The Oxford Encyclopedia of Women in World History Bonnie G. Smith, 2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated women's daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune women's and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

Regarding Equality Ellen M. Freeberg, 2002-02-11 Regarding Equality offers an innovative and controversial analysis of the relationship between equality and pluralism Tackling an issue central to modern political thought Freeberg highlights the struggle to characterize citizens as equals while respecting their moral religious and cultural diversity The work ably contrasts and critiques the prevailing models for balancing equality with pluralism from thinkers Amartya Sen Martha Nussbaum John Rawls Amy Gutmann Dennis Thompson Michael Oakeshott and Drucilla Cornell From these liberal

democratic and conservative approaches to equality and pluralism Freeberg builds a theory of responsive regard reciprocal civility between citizens that forms a chastened conception of what we share as free and equal persons This work will greatly add to political theorists and philosophers arsenals of concepts for egalitarian and democratic theory **The Limits of**
