Redline Blues:

Red-Line Blues Camilla Reghelini Rivers, 2002-11-04 Although Lee is descended from two NHL players he is an ordinary player How can he keep up the family tradition The Thin Red Line; and Blue Blood Arthur Griffiths, 2022-09-16 Arthur Griffiths seminal work *The Thin Red Line* and *Blue Blood* intricately weaves together narratives that explore themes of loyalty betrayal and the complexities of human relationships against the backdrop of military history and societal norms Through dense prose and vivid imagery Griffiths skillfully employs a realist approach delving into the psyche of his characters and reflecting the moral dilemmas faced during times of conflict This dual narrative structure illuminates contrasting experiences merging the brutality of war with the subtleties of romance thereby capturing the reader's imagination and provoking critical reflection on the nature of honor and sacrifice in the Victorian era Arthur Griffiths a noted journalist and author with an extensive background in military affairs draws upon his own experiences and observations to inform this work His keen insight into the social dynamics of his time combined with a passion for storytelling allows Griffiths to construct a complex tapestry of interconnected lives that resonate with authenticity His career marked by a focus on historical accuracy and vibrant character development underscores the importance of context in understanding human motivations Readers seeking a profound exploration of personal and collective struggles will find *The Thin Red Line* and *Blue Blood* an essential addition to their literary collection Griffiths ability to juxtapose the chaos of battle with intimate human experiences makes this work not just a narrative of war but a rich exploration of the ties that bind us making it a compelling read for enthusiasts of historical fiction and psychological depth *The Red Line* Betsy Sholl, 2014-04-08 Winner of the 1991 Associated Writing Programs Award Series in Poetry The Blue Line Imperative Kevin Kaiser, S. David Young, 2013-06-14 A groundbreaking guide to making profitable business decisions Do you wonder why your value initiatives aren't providing the payoff you'd hoped for Could it be because you've been thinking about value all wrong According to the authors of this groundbreaking guide there's a very good chance that you have Using examples from leading companies worldwide they explain why every decision a company makes either creates value or detracts from it and why if they hope to survive and thrive in today's increasingly competitive global marketplace company leaders must make value creation the centerpiece of every business decision Authors Kaiser and Young have dubbed this approach Blue Line Management BLM and in this entertaining highly accessible book they delineate BLM principles and practices and show you how to implement them in your company Explains why the failure to properly define and assess value often makes it difficult for the people who manage businesses to effect long term success Offers guidelines for making the satisfaction of customer needs and wants i.e. value creation the driver of all business activities The authors are respected academics at INSEAD the world's largest and most respected graduate business school with campuses in Europe Asia and the Middle East **Feature Engineering and Selection** Max Kuhn, Kjell Johnson, 2019-07-25 The process of developing predictive models includes many stages Most

resources focus on the modeling algorithms but neglect other critical aspects of the modeling process This book describes techniques for finding the best representations of predictors for modeling and for finding the best subset of predictors for improving model performance A variety of example data sets are used to illustrate the techniques along with R programs for reproducing the results
