Reflections For Women No 2:

Reflections for Women Ruth Johnson Jay, 1981 **Early Modern Women's Writing and Sor Juana Inés de la Cruz** Stephanie Merrim, 1999 This book maps the field of seventeenth century women's writing in Spanish English and French and situates the work of Sor Juana more clearly within that field. It holds up the multi-layered proto-feminist writings of Sor Juana as a meaningful lens through which to focus the literary production of her female contemporaries. Merrim's book advances the integration of Hispanic women authors and women's issues into the panorama of early modern women's writing and opens up unexplored commonalities between Sor Juana and her sister writers. Early modern women writers whose works are explored include Marie de Gournay, Margaret Fell, Fox, Catalina de Erauso, Maria de Zayas, Ana Caro, Mme de Lafayette, Anne Bradstreet, St. Teresa, and Margaret Lucas Cavendish. Merrim's study provides a full-bodied picture of the resources that the cultural and historical climates of the seventeenth century placed at the disposal of women writers, the manners in which women writers instrumentalized them, the building blocks and concerns of early modern women's writing, and the continuities between early modern and modern women's writing. Written in an engaging, clear manner, this innovative study will be of interest not only to Hispanists but also to scholars in early modern studies, women's studies, history, and comparative literature.

Developing Women Leaders in the Academy through Enhanced Communication Strategies Jayne Cubbage, 2020-01-21 *Developing Women Leaders in the Academy through Enhanced Communication Strategies* explores the experiences, strategies, and triumphs of women who have attained leadership roles within the academy, as well as the shortfalls, disappointments, and battle scars many women leaders have experienced in their quest to lead. Clear direction, focused strategies, and enhanced communication are necessary to increase the ever-growing number of women in leadership positions in the academy. Contributions to this book discuss the ways in which these concepts have been employed to transcend the academic ceiling by creating mentoring networks, for women training programs, and other ladders of ascension, encouraging future leaders to be more assertive, self-assured, and strategic within the academic terrain. Scholars of communication, education, and women's studies will find this volume particularly useful.

Crossing the Color Line Carina E. Ray, 2015-10-15 *Interracial sex mattered to the British colonial state in West Africa*. In *Crossing the Color Line*, Carina E. Ray goes beyond this fact to reveal how Ghanaians shaped and defined these powerfully charged relations. The interplay between African and European perspectives and practices argues Ray transformed these relationships into key sites for consolidating colonial rule and for contesting its hierarchies of power. With rigorous methodology and innovative analyses, Ray brings Ghana and Britain into a single analytic frame to show how intimate relations between black men and white women in the metropole became deeply entangled with those between black women and white men in the colony in ways that were profoundly consequential. Based on rich archival evidence and original interviews, the book moves across different registers, shifting from the micropolitics of individual disciplinary cases brought against colonial officers who kept local women to

transatlantic networks of family empire and anticolonial resistance In this way Ray cuts to the heart of how interracial sex became a source of colonial anxiety and nationalist agitation during the first half of the twentieth century Sisterhood and After Margaretta Jolly, 2019-08-27 This ground breaking history of the UK Women s Liberation Movement shows why and how feminism s second wave mobilized to demand not just equality but social and gender transformation Oral history testimonies power the work tracing the arc of a feminist life from 1950s girlhoods to late life activism today Peppered with personal stories the book casts new light on feminist critiques of society and on the lives of prominent and grassroots activists Margaretta Jolly uses oral history as creative method making significant use of *Sisterhood and After* The Women s Liberation Oral History Project to animate still unresolved controversies of race class sexuality disability and feminist identity Women activists vividly recall a divisive education system the unevenness of sexual liberation and the challenges of Thatcherism Northern Ireland s Troubles and the policing of minority ethnic communities They illuminate key campaigns in these wider contexts and talk of the organizational and collaborative skills they struggled to acquire as they moved into local government NGOs and even the business sector Jolly provides fresh insight into iconic actions including the Miss World Protest the fight to protect abortion rights and the peace protest at Greenham Common Her accounts of workplace struggles from Ford and Grunwick to Women Against Pit Closures and Women and Manual Trades show how socialist ideals permeated feminism She explores men s violence and today s demands for trans liberation as areas of continuing feminist concern Jolly offers a refreshingly jargon free exploration of key debates and theoretical trends alongside an appreciation of the joyfully personal aspects of feminism from families homes shopping and music to relationships health aging death and faith She concludes by urging readers to enter the archives of feminist memory to help map their own political futures Her work will appeal to general readers scholars and practitioners alike

