See the Light Patti K. Owens, 2022-01-15 This is a collection of letters of encouragement written to friends and strangers All are inspired by the Holy Spirit These letters try to see the light that can be elusive in people's lives They were written to remind people of who they are or to help them through a difficult time They span the emotions of love hope compassion joy gratitude faith and peace They always speak to the recipient's hearts There are life's moments that need to be acknowledged or validated and these letters respond to those moments Jesus said Let there be light and this book describes how to find it in a very ordinary way The letters are always optimistic It is so important to see the light in the darkness It is important to look around and see the goodness in others and most importantly in ourselves Life is worth living and living to the fullest The responses from the recipients of the letters are so often These are the exact words that I needed to hear

See the Light A. R. Shaw, Monty and Onnie Newton along with their young son Sirius escape the violence of a city after the fall and find a house in the middle of a field that's perfect in every way except that the lights never turn off

When You Can See the Light Within Henry B. Naiken, 2002 This book will change your life I know for what you are about to read has changed mine to a certain degree However I would like to properly articulate the overwhelming emotions and warmth from my heart for the man that I have known for more than 23 years His presence remains so influential in my life and so familiar to my family and me Indeed Dr

Naiken is such a good friend a spiritual brother that most of the time we have come to function at the same level of mind we perceive the same thoughts intuitions and feelings about events to happen un strange as this may seem Since his early years Dr Naiken made his search for inner fulfillment the mark of planting seeds of what would eventually blossom into his dedication towards helping people reach their unlimited inner resources The account of personal power presented in this book actually happened to us In many cases the changes took place in the same amount of time it will take you to read about them These transformations which include the methods design to get you free from worldly problems are the result of initiation with the Guru Arvind Shrimali the son of Guru Dev Dr Narayan Dutt Shrimali of Jodhpur India You the counselor consultant coaches managers engineers athletes entrepreneurs executives and parents all kinds of people interested in personal and professional freedom this book is for you It didn t start here We set out on the 14 th of April 2002 with little more than our sincere desire that deliberate initiation was possible Dr Naiken has spent 30 years searching across the fields of psychology metaphysics brain management and spiritualism for ways to implement change that works He measured the success of his knowledge by the results it could generate For 3 decades he searched for the keys to real and lasting change before deciding to go all the way His motive was personal as well as professional He wanted to assist his clients and anyone with an interest towards personal development with the necessary tools for overcoming difficulties and self imposed limitations As a mediator of change he wanted skills that could enhance those who were already accomplishing and increasing what was already outstanding For his own satisfaction he wanted to be able to move beyond fixing problems to awakening the giant within He s always believed that he could do be have and become more and that you can too Now more than ever in the time of human history approaches of diverse kinds have been pointing towards improving human potentials and increasing possibilities Some of them are well known with titles like positive thinking positive mental attitude visualisation affirmations inner child work goal setting and personal power You may even have tried your mind at some of them If your experience was like ours sometimes they worked and the results were truly marvelous Many times though they didn t And when they didn t no matter how much we wanted or needed them to work they wouldn t It was these erratic results that kept him searching even further for the real roots of change He knew he was already part of the way there He wanted to produce results consistently He wanted to know the difference that made the difference between an occasional or temporary relief and a deep lasting change Before I pen off I would like you to note two major points 1 If the secrets of this book is a unique gift from Godorn to this world than the deep knowledge and wisdom searched by Dr Naiken and presented here is indeed a gift to the whole of mankind 2 If some of the ideas in this book seem strange to you at first that is good Why Be cause it means you are sighting entirely new guide posts which will lead you up the right paths Have no dismay if you do not understand these teachings at first They are easy to grasp Other people You Can See the Light Dianne Morrissey,2002 This guide elaborates on seven keys that allow readers to gain a glimpse of the light and return with
