Americans of New England takes view of the history of indigenous peoples of the region reconstructing this past from the earliest available archeological evidence to the present It examines how historic processes shaped and reshaped the lives of Native peoples and uses case studies historic sketches and biographies to tell these stories While this volume is aware of the impact that colonization ethnic cleansing dispossession and racism had on the lives of indigenous peoples in New England it also focuses on Native American resistance adaptation and survival under often harsh and unfavorable circumstances Native Americans of New England is structured into six chapters that examine the continuous presence of indigenous peoples in the region The book emphasizes Native Americans efforts to preserve the integrity and viability of their dynamic and self directed societies and cultures in New England

Black History and Black Identity William D. Wright, 2002-02-28 This study contends that historians and intellectuals failed to understand the difference between race and ethnicity which has in turn impaired their ability to understand who Black people are in America The author argues that Black Americans are to be distinguished from other categories of black people in the country black Africans West Indians or Hispanics While Black people are members of the black race as are other groups of people they are a distinct ethnic group of that race This conceptual failure has hampered the ability of historians to define Black experience in America and to study it in the most accurate authentic and realistic manner possible This confusing situation is aggravated further by the fact that many scholars tend to describe Black people in an arbitrary manner as Africans African Americans Afro Americans black or Black which is insufficient for precision They sometimes downplay the historical evidence regarding African identity and the identity of Blacks in America Wright offers a new methodological basis for undertaking Black history namely the framework of historical sociology He argues that this approach will produce a more useful history for Black people and others in America

Global Interactions in the Early Modern Age, 1400-1800 Charles H. Parker, 2010-06-23 Global Interactions in the Early Modern Age is an interdisciplinary introduction to cross cultural encounters in the early modern age 1400 1800 and their influences on the development of world societies In the aftermath of Mongol expansion across Eurasia the unprecedented rise of imperial states in the early modern period set in motion interactions between people from around the world These included new commercial networks large scale migration streams global biological exchanges and transfers of knowledge across oceans and continents These in turn wove together the major regions of the world In an age of extensive cultural political military and economic contact a host of individuals companies tribes states and empires were in competition Yet they also cooperated with one another leading ultimately to the integration of global space

Science, Sexuality, and Race in the United States and Australia, 1780-1940 Gregory D. Smithers, 2017 Science Sexuality and Race in the United States and Australia 1780 1940 Revised Edition is a sociohistorical tour de force that examines the entwined formation of racial theory and sexual constructs within settler colonialism in the United States and Australia from the Age of Revolution to the Great Depression Gregory D Smithers historicizes the dissemination and application of scientific and social scientific ideas within

the process of nation building in two countries with large Indigenous populations and shows how intellectual constructs of race and sexuality were mobilized to subdue Aboriginal peoples Building on the comparative settler colonial and imperial histories that appeared after the book's original publication this completely revised edition includes two new chapters In this singular contribution to the study of transnational and comparative settler colonialism Smithers expands on recent scholarship to illuminate both the subject of the scientific study of race and sexuality and the national and interrelated histories of the United States and Australia

American History through Its Greatest Speeches Jolyon P. Girard, Darryl Mace, Courtney Michelle Smith, 2016-12-05 What did America's greatest orators say regarding significant issues and concerns throughout United States history This three volume set examines hundreds of the most historically significant speeches from colonial times to the modern era allowing readers to consider exactly what the speakers said and to better understand the motivations behind each speech as well as the effect on the audiences that heard them This essential reference work presents the most important and historically significant speeches delivered since colonial times providing in essence a documentary history of the United States through these public utterances Readers can witness American history unfold firsthand through these stirring and at times controversial speeches from Patrick Henry's fiery words calling for an American revolution through the words of the 19th century abolitionists and Lincoln's immortal Gettysburg Address and up through the 20th century with President Wilson's famous Fourteen Points FDR reminding Americans that the only thing they had to fear was fear itself and George W Bush responding to the attacks of September 11 For students teachers librarians and general readers this indispensable work provides essential reference resources on the speeches of great significance in American history Each speech is prefaced by a contextual headnote that provides essential background information and specific details about the speech This three volume set also includes a timeline a historical review of each era biographical sketches of each speaker and anecdotal sidebars containing additional information about the speech or speakers

