entirely on practical approaches to pricing and hedging derivatives One valuable lesson of the financial crisis was that derivatives and risk practitioners don't really understand the products they're dealing with Written by a practitioner for practitioners this book delivers the kind of knowledge and skills traders and finance professionals need to fully understand derivatives and price and hedge them effectively Most derivatives books are written by academics and are long on theory and short on the day to day realities of derivatives trading Of the few practical guides available very few of those cover pricing and hedging two critical topics for traders What matters to practitioners is what happens on the trading floor information only seasoned practitioners such as authors Marroni and Perdomo can impart Lays out proven derivatives pricing and hedging strategies and techniques for equities FX fixed income and commodities as well as multi assets and cross assets Provides expert guidance on the development of structured products supplemented with a range of practical examples Packed with real life examples covering everything from option payout with delta hedging to Monte Carlo procedures to common structured products payoffs The Companion Website features all of the examples from the book in Excel complete with source code

Four for the Money Dan J Marlowe, 2012-03-15 In the penitentiary back East there were four of us slated for parole And we had plenty more on our minds than just freedom We had a plan If it worked it would be the first time a successful heist had ever been pulled in this gambling town a town where every cop had eyes in the back of his head and a hand on his gun 24 hours a day There were a couple of snags like the fact that we hated one another's guts and the fact that a casino girl named Nancy was bugging me to get out and go straight But I was locked into the plan because if something went wrong a Nevada prison by reputation no rest cure was preferable to having the other three guys looking for me as the pigeon who had made it go wrong

For the Money and the Fun Jacob D. Deorksen, Leona M Deorksen, 2022-04-13 This is life below decks as far below decks as one can go in a corvette During the height of WWII Ike walks into HMCS Chippawa Winnipeg to enlist in the Royal Canadian Naval Volunteer Reserve He joins up with romantic notions of rising through the ranks and seeing the world while rising to heroic heights fighting Canada's enemies and impressing his girl back home Ike's dreams are soon replaced by the soggy realities of ever imminent danger Serving in the bowels of a corvette tasked with maintaining critical Allied supply lines in the submarine infested North Atlantic the threat of torpedoes is constant While Ike's ship navigates the Battle of the Atlantic Ike himself has to navigate the treacherous currents of life aboard ship Going ashore at ports of call he tries to remain true to the promises he made to the girl he left behind His adventures teach him that endurance is the better part of valor and survival is his only reward
