Red Funnelled Boat:

The Modern Railroad Edward Hungerford,1911 *The Nickums* John Joy Bell,1923 **Titanic and the Mystery Ship** Senan Molony,2011-08-31 As the Titanic was swallowed by a freezing sea over 800 miles from the nearest land her 2 200 passengers and crew attempted desperately to avert tragedy Lifeboats were lowered and constant SOS signals sent but most realised they would require a miracle to avoid their doom And then it came Approaching over the horizon was a ship coming ever closer and then stopping within five or six miles of the Titanic The joy on board the sinking ship was unimaginable the crew even reassured passengers that rescue was imminent Agonisingly however the vessel did not come to the rescue despite rockers of appeal but gradually turned and moved away abandoning over 1 500 people to their fate The search for the Mystery Ship began immediately and both Britain and the USA accused a ship called the Californian of deserting the Titanic in her hour of need But was the Mystery Ship the Californian For the first time this book explores the totality of evidence with the discovery of the Titanic s actual wreck site in 1985 allowing crucial insights not available during official investigations seventy three years earlier Combining a penetrating argument with an extensive collection of archive photographs and materials this book aims to find clear answers to the many riddles of the Titanic s Mystery Ship **The Homestead** ,1925 *Merchant Ships of the World* Frank Charles Bowen,F. grave goods in a single museum Chronologically a volume on the subject would fill the space between various books on Roman glass from Britain and Medieval glass vessels found in England c AD 1200 1500 by Rachel Tyson This book on early medieval vessel glass and the contexts from which it came will also make a significant contribution to early medieval settlement studies and the archaeology of trade in this period both are growth areas of scholarship and interest and vessel glass provides a new tool to address key debates in the field
