Race and Restoration Barclay Key,2020-05-06 From the late nineteenth century to the dawn of the civil rights era the Churches of Christ operated outside of conventional racial customs Many of their congregations even deep in the South counted whites and blacks among their numbers As the civil rights movement began to challenge pervasive social views about race Church of Christ leaders and congregants found themselves in the midst of turmoil In Race and Restoration Churches of Christ and the Black Freedom Struggle Barclay Key focuses on how these churches managed race relations during the Jim Crow era and how they adapted to the dramatic changes of the 1960s Although most religious organizations grappled with changing attitudes toward race the Churches of Christ had singular struggles Fundamentally restorationist these exclusionary churches perceived themselves as the only authentic expression of Christianity compelling them to embrace peoples of different races even as they succumbed to prevailing racial attitudes The Churches of Christ thus offer a unique perspective for observing how Christian fellowship and human equality intersected during the civil rights era Key reveals how racial attitudes and practices within individual congregations elude the simple categorizations often employed by historians Public forums designed by churches to bridge racial divides offered insight into the minds of members while revealing the limited progress made by individual churches Although the Churches of Christ did have a more racially diverse

composition than many other denominations in the Jim Crow era Key shows that their members were subject to many of the same aversions prejudices and fears of other churches of the time Ironically the tentative biracial relationships that had formed within and between congregations prior to World War II began to dissolve as leading voices of the civil rights movement prioritized desegregation *The Fall and Restoration* Neville,2018-11-28 Neville was born in Barbados West Indies in 1905 into a poor English family nine boys and one girl where he was raised and educated in a traditional Christian manner His father who knew about the power of imagining along with the help of his industrious sons made the Goddard s into the largest business presence in the island and at his death left all ten children independently wealthy At age seventeen Neville left Barbados for New York City where he worked in retail for several years until he became a dancer in Broadway shows This led to a stint in London where he was introduced to metaphysical thought and upon returning to New York he began to teach the law of imagining in 1938 to ever growing audiences in the East Los Angeles and San Francisco When he moved his family to Los Angeles in the early 1950s he was attracting crowds of 2 000 for his Sunday talks Everyone wanted something homes new jobs mates money and he successfully taught them how to fulfill those desires through the use of their all powerful human imaginations The techniques testimonies from his audiences the creative formula visions dreams and Bible interpretations are discussed simply and in detail in these lectures They encourage any seeker to apply his or her imagination for success and ultimately lead to the appreciation that there is no intermediary between God man s I AM and man Starting in 1959 he had a series of six visions over a three and a half year period resurrection birth from above David splitting of the temple ascension and the dove s descent Then he understood his mission To first experience these visions understand their meanings and then teach the meaning of these signs that are given to man after multiple lifetimes and all states of consciousness have been played by each individual These signs confirm the awakening of man s soul Man s origin and destiny are divine from unity into diversity back to unity with no loss of individuality All is forgiven and the exile the prodigal returns to Lordship greatly expanded by the journey through limitation illusion and a sleep likened unto death
