**Working-Class Women Poets in Victorian Britain** Florence S. Boos, 2008-06-12 Though working class women in the nineteenth century included many accomplished and prolific poets their work has often been neglected by critics and readers in favour of comparable work by men Questioning the assumption that few poems by working class women had survived Florence Boos set out to discover supposedly lost works in libraries private collections and archives Her years of research resulted in this anthology Working Class Women Poets in Victorian Britain features poetry from a variety of women including an itinerant weaver a rural midwife a factory worker protesting industrialization and a blind Scottish poet who wrote in both the Scots dialect and English In addition to biographical information and contemporary reviews of the poets work the anthology also includes several photographs of the poets their environment and the journals in which their poems appeared

Hope Lies in the Proles John Newsinger, 2018-03-20 George Orwell was one of the most significant literary figures on the left in the twentieth century While titles such as 1984 Animal Farm and Homage to Catalonia are still rightly regarded as modern classics his own politics are less well understood Hope Lies in the Proles offers a sympathetic yet critical account of Orwell's political thinking and its continued significance today John Newsinger explores various aspects of Orwell's politics detailing Orwell's attempts to change working class consciousness considering whether his attitude towards the working class was romantic realistic or patronising or all three at different times He also asks whether Orwell's anti fascism was eclipsed by his criticism of the Soviet Union and explores his ambivalent relationship with the Labour Party Newsinger also breaks important new ground regarding Orwell's shifting views on the USA and his relationship with the progressive Left and feminism Focusing on the enduring interest in Orwell and his influence on current political causes the book is ultimately a unique nuanced attempt to demonstrate that Orwell remained a committed socialist up until his death

**C. L. R. James in Imperial Britain** Christian Høgsbjerg, 2014-03-07 C L R James in Imperial Britain chronicles the life and work of the Trinidadian intellectual and writer C L R James during his first extended stay in Britain from 1932 to 1938 It reveals the radicalizing effect of this critical period on James's intellectual and political trajectory

During this time James turned from liberal humanism to revolutionary socialism Rejecting the imperial Britishness he had absorbed growing up in a crown colony in the British West Indies he became a leading anticolonial activist and Pan Africanist thinker Christian H gsbjerg reconstructs the circumstances and milieus in which James wrote works including his magisterial study *The Black Jacobins* First published in 1938 James s examination of the dynamics of anticolonial revolution in Haiti continues to influence scholarship on Atlantic slavery and abolition H gsbjerg contends that during the Depression C L R James advanced public understanding of the African diaspora and emerged as one of the most significant and creative revolutionary Marxists in Britain

**Animal Rights** Hilda Kean,1998-08-01 In the late twentieth century animals are news Parliamentary debates protests against fox hunting and television programs like *AnimalHospital* all focus on the way in which we treat animals and on what that says about our own humanity As vegetarianism becomes ever more popular and animal experimentation more controversial it is time to trace the background to contemporary debates and to situate them in a broader historical context Hilda Kean looks at the cultural and social role of animals from 1800 to the present at the way in which visual images and myths captured the popular imagination and encouraged sympathy for animals and outrage at their exploitation From early campaigns against the beating of cattle and ill treatment of horses to concern for dogs in war and cats in laboratories she explores the relationship between popular images and public debate and action She also illustrates how interest in animal rights and welfare was closely aligned with campaigns for political and social reform by feminists radicals and socialists A thoughtful effective and well written book *The Scotsman* It could hardly be more timely and its wonderful material is bound to provoke reflection *The Independent* A work of great interest *Sunday Telegraph* Lively impressively researched and well written a book that is timely and valuable *Times Literary Supplement* A pleasing balance of anecdote and analysis *Times Higher Educational Supplement*