Black Women's Liberation Movement Music Reiland

Rabaka,2023-10-30 **Black Women s Liberation Movement Music** argues that the Black Women s Liberation Movement of the mid to late 1960s and 1970s was a unique combination of Black political feminism Black literary feminism and Black musical feminism among other forms of Black feminism This book critically explores the ways the soundtracks of the Black Women s Liberation Movement often overlapped with those of other 1960s and 1970s social political and cultural movements such as the Black Power Movement Women s Liberation Movement and Sexual Revolution The soul funk and disco music of the Black Women s Liberation Movement era is simultaneously interpreted as universalist feminist in a general sense and Black female focused This music s incredible ability to be interpreted in so many different ways speaks to the importance and power of Black women s music and the fact that it has multiple meanings for a multitude of people Within the worlds of both Black Popular Movement Studies and Black Popular Music Studies there has been a long standing tendency to almost exclusively associate Black women s music of the mid to late 1960s and 1970s with the Black male dominated Black Power Movement or the White female dominated Women s Liberation Movement However this book reveals that much of the soul funk and disco performed by Black women was most often the very popular music of a very unpopular and unsung movement The Black Women s Liberation Movement **Black Women s Liberation Movement Music** is an invaluable resource for students teachers and researchers of Popular Music Studies American Studies African American Studies Critical Race Studies Gender Studies and Sexuality Studies

Abortion and the Christian Tradition Margaret D. Kamitsuka,2019-10-29 Abortion remains the most contested political issue in American life Poll results have remained surprisingly constant over the years with roughly equal numbers supporting and opposing it A common perception is that abortion is contrary to Christian teaching and values While some have challenged that perception few have attempted a comprehensive critique and constructive counterargument on Christian ethical and theological grounds Margaret Kamitsuka begins with a careful examination of the churchs biblical and historical record refuting the assumption that Christianity has always condemned abortion or that it considered personhood as beginning at the moment of conception She then offers carefully crafted ethical arguments about the pregnant womans authority to make reproductive decisions and builds a theological rationale for seeing abortion as something other than a sin

Women in Imperial China Bret Hinsch,2016-09-22 This accessible text offers a comprehensive survey of women s

history in China from the Neolithic period through the end of the Qing dynasty in the early twentieth century Rather than providing an exhaustive chronicle of this vast subject Bret Hinsch pinpoints the themes that characterized distinct periods in Chinese women s history and delves into the perception of female identity in each era Moving beyond the traditional focus on the late imperial era Hinsch explores how gender relations have developed and changed since ancient times His chronological look at the most important female roles in every major dynasty showcases not only the constraints women faced but also their vast accomplishments throughout the millennia Hinsch s extensive use of Chinese language scholarship lends his book a fresh perspective rare among Western scholars Professors and students will find this an invaluable textbook for Chinese women s studies and an excellent supplement for courses in gender studies and Chinese history Windows of Opportunity Miriam J. Anderson,2016-01-04 In 1915 women from over thirty countries met in The Hague to express opposition to World War I and propose ways to end it The delegates made three demands for women to be present at all international peace conferences a women s only peace conference to be convened alongside any official negotiations and the establishment of universal suffrage While these demands went unmet at the time contemporary women s groups continue to seek participation in peace negotiations and to have language promoting gender equality inserted into all peace agreements Between 1975 and 2011 about 40% of all conflicts that produced peace agreements resulted in at least one with references to women Many of these clauses addressed compensation for wartime gender based violence and guarantees for women s participation in the post conflict transitional period Others included electoral quotas and changes to inheritance legislation Curiously the language used to address women is near consistent across these agreements and that is because it reflects international women s rights norms rather than more local norms Why is it that though a peace agreement s primary objective is to end conflict some include potentially controversial provisions about gender that might delay or complicate reaching an agreement Why do these provisions echo international norms rather than local cultural ones And which factors make it more likely that women s rights will appear in peace agreements Windows of Opportunity answers these questions by examining peace negotiations in Burundi Macedonia and Northern Ireland along with 195 peace agreements signed between 1975 and 2011 It looks at the key actors involved in lobbying for women s participation along with their motivations objectives and strategies It also explores the reasons for similarities among the gender provisions **Men and Women in Qing China** Edwards,2021-09-13 **Men and Women in Qing China** is an analysis of Chinese prescriptions of gender as represented in Cao Xueqin s famous eighteenth century Chinese novel of manners *The Red Chamber Dream* or *The Story of the Stone* Drawing on feminist literary critical methods it examines Qing notions of masculinity and femininity including themes such as bisexuality motherhood virginity and purity and gender and power Its central aim is to challenge the common assumption that the novel represents some form of early Chinese feminism by examining the text in conjunction with historical data The book will be especially important to those interested in issues of gender in China the history of Chinese

A Critical Analysis of the Efficacy of Law as a Tool to Achieve Gender Equality Natalie Persadie, 2012-07-26 Law is often perceived as an instrument that can effect social change While this might be so it must be complemented by the necessary financial and human resources to make the law effective Natalie Persadie explains that among developing countries such as Trinidad and Tobago the achievement of legal advances for women at either the international or national levels is particularly difficult where practical measures are not subsequently implemented This is perhaps attributable to a lack of political will Important issues such as gender equality and domestic violence are not given priority and laws aimed at protecting women and promoting women s rights are ineffective scant or unenforced Gender justice can only be realized through a multilevel approach from above and more importantly from below as women have the potential to effect real national and international legal and institutional change to ensure gender equality at both levels
