differences between Christian feminist theology and CGS the routes to CGS for individual practitioners and their beliefs practices and experiences proto denominational classifications spiritual paths within CGS CGS theology Christian discourse about the female divine and the future of CGS in social scientific and ecclesiological context Christian Goddess Spirituality will be of interest to scholars of religion especially those with interests in women and religion feminist spiritualities feminist theology theology alternative spiritualities New Religious Movements and emergent Christianities *Catholicism Engaging Other Faiths* Vladimir Latinovic, Gerard Mannion, Jason Welle, O.F.M., 2018-12-08 This book assesses how Vatican II opened up the Catholic Church to encounter dialogue and engagement with other world religions Opening with a contribution from the President of the Pontifical Council for Interreligious Dialogue Cardinal Jean Louis Tauran it next explores the impact relevance and promise of the Declaration *Nostra Aetate* before turning to consider how Vatican II in general has influenced interfaith dialogue and the intellectual and comparative study of world religions in the postconciliar decades as well as the contribution of particular past and present thinkers to the formation of current interreligious and comparative theological methods Additionally chapters consider interreligious dialogue vis vis theological anthropology in conciliar documents openness to the spiritual practices of other faith traditions as a way of encouraging positive interreligious encounter the role of lay and new ecclesial movements in interreligious dialogue and the development of Monastic Interreligious Dialogue Finally it includes a range of perspectives on the fruits and future of Vatican s II s opening to particular faiths such as Judaism Islam Hinduism and Buddhism