*William Morris's Utopianism* Owen Holland,2017-12-04 This book offers a new interpretation of William Morris s utopianism as a strategic extension of his political writing Morris s utopian writing alongside his journalism and public lectures constituted part of a sustained counter hegemonic project that intervened both into the life world of the fin de si cle socialist movement as well as the dominant

literary cultures of his day Owen Holland demonstrates this by placing Morris in conversation with writers of first wave feminism nineteenth century pastoralists as well as the romance revivalists and imperialists of the 1880s In doing so he revises E P Thompson s and Miguel Abensour s argument that Morris s utopian writing should be conceived as anti political and heuristic concerned with the pedagogic education of desire rather than with the more mundane work of propaganda He shows how Morris s utopianism emerged against the grain of the now here embroiled in instrumental propagandistic polemic complicating Thompson s and Abensour s view of its anti political character      *The Intellectual Life of the British Working Classes* Jonathan Rose,2021-06-08 This is a landmark intellectual history of Britain s working classes from the preindustrial era to the twentieth century Drawing on workers memoirs social surveys library registers and more Jonathan Rose uncovers which books people read how they educated themselves and what they knew A new preface addresses the continuing relevance of the book amidst the upheavals of the present day An astonishing book Ian Sansom The Guardian A passionate work of history Rose has written a work of staggering ambition Daniel Akst Wall Street Journal Winner of the SHARP Book History Prize the American Philosophical Society s Jacques Barzun Prize and the British Council Prize cowinner of the Longman History Today Book of the Year Prize for 2001 named one of the finest books of 2001 by The Economist      **An A-Z of Feminist Theology** Lisa Isherwood,Dorothea McEwan,2016-10-06 This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology There are entries on all the major themes of Christian feminist theology including models of God and of the Church ethics and spirituality sexuality and liberation Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse Together they present the far reaching concerns of feminist theology in an accessible and stimulating way The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity      **Better Britons** Nadine Attewell,2014-01-01 Better Britons charts an innovative approach to the politics of reproduction by reading an array of works and discourses that reflect on the significance of reproductive behaviours for civic national and racial identities      *The Mortal Storm* Phyllis Bottome,1998 An anti fascist novel acclaimed on both sides of the Atlantic The Mortal Storm was Phyllis Bottome s dramatic warning against the warmongering antisemitic and misogyny of the Nazis Highlighting Bottome s prolific writing career and lifelong humanitarian activism The Mortal Storm pits the developing political and feminist consciousness of Freya Roth against the Nazi machine that will destroy the fabric of her family and nation      Fitting Sentences Jason William Haslam,Jason Haslam,2005-01-01 Fitting Sentences is an analysis of writings by prisoners from the nineteenth and twentieth centuries in North America South Africa and Europe Jason Haslam examines the ways in which these writers reconfigure subjectivity and its relation to social power structures especially the prison structure itself while also detailing the relationship between prison and slave narratives Specifically Haslam reads texts by Henry David Thoreau Harriet Jacobs Oscar Wilde Martin

Luther King Jr Constance Lytton and Breyten Breytenbach to find the commonalities and divergences in their stories While the relationship between prison and subjectivity has been mapped by Michel Foucault and defined as a strategic distribution of elements that act to exercise a power of normalization Haslam demonstrates some of the complex connections and dissonances between these elements and the resistances to them Each work shows how carceral practices can be used to attack a variety of identifications be they sexual racial economic or any of a variety of social categories By analysing the works of specific prison writers but not being limited to a single locale or narrow time span *Fitting Sentences* offers a significant historical and global overview of a unique genre in literature

*The Politics of Love* Carla Christina Hustak,2024-01-23 *The Politics of Love* explores the entanglement of emotions social movements and science in reconfiguring human and nonhuman relations As Darwin s evolutionary theory informed the development of sexual science and the sex reform movement between the 1890s and the 1920s sex reformers emerged as a group of diverse and culturally influential professionals doctors psychologists artists political activists novelists and academics who shared a profound commitment to changing the world by changing the practice of sex Sex reformers reinvented love as a scientific practice of sex that brought humans and nonhumans into the fold of early twentieth century racial gender and sexual politics Carla Christina Hustak illuminates how sex reformers insistence that love can shift human and nonhuman relations is more than just a historical narrative it is a moment in time interconnected with urgent contemporary concerns over the global implications of our emotional relationships to other humans animals the earth and atmospheric and technological forces
