

Reading Comprehension

Read the short passage and answer the questions.

The Dog and the Shadow

It happened that a Dog had got a piece of meat and was carrying it home in his mouth to eat it in peace. Now on his way home, he had to cross a plank lying across a running brook. As he crossed, he looked down and saw his own shadow reflected in the water beneath. Thinking it was another dog with another piece of meat, he made up his mind to have that also. So he made a snap at the shadow in the water, but as he opened his mouth the piece of meat fell out, dropped into the water and was never seen more.

1. What animal was crossing a board?

2. What did the dog have in his mouth?

3. What did the dog see in the running brook?

4. What is the moral of the story?

Reading Comprehension 2 Grade 4:

Children's Reading Comprehension and Assessment Scott G. Paris, Steven A. Stahl, 2005-03-23 Originating in a recent CIERA conference held at the University of Michigan this book brings together the nation's most distinguished researchers to examine how readers understand text and how comprehension is assessed. The first part provides both national and historical contexts for the study of reading comprehension. The second part examines how vocabulary motivation and expertise influence comprehension and it includes analyses of the developmental course and correlates of comprehension. Chapters in the third part consider how schools focus on comprehension for instruction and assessment. The fourth part includes chapters on large scale assessment that analyze how test formats and psychometric characteristics influence measures of reading comprehension. At the end of each part is a commentary written by an expert that reviews the chapters, critiques the main points and synthesizes critical issues. Key features of this outstanding new book include: Integration of Research and Practice provides a bridge between conceptual issues studied by researchers concerned with reading comprehension theories and practical issues addressed by educators concerned with classroom instruction and assessment. Comprehension Focus provides a thorough history and rigorous research based analyses of reading comprehension. Assessment Focus provides innovative approaches to comprehension assessment that include the influences of vocabulary decoding and motivation. Synthetic Commentaries provides periodic summaries that analyze and synthesize research practices and issues discussed in each part. Expertise contributing authors and commentators are highly respected authorities on reading comprehension see table of contents. This text is appropriate for educational and psychological researchers, reading educators and graduate students in education and psychology. It is part of the CIERA series which includes the following volumes: Taylor and Pearson Teaching Reading Effective Schools Accomplished Teachers 2002, Van Kleeck Stahl and Bauer On Reading Books to Children Parents and Teachers 2003, Hoffman and Schallert The Texts in Elementary Classrooms 2005. Reading Assessment Program Guide For Grade 4 Jennifer Katz, 2013-10-28. The series Tools for Instructions and Reading Assessment is a companion piece to Dr Jennifer Katz's book Teaching to Diversity. The series which supports the three block model of universal design for learning offers two instructional guides: A Model Unit and Reading Assessment Program Guide for each grade from 1 to 12. The Reading Assessment Program Guide includes: A guide that focuses on how to assess students progress in reading comprehension and fluency decoding. Accompanying blackline masters and grade specific rubrics. Four levelled Reading Passages to use for assessment throughout the school year.

Fluency and Reading Comprehension in Typical Readers and Dyslexics Readers Simone A. Capellini, Giseli D. Germano, 2018-02-22. Reading involves decoding and comprehension components and to become efficient it requires a large number of cognitive and linguistic processes. Among those the phonological awareness, the alphabetic principle, the decoding, the fluency, the lexical development and the text comprehension development. The reading comprehension is strongly related

with the development of vocabulary oral language linguistic skills memory skills and ability to make inferences and the world experiences of each individual These processes become important only when the professional needs to deal with students presenting difficulties in learning how to read The difficulty using the knowledge of conversion rules between grapheme and phoneme to the word reading construction characterizes the dyslexia which is a specific learning disorder with a neurological source These difficulties presented by students with dyslexia interfere in their learning process impairing the learning development Knowing and following the reading development and its processes as well as obtaining the punctuation of fluency abilities and students comprehension allow us to understand what happens when the student presents difficulties to read This could help in the identification of learning disabilities and in the development of intervention programs
