Seis Propostas Para O Proximo Milenio:

Relações interpessoais na formação de professores, 2002 **Em torno da imagem e da memória** Elcio Loureiro Cornelsen, Elisa Amorim Vieira, Gonzalo Leiva Quijada, 2016-03-13 Os diversos ensaios que compõem o presente volume *Em torno da imagem e da memória* organizado por Elcio Cornelsen Elisa Amorim e Gonzalo Leiva Quijada transitam entre diversas expressões artísticas como a pintura o cinema a literatura o desenho a colagem e sobretudo a fotografia seja enquanto retrato registro documental ou enquanto refotografia fotopintura fotografia pós morte e pictorialismo Assim nos textos que procuram estabelecer relações entre imagem e memória na arte contemporânea o que se observa predominantemente o caráter híbrido da imagem apresentada pelos artistas o seu caráter intermediário que se configura na fronteira entre as diversas linguagens. Nos ensaios que se voltam para as imagens de eventos traumáticos ou que se voltam para a busca do que resta do passado no presente evidencia-se o caráter de resistência da arte resistência contra o horror contra o trauma contra a ausência e sobretudo resistência política do esquecimento Assim este livro apresenta ao leitor o olhar múltiplo e instigante de diversos pesquisadores artistas e escritores em diálogo com alguns dos pensadores e filósofos indispensáveis para que se reflita o presente e para que se possa vislumbrar os rastros do passado que sobrevivem e insistem nos tempos atuais Political Ethics and European Constitution Paulo Ferreira da Cunha, 2015-06-01 Is the dream of EU endangered This book reviews classic and modern values and virtues and uses them in order to rethink Europe's present politics and its future The idea of the Republic was born with the political ethics of ancient Greece The current international crisis obliges Europe to face the mirror of truth What has become of the European Idea and how fares the European Constitution It has been a long road from the Greek Politeia to the present lack of values and financial monomania in Europe who seems to have lost any harmony between the spirit the soul and the body of her Constitution the will and values of the people material constitution the text of the Lisbon Treaty formal constitution and its current political interpretation and action real constitution making Europe a two tier or three tier club far from the dream of the founding fathers Without republican values and virtues and failing to uphold the European social model the European Union would devolve into moral social and democratic bankruptcy RÉQUIEM Virgínia Allan, 2014-05-28 O livro *Réquiem* um tributo um tributo dor saudade mas sobretudo um atributo ao amor A autora tenta através da escrita superar um momento crítico momento este em que dor rima com amor ou vice versa Com este livro estou a me contar a minha própria história para que eu não ufraga flutuando perdida num mar de angústia não adormeça no esquecimento e assim passe ao largo de minha salvação

Desenho Da Janela, O Luís Antonio Jorge, 1995 **From Tarzan to Homer Simpson** Sócrates Nolasco, 2017-06-09 Men have lower life expectancy than women they account for 90% of the incarcerated population they die more often in traffic accidents from alcohol and drug consumption and they commit more suicides than women Since that information has been accessible for a long time why is it not taken into account when campaigns are created and actions are defined Violence is not an entity it is male Confronted with that reality the author sought to formulate the question orientating towards the following working hypothesis this common knowledge should be forgotten given that the involvement of men in situations of violence plays an important role in the preservation of political ideation in contemporary societies During this study it became clear that men are exposed to a more complex type of death than mere physical death but just as important which is relative to their social representation This insight led to understanding other aspects that could be associated with men's intense involvement in situations of violence Could it be that in contemporary culture a purpose is served by keeping men involved with situations of violence If so what might that be
