Redefining Politics:

Women and Politics Worldwide Barbara J. Nelson, Najma Chowdhury, Nājamā Caudhurī, 1994-01-01 This is the first book to analyse the complexities of women's political participation on a cross national scale and from a feminist perspective Surveying forty three countries chosen to represent a variety of political systems regions and levels of economic development questions of women's status power means and methods of reform are addressed on a global scale Includes chapters on the following countries Argentina Australia Bangladesh Bolivia Brazil Canada China Costa Rica Cuba Czechoslovakia former Egypt France Germany Ghana Great Britain Greece Hong Kong Hungary India Israel Japan Kenya Korea Republic of South Korea Mexico Morocco Nepal The Netherlands Nigeria Norway Palestine Papua New Guinea Peru The Philippines Poland Puerto Rico South Africa Spain Sudan Switzerland Turkey Union of Soviet Socialist Republics former United States Uruguay

Redefining Politics Adrian Leftwich, 2009-10 The book provides a clear framework for analyzing politics in all human groups from families to multinational companies and from villages to modern nation states Throughout it is concerned to extend the range of politics beyond its usual institutional focus to stress its interdisciplinary requirements and to expand the conception of politics in societies

Towards Rethinking Politics, Policy and Polity in the Anthropocene Hans Günter Brauch, 2025-02-24 Humankind faces two anthropogenic threats to its survival that are closely linked The first is the end of the Holocene and the start of the Anthropocene which was marked by the test of a nuclear bomb on 16 July 1945 In the prevailing peace and security narrative nuclear weapons and the other country bloc or alliance pose a perceived threat to humankind's survival In the Anthropocene narrative we are the threat through our way of life and the burning of fossil fuels The start of the Anthropocene coincides with a change in the international order with the setting up of the UN and the Bretton Woods Institutions Three stages of this order are distinguished the Cold War bipolarity the post Cold War era unipolarity and the end of the rule based global liberal order multipolarity on 24 February 2022 In this book ten multidisciplinary perspectives discuss complexity Anthropocene geopolitics peace and security discourses and the debate on the Anthropocene planetary boundaries complex crises and integrative geography in the Anthropocene governance and politics and the Patriocene and gender Both existential threats for humankind are illustrated by cover photos of the first nuclear weapons test on 16 July 1945 and by Category 5 Hurricane Otis an extreme weather event impacting on Acapulco in Mexico on 25 October 2023 The Anthropocene as a new epoch of Earth history coincides in 1945 with a change in the international order In the security and peace narrative the other and nuclear weapons pose an existential threat in the Anthropocene narrative This dual existential change requires a rethinking of politics policy and polity In the social sciences the Anthropocene is being discussed from multidisciplinary perspectives geography political science and peace security and gender studies This is an open access publication

Politics: The Basics Stephen D Tansey, Nigel Jackson, 2014-09-25 Now in its fifth edition *Politics The Basics* explores the systems movements and issues at the cutting edge of modern politics A

highly successful introduction to the world of politics it offers clear and concise coverage of a range of issues and addresses fundamental questions such as Why does politics matter Why obey the state What are the key approaches to power How are political decisions made What are the current issues affecting governments worldwide Accessible in style and topical in content the fifth edition has been fully restructured to reflect core issues systems and movements that are at the centre of modern politics and international relations Assuming no prior knowledge in politics it is ideal reading for anyone approaching the study of politics for the first time Politics and the Concept of the Political James Wiley, 2016-05-26 A recent trend in contemporary western political theory is to criticize it for implicitly trying to conquer displace or moralize politics James Wiley's book takes the next step from criticizing contemporary political theory to showing what a more politics centered political theory would look like by exploring the meaning and value of politics in the writings of Max Weber Carl Schmitt Paul Ricoeur Hannah Arendt Sheldon Wolin Claude Lefort and Ernesto Laclau and Chantal Mouffe These political theorists all use the concept of the political to explain the value of politics and defend it from its detractors They represent state centered republic centered and society centered conceptions of politics as well as realist authoritarian idealist republican populist and radical democratic traditions of political thought This book compares these theorists and traditions of the political in order to defend politics from its critics and to contribute to the development of a politics centered political theory Politics and the Concept of the Political will be a useful resource to general audiences as well as to specialists in political theory

Redefining Politics Routledge Library Editions: Political Science Volume 45 Adrian Leftwich, 2013-04-15 This book challenges conventional conceptions of politics which focus largely on the institutions of government and the associated struggles for power around them It argues that politics is involved in all the activities of cooperation and conflict whereby people organize the use production and distribution of human natural and material resources Found in all human groups institutions and societies politics everywhere influences and reflects the structures of power social organization culture and ideology These central themes are illustrated by drawing on a wide range of societies including the Kung hunter gatherers the pre Columbian Aztecs and the Pastoral Maasai as well as modern Britain and Third World societies from Chile to China Other examples of village communities a typical university department and the World Bank show how institutions may also be analyzed in terms of the definition of politics used here It is equally central to the argument that many of the most critical problems occurring in societies can be attributed to their politics and this theme is explored looking at such problems as poverty famines epidemics violence and unemployment in Britain and throughout the world *After Politics* Glen Newey, 2000-12-18 Why do political philosophers why away from politics *After Politics* The Rejection of Politics in Contemporary Liberal Philosophy offers a challenging and original critique of liberalism the dominant political philosophy of our time tackling key issues like state legitimacy value pluralism neutrality the nature of politics public reasons and morality in politics Analyzing major liberal theorists like Rawls Habermas Rorty Barry Gray Raz Larmore Ackerman and others Glen

Newey argues that liberalism by passes politics because it ignores or misunderstands human motivation and elevates academic system building over political realities of conflict and power **Rethinking Democracy** Rajni Kothari,2005

Rethinking Democracy is an insightful and reflective monograph on democracy in general and Indian democracy in particular In this work Rajni Kothari revisits the core arguments he has laid down in his various writings in the past four decades Politics in India State Against Democracy Communalism in India etc While revisiting his writings Kothari reflects interrogates and even contests some of his earlier formulations on democracy state and civil society developing a new paradigm on the basis of his intellectual experience and activist experience Kothari makes a powerful critique of prevailing democratic theory and practice in a changing global as well as Indian context and concludes that democracy has failed to achieve its objective of human emancipation and survives merely as a dream However this disillusionment with democracy does not deter him from searching for an alternative model of a decentralized participatory and emancipatory democracy **Divided We Stand** Michiel Schwarz,Michael Thompson,1990 This book provides a down to earth account of the virtues and failures of environmental risk assessment The assessment process involves politics technology and issues of social choice an unstructured grouping that often presents contradictory and confusing standpoints the virtues of science and the scientific method are extolled on the one hand and condemned on the other no viable solutions are offered and there is no real understanding of the issues being discussed This chaotic situation is analyzed using cultural theory to offer a powerful and groundbreaking account of such topics as technological decision making politics energy engineering and technology as a whole Communication, Consumers, and Citizens: Revisiting the Politics of Consumption Dhavan V.
