information about these resources and more *Kerygmatic Hermeneutics* Swee Sum Lam, 2021-09-30 Kerygmatic Hermeneutics takes a reader at once into a concrete apprehension of God in his scriptural truth through flowing in the Spirit With the Spirit working with Scripture a reader navigates in a to-ing and fro-ing between the general claims of God and the patterns of his actions in the world and the embodiment of these general claims in the concrete particularity of contemporary living This to-ing and fro-ing shapes an embodied witness to the world In this account an interpretation of scriptural truth is incomplete until Christ is proclaimed in the power of the Spirit to bring life This brings the world into an encounter with God Kerygmatic Hermeneutics is an account of how one may make theology in the Pentecostal charismatic tradition This constructive theological account also yields a practice of interpretation of Scripture in a community of faith This formulation of kerygmatic theology and its hermeneutical practice opens theology to empirical enquiry and spiritual discernment in a post-Christian western world This account is also existentially relevant for the global south and east especially where readers find themselves having to speak apologetically into diverse religious and spiritual practices in daily encounters Spiritual Exercises Based on Paul's Epistle to the Romans Joseph A. Fitzmyer, 2004 Paul's letter to the Romans is often regarded as the most profoundly doctrinal book in the Bible While not overlooking its complex theology Joseph Fitzmyer here shows Romans to be also a wellspring of devotional insight accessible and deeply rewarding to all Christians In this book Fitzmyer recasts the text of Romans into the form of meditations for devotional reflection in spiritual retreats Bible studies church classrooms small groups and other prayerful gatherings Styled after the famous Spiritual Exercises of St Ignatius Loyola the book includes twenty-four meditations that can be divided in a variety of ways and fit to a range of reading schedules Accompanying each meditation are questions to encourage reflection on the passage of Romans being considered and also a colloquy in the form of a psalm or New Testament hymn that matches the sentiment of the Pauline passage A truly fulfilling approach to spirituality Fitzmyer's Spiritual Exercises demonstrates the role of Scripture in properly ordering the Christian life **Discovering God Through Action and Reflection** Mike Deeb, 2024-08-01 The See Judge Act or Review of Life methodology initially articulated by Fr later Cardinal Joseph Cardijn in the early 1900s has become widely accepted in the Catholic Church and in many other churches as an effective method of evangelisation However unfortunately See Judge Act has frequently become simply a slogan lacking precise content or it has been used to describe approaches that do not take all the elements intended fully into account To address this challenge in its own ranks the International Young Christian Students IYCS International Team of 2003-2007 commissioned the production of this book to assist the training of its students and chaplains in this methodology as integral to its spirituality of critical reflection and action within the perspective of transforming their local and global realities It is therefore hoped that this book will contribute to deepening the understanding of See Judge Act as a timeless spirituality enabling effective evangelisation or communication of the Good News proclaimed by Jesus Christ in order to bring God's justice and peace to our world The Concise A to Z Guide to
