Secular Humanism

Paul F. Kisak

Secular Humanism:

Secular Humanism: threat and challenge Robert Webber, 1982 In Defense of Secular Humanism Paul Kurtz, 2010-09-09 A spirited defense of secular humanism against fundamentalist critics Life After Faith Philip Kitcher, 2014-10-28 Although there is no shortage of recent books arguing against religion few offer a positive alternative how anyone might live a fulfilling life without the support of religious beliefs This enlightening book fills the gap Philip Kitcher constructs an original and persuasive secular perspective one that answers human needs recognizes the objectivity of values and provides for the universal desire for meaningfulness Kitcher thoughtfully and sensitively considers how secularism can respond to the worries and challenges that all people confront including the issue of mortality He investigates how secular lives compare with those of people who adopt religious doctrines as literal truth as well as those who embrace less literalistic versions of religion Whereas religious belief has been important in past times Kitcher concludes that evolution away from religion is now essential He envisions the successors to religious life when the senses of identity and community traditionally fostered by religion will instead draw on a broader range of cultural items those provided by poets filmmakers musicians artists scientists and others With clarity and deep insight Kitcher reveals the power of secular humanism to encourage fulfilling human lives built on ethical truth What is Secular Humanism? Paul Kurtz, 2007 Philosopher Paul Kurtz describes the many ways in which secular humanism's scientific philosophical and ethical outlook has exerted a profound influence on civilization from the ancient world to the present **The Devil and Secular Humanism** Howard Radest, 1990-11-30 There is currently much confusion about the nature of humanism and a good deal of interest in its point of view As the object of attack and suspicion by fundamentalists conservatives and traditional religionists Howard B Radest believes that humanism deserves a clear and responsible treatment He accomplishes this in this book by clarifying the nature of humanism in historical and current thought The Enlightenment Radest states gave birth to a number of humanist values that are still being worked out in today's societies He reconstructs how humanist values have been considered dangerous by those who fear a change in the status quo Humanism Radest maintains is the true descendant of the age of reason and freedom In this unique volume humanism is viewed as being misunderstood by both traditionalists and the humanists themselves Radest does not wish to disparage traditional beliefs but he emphasizes that humanism is a legitimate philosophical ideological and religious alternative a party to the current struggle for a postmodern life philosophy The Devil and Secular Humanism examines humanism in a more comprehensive way than most current literature and it includes an assessment of the prospects for humanism in the years ahead It will be of great use to a literate but nontechnical audience who are engaged in philosophy religion law and politics **What is Secular Humanism?** James Hitchcock, 1982 There are very few terms about which there is more confusion and controversy than secular humanism Hitchcock examines what secular humanism is and how it affects individuals **Secular Humanism: The Official Religion of the United States of**

America Morris Bowers, 2007-07-16 The real Axis of Evil is The Religion of Humanism American Civil Liberties Union ACLU National Education Association NEA It s time to get back to some old fashioned values like commitment and sacrifice and responsibility and purity and love and the straight life Not only will our children benefit from our self discipline and perseverance but we adults will live in a less neurotic world too In the case Torcaso v Watkins in 1961 the U S Supreme Court stated Among religions in this country which do not teach what would generally be considered a belief in the existence of God are Buddhism Taoism Ethical Culture Secular Humanism and others

Foundations of Christian Thought Mark P. Cosgrove, Written by a veteran Christian educator this readable book describes the relationship between the Christian faith and the world of learning by looking at the five modern worldviews competing with Christian theism

God Created Humanism Theo Hobson, 2017-02-16 In this compelling account of the origins and evolution of our secular worldview Theo Hobson shows how Christian values continue to underpin our public morality how faith remains indispensable to Western humanism and how atheistic humanism represents a dead end At the same time he offers a timely warning against the dangers of a religious secular culture war given the radically politicized and destructive forms of religion endemic in the world today Here is a fresh and provocative argument about religion and politics but one that doesn t fit into the normal boxes It suggests that although the public creed of the West is best described as secular humanism we can only really understand and affirm secular humanism if we see how firmly it is based on Christian norms and values If we don t the West is divided mired in a stagnant stand off between fundamentalist atheism and an equally hard line Christian theism This book offers a more nuanced and historically more persuasive way forward showing just how much our secular morality owes to Christianity and how it can only find coherence through a new and positive view of its origins Contents Introduction 1 The ideology in the room 2 Sowing the seeds 3 Mutations of Protestantism 4 Struggling to be born 5 The secular century 6 In our time 7 So what How is Christianity credible

Secular Humanism Paul F. Kisak, 2017-08 Humanity Without Politics Religion Dogma or Ritual Secular humanism embraces the common humanity of the human race In general Secular Humanism promotes human reason ethics social justice and philosophical naturalism while specifically rejecting religious dogma supernaturalism pseudoscience and superstition as the bases of morality and decision making Secular humanism posits that human beings are capable of being ethical and moral without religion or a god It does not however assume that humans are either inherently evil or innately good nor does it present humans as being superior to nature Rather the humanist life stance emphasizes the unique responsibility facing humanity and the ethical consequences of human decisions Fundamental to the concept of secular humanism is the strongly held viewpoint that ideology be it religious or political must be thoroughly examined by each individual and not simply accepted or rejected on faith Along with this an essential part of secular humanism is a continually adapting search for truth primarily through science and philosophy Many secular humanists derive their moral codes from a philosophy of utilitarianism ethical naturalism or evolutionary ethics and some advocate a science of

morality This book is designed to be a state of the art superb academic reference work and provide an overview of the topic and give the reader a structured knowledge to familiarize yourself with the topic at the most affordable price possible The accuracy and knowledge is of an international viewpoint as the edited articles represent the inputs of many knowledgeable individuals and some of the most current knowledge on the topic based on the date of publication

Decoding **Secular Humanism**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its ability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Secular Humanism**," a mesmerizing literary creation penned with a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
