College *The Poetry of Slavery* Marcus Wood,2003 This is the first book to collect the most important works of poetry generated by English and North American slavery Mixing poetry by the major Anglo American Romantic poets Blake Coleridge Wordsworth Shelley Keats Whittier Longfellow Lowell Whitman Melville Dickinson with curious and sometimes brilliant verse by a range of now forgotten literary figures the anthology is designed to aid students and teachers address the Anglo American cultural inheritance of slavery **Personifying Prehistory** Joanna Brück,2019-01-31 The Bronze Age is frequently framed in social evolutionary terms Viewed as the period which saw the emergence of social differentiation the development of long distance trade and the intensification of agricultural production it is seen as the precursor and origin point for significant aspects of the modern world This book presents a very different image of Bronze Age Britain and Ireland Drawing on the wealth of material from recent excavations as well as a long history of research it explores the impact of the post Enlightenment othering of the non human on our understanding of Bronze Age society There is much to suggest that the conceptual boundary between the active human subject and the passive world of objects so familiar from our own cultural context was not drawn in this categorical way in the Bronze Age the self was constructed in relational rather than individualistic terms and aspects of the non human world such as pots houses and mountains were considered animate entities with their own spirit or soul In a series of thematic chapters on the human body artefacts settlements and landscapes this book considers the character of Bronze Age personhood the relationship between individual and society and ideas around agency and social power The treatment and deposition of things such as querns axes and human remains provides insights into the meanings and values ascribed to objects and places and the ways in which such items acted as social agents in the Bronze Age world **Slicing the Silence** Tom Griffiths,2007 The author reflects on his experiences exploring Antarctica the last true wilderness
