Holger Nehring

Security In Brit Polit 1945 99:

Security in British Politics 1945-99 D. Keohane, 2000-08-21 Keohane examines the main British political parties attitude to Britain's policy on three key security issues namely the use of force nuclear weapons and security in Northern Ireland He analyses how each of the parties viewed conflicts at Suez the Falklands and the Gulf elucidates their perspective on nuclear weapons and concludes with a review of their attitude towards security in Northern Ireland The book finds the parties policies reflect their distinctive views on security while international conditions often severely affect the policy pursued

IBSS Compiled by the British Library of Political and Economic Science, 2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Politics of Security** Holger Nehring, 2013-10-10 Focuses on a number of peace movements in Britain and West Germany from the end of Second World War in 1945 to the early 1970s to understand how European societies experienced and reacted to the Cold War IBSS: Political Science: 1992 British Library of Political and Economic Science, 1993 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences Trends and Future Directions in Security and Emergency Management Irena Tušer, Šárka Hošková-Mayerová, 2022-01-27 This book aims to inform about the current empirical results of the work of experts in the field security and emergency management and risk management in connecting science theory and practice in various fields related to security management and emergency management The chapters present research work and case studies from international state as well as regional levels The book is divided into five sections which deal with Safety and Security Science Security and Emergency management Threats and Risks Cyber Risks and Extraordinary Event Preparation and Solutions The book is intended primarily for scientific communities established in security sciences theorists and experts working in various positions and levels of security organizations universities with specializations in security studies but also for the expert public interested in security issues or entities directly responsible for security and emergency management

International Bibliography of Political Science British Library of Political and Economic Science, 2003-10-23 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **Hyderabad, British India, and the World** Eric Lewis Beverley, 2015-06 A study of political possibilities in the era of modern imperialism from the perspective of the sovereign state of Hyderabad *Bibliographie Internationale de Science Politique*, 2002-12 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *British Documents on Foreign Affairs: Poland, Bulgaria, Czechoslovakia, Hungary, Roumania, Yugoslavia and Albania, and Eastern Europe, 1951*, 2005 *Bibliography of Periodical*

Literature on the Near and Middle East, 1970 **Arts & Humanities Citation Index**, 2001 **The Oxford Handbook of Late Colonial Insurgencies and Counter-Insurgencies** Martin Thomas, Gareth Curless, 2023 Beginning with Britain's 1948 declaration of a Malayan Emergency and ending with the 1973 withdrawal of US ground troops from Vietnam this Handbook connects ideas about contested decolonization and the insurgencies that inspired it with an analysis of patterns and singularities in the conflicts that precipitated the collapse of overseas empires **Iron and Blood** Peter H. Wilson, 2023-02-14 From the author of the acclaimed *The Thirty Years War* and *Heart of Europe* a masterful landmark reappraisal of German military history and of the preconceptions about German militarism since before the rise of Prussia and the world wars German military history is typically viewed as an inexorable march to the rise of Prussia and the two world wars the road paved by militarism and the result a specifically German way of war Peter Wilson challenges this narrative Looking beyond Prussia to German speaking Europe across the last five centuries Wilson finds little unique or preordained in German militarism or warfighting *Iron and Blood* takes as its starting point the consolidation of the Holy Roman Empire which created new mechanisms for raising troops but also for resolving disputes diplomatically Both the empire and the Swiss Confederation were largely defensive in orientation while German participation in foreign wars was most often in partnership with allies The primary aggressor in Central Europe was not Prussia but the Austrian Habsburg monarchy yet Austria's strength owed much to its ability to secure allies Prussia meanwhile invested in militarization but maintained a part time army well into the nineteenth century Alongside Switzerland which relied on traditional militia both states exemplify the longstanding civilian element within German military power Only after Prussia's unexpected victory over France in 1871 did Germans and outsiders come to believe in a German gift for warfare a special capacity for high speed high intensity combat that could overcome numerical disadvantage It took two world wars to expose the fallacy of German military genius Yet even today Wilson argues Germany's strategic position is misunderstood The country now seen as a bastion of peace spends heavily on defense in comparison to its peers and is deeply invested in less kinetic contemporary forms of coercive power Mission Accomplished David Stafford, 2011-03-17 In May 1945 Italy was liberated from Nazism and Fascism by the British Eighth and American Fifth Armies By that time the Italian resistance movement had emerged as one of the strongest in Europe crucially aided and abetted by the UK's Special Operations Executive As what Winston Churchill graphically described as the red hot rake of the battle line advanced bloodily up the Italian peninsula clandestine cells in the cities and partisan bands in the countryside fought to free their country from enemy occupation and shape the politics of Italy's post war future Based on recently released official files documents retrieved from other agencies diaries memoirs and personal interviews *Mission Accomplished* provides the first ever complete and authoritative account of Britain's secret war in Italy the heroic exploits the larger than life participants and the extraordinary against the odds achievements

Enemies Within Scott Radnitz, 2022 The invocation of fifth columns in the political arena whether contrived or based on

real fears has recurred periodically throughout history and is experiencing an upsurge in our era of democratic erosion and geopolitical uncertainty Fifth columns accusations can have baleful effects on governance and trust as they call into question the loyalty and belonging of the targeted populations They can cause human rights abuses political repression and even ethnic cleansing *Enemies Within* is the first book to systematically investigate the roots and implications of the politics of fifth columns In this volume a multidisciplinary group of leading scholars address several related questions When are actors likely to employ fifth column claims and against whom What accounts for changes in fifth column framing over time How do the claims and rhetoric of governments differ from those of societal groups How do accusations against ethnically or ideologically defined groups differ Finally how do actors labeled as fifth columns respond To answer these questions the contributors apply a common theoretical framework and work within the tradition of qualitative social science to analyze cases from three continents oftentimes challenging conventional wisdom *Enemies Within* offers a unique perspective to better understand contemporary challenges including the rise of populism and authoritarianism the return of chauvinistic nationalism the weakening of democratic norms and the persecution of ethnic or religious minorities and political dissidents

Creating Postwar Canada Magda Fahrni, Robert Rutherford, 2008-07-01 *Creating Postwar Canada* showcases new research on this complex period exploring postwar Canada's diverse symbols and battlegrounds Contributors to the first half of the collection consider evolving definitions of the nation examining the ways in which Canada was reimagined to include both the Canadian North and landscapes structured by trade and commerce The essays in the latter half analyze debates on shopping hours professional striptease the provider role of fathers interracial adoption sexuality on campus and illegal drug use issues that shaped how the country defined itself in sociocultural and political terms This collection contributes to the historiography of nationalism gender and the family consumer cultures and countercultures

Between National Socialism and Soviet Communism Anna Holian, 2011-08-30 An interdisciplinary study of refugee communities in post WWII Germany

Bibliography of the History of Medicine, 1993

[Who's who in New England](#), 1949

Backpacker, 2007-09 *Backpacker* brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure *Backpacker* is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish *Backpacker's* Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured
