**Rediscovering the Impact of Jesus' Death** Joseph A. Grassi,1987      **The Gospel of Matthew** John

Nolland,2005-11-01 Having devoted the past ten years of his life to research for this major new work John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean scholarship and offers fresh interpretations of the dominant Gospel in the history of the church Without neglecting the Gospel's sources or historical background Nolland places his central focus on the content and method of Matthew's story His work explores Matthew's narrative technique and the inner logic of the unfolding text giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material While finding it unlikely that the apostle Matthew himself composed the book Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy and he brings to the table new evidence for an early date of composition Including accurate translations based on the latest Greek text detailed verse by verse comments thorough bibliographies for each section and an array of insightful critical approaches Nolland's Gospel of Matthew will stimulate students preachers and scholars seeking to understand more fully Matthew's presentation of the gospel narrative

Porter,2015-06-16 Many opinions contend in the church today for what constitutes true worship of God and how best it can be practiced This collection of essays carries on a conversation between biblical scholars and church music practitioners It begins with three studies investigating what we can learn about worship in the Old Testament followed by essays on the teaching about worship in the Gospels Epistles and the book of Revelation in the New Testament The church music practitioners featured in the book respond to each of these essays The final essay by Wendy Porter takes a historical journey of theological reflection on Christian worship from the days of the early church tracing worship developments in the Western church through the centuries to today This is an important book for anyone who wants to think theologically about how and why Christians worship God

M. Wedderburn,2013 The death of Jesus and its interpretation present both exegetes and theologians with a puzzle For Jesus himself seems to have left his followers few clues and the story of his passion is ambivalent embracing both his reluctant self surrender in Gethsemane and his reproachful cry on Golgatha Some of the various motifs and images used by his followers to explain this event were taken over by Paul despite the opposition he saw between the message of the cross and any human wisdom Yet what meaning do two of the central themes of his soteriology the corporate representative role of Christ and the language of righteousness and justification hold for us today Or does Paul offer just as little help here as Jesus himself did
