motivated by arts partnerships a relatively new phenomenon in a field which whilst disparate in its character and practice is marked by a common intention to respond effectively and critically to politically driven agendas of accountability school improvement and pupil attainment More than ever artists and educators alike have begun to realise the need to develop practices which offer the development of artist educator pedagogies as agencies for change and political action Understanding the function of reflective practice the conditions which support it and its impact on learning are addressed throughout this book We hope that the book will motivate readers with a diversity of interests and needs to engage in reflections of their own professional practices and of the practices of the communities in which they work This book is about reflection The thesis about the field it covers and major premise of this book is that reflection matters at every turn in arts engagement and even more so in educational settings where artist educators share a passion for facilitating and understanding the how of learners engagement with particular art forms It aims to show ways in which reflection can inform and transform practice in terms of what when and how reflection is embodied in arts engagement

Wisdom Learning
 Wendelin Küpers, Olen Gunnlaugson, 2016-12-01 In traditional business circles wisdom is viewed with a certain scepticism which is in part due to its historical associations with wisdom traditions and spiritual cultures However in business today wisdom is emerging not only as a viable but also a necessary organizational and management practice In particular practical wisdom is being updated and retranslated for today's issues and concerns in organizations In recent years leadership and organizational studies have initiated important changes in the way in which business as usual is conducted In response to the increasingly complex and uncertain conditions of our international business environment a growing community of scholar practitioners are pushing the boundaries of traditional organizational and leadership thinking and acting making inroads into processes and applications of practical wisdom and ways of wise leading and managing Given the unprecedented levels of challenges dynamics and uncertainties that today's organizations are exposed to there is a need for a more integrative and sustainable approach to managing Following the need for a reconsideration and revival of the meaning of wisdom the editors explore vitalizing possibilities for the learning of wise practices in organizing and leading This expansive range of domains where wisdom is currently being explored suggests a promising number of perspectives and possibilities for future inquiries and explorations into the nexus of wisdom and organization leadership management education and learning that benefits from cross disciplinary synergies This book will be of interest to those seeking to understand the growing significance of wisdom in relation to learning and teaching especially in business and management education

Achieving Quality Learning in Higher Education Peggy Nightingale, Mike O'Neil, 2012-12-06 This study argues that there is little hope of maintaining quality in higher and further education unless those in academia share common goals It demonstrates how results can be achieved if the principles of high quality learning are applied along with total quality management type strategies

Coaching provides a dedicated and systematic guide to some of the most fundamental issues concerning the practice of team coaching. It seeks to enhance practice through illustrating and exploring an array of contextual issues and complexities entrenched in it. The aim of the volume is to provide a comprehensive overview of the field and furthermore to enhance the understanding and practice of team coaching. To do so the editorial team presents, synthesizes and integrates relevant theories, research and practices that comprise and undergird team coaching. This book is therefore an invaluable specialist tool for team coaches of all levels from novice to seasoned practitioners. With team coaching assuming an even more prominent place in institutional and organizational contexts nowadays, the book is bound to become an indispensable resource for any coaching training course as well as a continuing professional development tool. This book is essential reading for anyone with an interest in coaching in both practice and educational settings. It will be of use not only for professional coaches but also for leaders, managers, HR professionals, learners and educators in the business, public, independent and voluntary sectors.

Organization Development Interventions on Chinese Language Learners: A Learning Community Perspective Ling Li, 2024-07-29. This book focuses on the interface of organizational development and language learning using mixed methods of qualitative reflective journals and quantitative analysis, experimental design, pre and post testing, exam scores and questionnaires. Employing organizational development interventions (ODIs) in the context of language learning enriches the diversity and expands the possibilities of higher education. The action research cycle employed in the three semester ODI process offers readers a source of inspiration. As the book shows, the combination of ODI techniques with language learning strategies in a learning community can be both effective and efficient, holding great potential for further research.
