litigation from the viewpoint of the practicing physician Some of the chapters are broadly relevant to all doctors the rise of e medicine and the importance of effective communication for example The other chapters are constructed around individual medical specialties but discuss issues that are of potential interest to all Part IV looks ahead The Case for Legal Reform presents changes in medical legal jurisprudence that can be of immediate benefit The final two chapters take a broader perspective on aspects of our entire health care system and its interface with law and public policy Who's who in American Law ,2003 BNA Pension & Benefits Reporter ,2009-07
