The Feminization of Development Processes in Africa James S. Etim, Valentine U. James, 1999-04-30 Women have historically provided vision and leadership to African countries and are now being recognized as pivotal to the overall sustainable development of Africa. In many cases however this recognition has not resulted in the empowerment of African women who still face great discrimination. This edited volume explores the contributions women have made to all phases of development planning design construction implementation and operation and the obstacles they have had to face. Besides analyzing the current situation and identifying trends the contributors also make recommendations for policy reform and for future planning.

Carlos Fuentes Robert Brody, Charles Rossman, 2014-02-19 Carlos Fuentes is a master of modern world literature. With the translation of his major works into English and other languages his reputation has surpassed the boundaries of his native Mexico and of Hispanic literature and has become international. Now each new novel stimulates popular and scholarly reviews in periodicals from Mexico City and Buenos Aires to Paris and New York. Carlos Fuentes *A Critical View* is the first full scale examination in English of this major writer's work. The range and diversity of this critical view are remarkable and reflect similar characteristics in the creative work of Carlos Fuentes: a man of formidable intellectual energy and curiosity. The whole of Fuentes' work is encompassed by Luis Leal as he explores history and myth in the writer's narrative. Insightful new views of single works are provided by other well known scholars such as Roberto Gonz lez Echevarr a writing on Fuentes' extraordinary *Terra Nostra* and Margaret Sayers Peden exploring *Distant Relations* for which she served as authorized translator. Here too are fresh approaches to Fuentes' other novels among them *Where the Air Is Clear*, *Aura* and *The Hydra Head* as well as an examination by John Brushwood of the writer's short fiction and a look by Merlin Forster at Fuentes the playwright. Lanin Gyurko reaches outside Fuentes' canon for his fascinating study of the influence of Orson Welles' *Citizen Kane* on *The Death of Artemio Cruz*. Manuel Dur n and George Wing consider Fuentes in his role as critic of both literature and art. Carlos Fuentes *A Critical View* has been prepared with the writer's many English speaking readers in mind. Quotations are most frequently from standard readily available English translations of Fuentes' works. A valuable chronology of the writer's life rounds off the volume.
