and R. Paddison

Reform Of Local Government Finance In Britain

David Butler

Reform Of Local Government Finance In Britain:

Reform of Local Government Finance in Britain Ronan Paddison, S. J. Bailey, 2013-10-15 First Published in 1988 This book of readings was compiled during the period between publication of the Green Paper Paying for Local Government Cmnd 9714 in January 1986 and the passage of the English and Welsh Community Charge Poll Tax Bill through Parliament during the first half of 1988 The Scottish Bill reached the statute book in May 1987 Whilst the Scottish Bill had a fairly easy passage through Parliament that for England and Wales generated a particularly contentious debate centred on the lack of account taken of the ability to pay the tax This book provides the reader with a balanced and comprehensive examination of the

British Poll Tax system **The reform of local government finance in Britain** Stephen J. Bailey, 1989 **Local Government Finance** Ronan Paddison, Stephen Bailey, 2024-09-02 Originally published in 1961 this book became widely used as a textbook as an important source of primary data on British government expenditure statistics and as the point of departure for further empirical and analytical studies of the behaviour of governments The book was recognised as one of the formative influences in the development of a positive theory of government expenditure which sought to explain the size and structure of the system of public finance rather than justify it **Local Government in Britain Since Reorganisation**

Alan Alexander, 2024-10-01 Originally published in 1982 this book was the first comprehensive critical assessment of the outcome of the controversial reorganisation of British local government outside London which took place between 1973 and 1975 The book deals with the new systems in England Wales and Scotland drawing upon the results of almost 100 in depth interviews with leading members and officers from Shetland to Cornwall from major cities to rural districts Liaison between the tiers the effects of corporate management the spread of the office of chief executive the increasing levels of partisanship and the changing face of central local relations are examined on the basis of close observation and practical experience rather than theoretical preconceptions *Structural Reform of British Local Government* Michael Chisholm, 2000 The book

reviews the reasons for the reforms the processes and outcomes in the three countries and the nature of the evidence that was available for the advantages and disadvantages of reorganisation Two chapters compare the prior assessments of the financial costs and benefits with the actuality and the final chapter discusses some important lessons for national governance

Jacket *British Politics* Simon Griffiths, Robert Leach, 2018-03-14 Fully revised and updated third edition of a popular established textbook providing a definitive introduction to Britain's politics political institutions and processes Comprehensively reworked and restructured to better align with courses this new edition places great emphasis on the changing context of British politics while addressing key themes such as the ongoing importance of gender and ethnicity to political and social life in Britain Furthermore the book's familiar authoritative style has been retained with a fresh look and revitalized pedagogical features to provide a complete learning package The book is designed for courses on or related to British politics Its accessible style and context setting Part 1 will make it ideal for students new to the field particularly those

who haven't studied the subject at school level or international students but its rigour will stimulate and engage more experienced students New to this Edition Fully updated to cover the 2016 EU Referendum the 2017 General Election and other key political developments Politics in Action videos with key academic experts and practitioners offer differing viewpoints on the political system Expanded companion website featuring regular updates and additional pedagogic tools for students and lecturers alike such as self test quizzes flashcards timelines a lecturer testbank and lecture slides Vibrant and engaging full colour page design to help your students navigate the book's broad coverage

The Foundations of the British Conservative Party Bradley W. Hart, Richard Carr, 2013-08-01 This book provides a range of essays on aspects of the British Conservative Party from the late 19th century to the present day It offers fresh perspectives on Margaret Thatcher and Thatcherism Britain and Europe UK policy towards Ireland Conservatism and reform and the conservative ideology to name only a few of the key issues explored An accessible and concise overview this book is an important primer for anyone studying British politics history or social and political theory Included are contributions by leading scholars in British political history think tank commentators and a former Prime Minister It offers insights into the Conservative Party's staying power in spite of great social and political changes in the UK and the world It looks at how the party has functioned historically and what its future might be discussing its ideology and identity with reference to both Labour and Liberal opponents Fundamentally it considers the conservative appeal to the electorate conservative policy in both theory and practice and debates that have taken place within and outside the party itself Whether interested in Winston Churchill and David Lloyd George or David Cameron and Nick Clegg this work is intended to inform and challenge scholars and political practitioners alike

British Political Facts David Butler, Anne Sloman, 1969-09-01

The Reorganisation of British Local Government John Dearlove, 1979-09-20 This volume was first published in 1979 just a few years after the Local Government Act of 1972 redrew the map of British local government Local authorities were also encouraged to change their organization and methods of work anxiety was expressed about finance councillor calibre and the credibility of the whole system itself and neighbourhood councils and public participation in planning were introduced John Dearlove's aim is to make sense of these changes and the discussion they generated He does this by showing that both the official case for reorganization and the academic discussion of it have hindered their own understanding by uncritically accepting superficial traditional wisdoms which fail to reveal the concealed ideological positions behind reorganization Thus he aims to develop a truly political perspective on reorganisation which is rounded out and given greater depth by the insertion at appropriate points of comparative material drawn from American experience and studies

Local Governance in England and France Alistair Cole, Peter John, 2012-11-12 Local Governance in England and France addresses issues at the cutting edge of comparative politics and public policy The book is based on extensive research and interviews over 300 in total with local

decision makers in two pairs of cities in England and France Lille and Leeds Rennes and Southampton No other Anglo French comparative project has ever gone into such depth based on actual case studies making this book an invaluable resource for students and professionals alike The book poses key questions about the changing role of the state the difficulties of policy coordination in a fragmented institutional context and about the relationship between governance networks as well as political and democratic accountability It will be of great interest to the professional research community and practitioners in Britain France and beyond as well as to students of comparative politics European public policy British French politics European studies public management and local government studies

Local Government in the United Kingdom David Wilson, Chris Game, 2011-04-12 During its 13 years of office Labour's modernization agenda transformed the world of UK local government Amidst a starkly altered political and economic climate the coalition government formed in 2010 pledged to implement equally radical changes to the system Taking account of the coalition's programme for government and its first round of spending cuts the completely revised and updated fifth edition of this popular and established text is timed to take full advantage of this historic juncture David Wilson and Chris Game provide readers with systematic coverage of the UK's local government The book examines its defining features its history changing structure operations functions financing and its relations with central government The fifth edition gives additional emphasis to local government in the devolved regions of the UK and provides more extensive analysis of centre local government relations The authors deliver a thorough critique of Labour's third term in office Looking ahead the book anticipates the future of local government under the coalition government Two themes look likely to dominate policy making decentralization and cuts to public spending With its clear accessible non technical style and popular illustrations *Local Government in the United Kingdom* will be essential reading for students practitioners and anyone with an interest in local politics

Change In British Politics Hugh Berrington, 2005-06-21 First Published in 2004 The most striking change in British politics during the seventies and early eighties was the undermining and then the end of the post war British consensus That consensus had been long in decline before the final seals were set by Mrs Thatcher's victories in 1979 and 1983 The consensus and the end itself had profound effects on the British polity they unsettled the distribution of power within the political parties and hence the working of the institutions of the government the direction of economic policy the character of local government and relations between government and interest groups were transformed What accounts for the ending in the mid 1970s of the policy consensus which characterised British politics for most of the post war period The essays in this collection seek to explore the causes and some of the consequences of this breakdown
