Looking Backward One Hundred Years In Appalachia:

Looking Backward One Hundred Years in Appalachia Howard Burton Lee,1981 *Encyclopedia of West Virginia* Nancy Capace,1999-01-01 The Encyclopedia of West Virginia contains detailed information on States Symbols and Designations Geography Archaeology State History Local History on individual cities towns and counties Chronology of Historic Events in the State Profiles of Governors Political Directory State Constitution Bibliography of books about the state and an Index **Appalachia Inside Out: Conflict and change** Robert J. Higgs,Ambrose N. Manning,Jim Wayne Miller,1995 An anthology of Appalachia writings **Authorized to Heal** Sandra Lee Barney,2003-07-11 In this book Sandra Barney examines the transformation of medical care in Central Appalachia during the Progressive Era and analyzes the influence of women volunteers in promoting the acceptance of professional medicine in the region By highlighting the critical role played by nurses clubwomen ladies auxiliaries and other female constituencies in bringing modern medicine to the mountains she fills a significant gap in gender and regional history Barney explores both the differences that divided women in the reform effort and the common ground that connected them to one another and to the male physicians who profited from their voluntary activity Held together at first by a shared goal of improving the public welfare the coalition between women volunteers and medical professionals began to fracture when the reform agendas of women s groups challenged physicians sovereignty over the form of health care delivery By examining the professionalization of male medical practitioners the gendered nature of the campaign to promote their authority and their displacement of community healers especially female midwives Barney uncovers some of the tensions that evolved within Appalachian society as the region was fundamentally reshaped during the era of industrial development **West Virginia History** ,2006 **Stories from the White Mountains** Mike Dickerman,2013-09-24 Throughout its rich and varied history New Hampshire s White Mountains region has played host to explorers and adventurers as well as grand hotels and their well heeled guests In this anthology of historical writing local author Mike Dickerman captures the spirit tenacity and resourcefulness of those who have lived worked and played in these Great White Hills His stories also bring to life dramatic events that scarred the landscape long ago such as tragic plane crashes and the devastating Hurricane of 1938 The book spans the ages from the logging railroads of yesteryear to the forest fire lookout towers of the mid 20th century and covers the expanse of these rolling hills from the snow laden heights of Mount Washington to the stately grounds of the Mountain View House in Whitefield ***Appalachia's Path to Dependency*** Paul Salstrom,2014-07-11 In Appalachia s Path to Dependency Paul Salstrom examines the evolution of economic life over time in southern Appalachia Moving away from the colonial model to an analysis based on dependency he exposes the complex web of factors regulation of credit industrialization population growth cultural values federal intervention that has worked against the region Salstrom argues that economic adversity has resulted from three types of disadvantages natural market and political The overall context in which Appalachia s economic life unfolded was one of expanding United States

markets and after the Civil War of expanding capitalist relations Covering Appalachia s economic history from early white settlement to the end of the New Deal this work is not simply an economic interpretation but draws as well on other areas of history Whereas other interpretations of Appalachia s economy have tended to seek social or psychological explanations for its dependency this important work compels us to look directly at the region s economic history This regional perspective offers a clear eyed view of Appalachia s path in the future Along the Maysville Road Craig Thompson Friend,2005 Along the Maysville Road details the life of the trail from its beginnings as a buffalo trace through its role in populating and transforming an early American West to its decline in regional and national affairs This biography of a road thus serves as a microhistory of social and cultural change in the Early American Republic Jacket **Appalachian Ecocriticism and the Paradox of Place** Laura Wright,Jessica Cory,2023-05 Ecocriticism and Appalachian studies continue to grow and thrive in academia as they expand on their foundational works to move in new and exciting directions When researching these areas separately there is a wealth of information However when researching Appalachian ecocriticism specifically the lack of consolidated scholarship is apparent With Appalachian Ecocriticism and the Paradox of Place editors Jessica Cory and Laura Wright have created the only book length scholarly collection of Appalachian ecocriticism Appalachian Ecocriticism and the Paradox of Place is a collection of scholarly essays that engage environmental and ecocritical theories and Appalachian literature and film These essays many from well established Appalachian studies and southern studies scholars and ecocritics engage with a variety of ecocritical methodologies including ecofeminism ecospiritualism queer ecocriticism and materialist ecocriticism to name a few Adding Appalachian voices to the larger ecocritical discourse is vital not only for the sake of increased diversity but also to allow those unfamiliar with the region and its works to better understand the Appalachian region in a critical and authentic way Including Appalachia in the larger ecocritical community allows for the study of how the region its issues and its texts intersect with a variety of communities thus allowing boundless possibilities for learning and analysis **Our Times, 1900-1925: The turn of the century** Mark Sullivan,1926 *Bibliographic Guide to North American History* ,1984 **Microeconomic Development Strategies for Rural America** United States. Congress. House. Committee on the Budget. Task Force on Community Development and Natural Resources,1991 *Appalachian Gateway* George Brosi,Kate Egerton,2013-04-30 Featuring the work of twenty five fiction writers and poets this anthology is a captivating introduction to the finest of contemporary Appalachian literature Here are short stories and poems by some of the region s most dynamic and best loved authors Barbara Kingsolver Ron Rash Nikki Giovanni Robert Morgan Lisa Alther and Lee Smith among others In addition to compelling selections from each writer s work the book includes illuminating biographical sketches and bibliographies for each author These works encompass a variety of themes that collectively capture the essence of Appalachia love of the land family ties and the struggle to blend progress with heritage Readers will enjoy this book not just for the innate value of good literature but also for the insights it provides into this fascinating area

This book of fiction is an enlightening companion to non fiction overviews of the region including the Encyclopedia of Appalachia and A Handbook to Appalachia An Introduction to the Region both published by the University of Tennessee Press in 2006 In fact the five sections of this book are the same as those of the Encyclopedia Educators and students will find this book especially appropriate for courses in creative writing Appalachian studies and Appalachian literature Editor George Brosi s foreword presents an historical overview of Appalachian Literature while Kate Egerton and Morgan Cottrell s afterword offers a helpful guide for studying Appalachian literature in a classroom setting **Looking Backward One**

Hundred Years in Appalachia Howard Burton Lee,1981 Our Times Mark Sullivan,1926 For contents see Author Catalog Our Times, the United States 1900-1925 Mark Sullivan,1926 Our Times: The turn of the century Mark Sullivan,1926 The Riverkeeper's Guide to the Chattahoochee Fred Brown,Sherri M. L. Smith,Richard Stenger,2007 The Chattahoochee is a prototypical American river from its headwaters in the Blue Ridge Mountains to where it flows into Apalachicola Bay one of the most productive estuaries in North America This entertaining fact filled guide covers the Chattahoochee s entire 500 mile course and 8 000 square mile watershed The guide divides the river into ten sections each of which includes a brief natural history and information on camping hiking fishing boating and other recreational pursuits bodies of water that feed into the river cities and towns with river frontage manmade structures such as bridges dams and historic ruins environmental threats and preservation efforts Entertaining sidebars throughout highlight the people history culture wildlife and geography of the entire river valley Understand the Hooch say those dedicated to its conservation and you will know more about all of our country s waterways This guide is the place to begin **Appalachia** ,1991

Appalachia Charles E. Fay,J. Rayner Edmands,1917