The Cherokees David Narrett, 2025 In this richly detailed cultural and political history David Narrett shows how Cherokee nationhood emerged from the pressures of colonial encounter Cherokee diplomats including women take center stage adeptly managing relationships with European empires and Indigenous rivals and in the process forging solidarities among once disparate Cherokees

The Indian Slave Trade Alan Galloway, 2008-10-01 This prize winning book is the first ever to focus on the traffic in Indian slaves in the American South For decades the Indian slave trade linked southern lives and created a whirlwind of violence and profit making Alan Galloway documents in vivid detail the operation of the slave trade the processes by which Europeans and Native Americans became participants in it and the profound consequences it had for the South and its peoples

Daily Life in the Colonial South John Schlotterbeck, 2013-04-01 This work examines patterns of everyday life in the colonial South from European contact to 1770 documenting how they evolved over time and differences across lines of geography nationality ethnicity religion race gender and class This work provides the first synthesis of daily

life in the colonial South from the time of European arrival to 1770 a period that is often overlooked or treated briefly in most surveys on the history of the South Daily Life in the Colonial South describes how a diverse mix of people created new patterns of living behaving and believing across diverse and changing physical demographic economic and social environments by adapting inherited cultures in new settings The book emphasizes the everyday experiences of ordinary people from the Chesapeake Bay to the Lower Mississippi River examining aspects of daily life such as work families possessions food leisure bodies and beliefs It presents balanced coverage of English French Spanish and Native American settlements describing the lives of both men and women and making use of quotes from historical documents An introductory chapter profiles the colonial South at six periods set 50 years apart between 1500 and 1750 while the conclusion discusses colonial southern identities on the eve of the American Revolution

In the Shadow of Slavery Judith Carney, 2011-02-01 The transatlantic slave trade forced millions of Africans into bondage Until the early nineteenth century African slaves came to the Americas in greater numbers than Europeans In the Shadow of Slavery provides a startling new assessment of the Atlantic slave trade and upends conventional wisdom by shifting attention from the crops slaves were forced to produce to the foods they planted for their own nourishment Many familiar foods millet sorghum coffee okra watermelon and the Asian long bean for example are native to Africa while commercial products such as Coca Cola Worcestershire Sauce and Palmolive Soap rely on African plants that were brought to the Americas on slave ships as provisions medicines cordage and bedding In this exciting original and groundbreaking book Judith A Carney and Richard Nicholas Rosomoff draw on archaeological records oral histories and the accounts of slave ship captains to show how slaves food plots botanical gardens of the dispossessed became the incubators of African survival in the Americas and Africanized the foodways of plantation societies

Confronting Injustice David Lyons, 2013-06-13 The essays presented in this volume challenge both theorists and citizens to confront grave injustices committed in the United States David Lyons encourages us to take a fresh look at the beginnings of America including the colonists early adoption of race based slavery even though it was unlawful and why those who rebelled against English oppression were responsible for greater injustices against their Native American neighbors Confronting injustice requires us to consider how delegates to the 1787 constitutional convention readily embraced increased protections for chattel slavery why the federal government later abandoned Reconstruction and why the nation allowed former slave owners to establish a new system of racial oppression called Jim Crow It requires us to ask why America's official rejection of white supremacy is combined with an unwillingness to address continuing racial stratification Confronting injustice calls upon political theorists to test their views in the crucible of social history It challenges those who debate abstractly the idea of an obligation to obey the law to consider the implications of grievous injustices It calls upon those who assume that their society is now reasonably just to ask when that transformation occurred despite the fact that children who are black or poor are denied equal opportunity

Creating Black Americans Nell Irvin Painter, 2006 Blending a

vivid narrative with more than 150 images of artwork Painter offers a history from before slavery to today's hip hop culture written for a new generation **The American West and the Nazi East** C. Kakel, 2011-07-12 By employing new optics and a comparative approach this book helps us recognize the unexpected and unsettling connections between America's western empire and Nazi Germany's eastern empire linking histories previously thought of as totally unrelated and leading readers towards a deep revisioning of the American West and the Nazi East
