostoevsky or Tolstoy Other chapters explore the changes that realism underwent as modernism emerged examining later nineteenth century or early twentieth century texts in the context of the earlier realist tradition or their own cultural moment Overall a team of emerging and established scholars of Russian literature and culture present a wide range of creative and insightful readings that shed new light on later realism in all its manifestations *Encyclopedia of Life Writing* Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company *Romantic Legacies* Shun-Liang Chao,John Michael Corrigan,2019-03-06 Romantic Legacies Transnational and Transdisciplinary Contexts presents the most wide ranging treatment of Romantic regenerations covering the cross
