Losing And Living Thoughts On Every Kind Of Grieving:

Losing and Living David M. Owen,1991 The problems of analyzing and synthesizing musical timbres have been prevalent for over half a century and a book length exploration of this large and complex subject has been long overdue Analysis Synthesis and Perception of Musical Sounds Sound of Music consists of eight chapters that span the range from tutorial introduction to advanced research and application to speculative assessment of its various techniques All of the contributors use a generalized additive sine wave model for describing musical timbre which gives a conceptual unity but is of sufficient utility to be adapted to many different tasks The authors represent an international community of researchers and teachers in the field of analysis synthesis perception and this book reflects the important trends and interests current in the subject Due to its breadth students will find the book a thorough introduction to current thinking and implementation of additive sine wave timbral models Researchers new to the field will find a canvas of applications with citations to the relevant literature which will also benefit the teacher searching for an effective syllabus Due to its scope Analysis Synthesis and Perception of Musical Sounds will become the standard reference in the field and will be seen as the catalyst for exciting research in the years ahead

Losing My Husbands Nancy N. Needy,2024-04-16 After the death of two husbands forty years apart the author details the personal grief she experienced following these life altering events Even though they occurred at different stages of her life the overwhelming and devastating losses were the same The book defines the struggles that she faced as she grieved her attempts to overcome or at least manage the grief how humor can be useful to help move past the pain of such a horrific loss and her struggles to make a life for herself without her spouse Even though the primary focus of this book is to offer support understanding and hope to those who have lost their spouse this book can also be helpful to those who are grieving any type of loss In addition this book can be a valuable resource for all married couples in preparation for surviving this unavoidable journey And finally it provides valuable insights to those having to watch another who is grieving

Understanding Loss and Grief for Women Robert W. Buckingham,Peggy A. Howard Ph.D.,2017-05-18 This book can enhance everyone s understanding of how women experience loss and grief and how they transition to resolution It is an invaluable resource to women and everyone who supports them spouses partners and family members as well as community and government Women s grief is often a complex phenomenon a natural normal experience but one that can seriously impact everyone female or male at every stage of life Understanding Loss and Grief for Women A New Perspective on Their Pain and Healing provides a way to look at how women experience loss through the lens of their socially constructed roles and in light of the theories and practice of grief therapy and support The book begins by explaining the social construction of women s traditional transitional and modern postmodern roles and then addresses the social construction of grief theory and practice in past eras and modern society Several case studies enable readers to see how social constructs shape women s responses to various causes of grief such as the death of a spouse or partner child marriage divorce and career retirement

The final section of the book examines the health impacts of grief offers suggestions to ameliorate negative health impacts and emphasizes how loss and grief for women can be used as opportunities for self growth This book serves all members of the general population as well as educators academics scientists and students of disciplines such as psychology psychotherapy medicine sociology and women s studies It will enable all women to better understand deal with and heal from their loss and grief experience Male readers will empathize with what their spouses partners mothers grandmothers siblings and friends are experiencing in loss and grief and understand how to support healthy transition through grief to resolution The community at large and care providers will learn how to create a more nurturing and supportive environment for women s grief response

Understanding the Grief and Loss Experiences of Carers Kerry Jones, Joanna Horne, 2024-11-01 This book draws on recent research and cutting edge ideas about bereavement and carers experiences across the life course to explore carers experience of loss and discuss their specific needs prior and or following the death of those they care for Whether care provided is related to a long term or life limiting condition many carers experience a multitude of losses including indefinite loss characterised by the loss of a taken for granted future and an inability to plan for the future Carers may also experience anticipatory grief as multiple losses such as companionship personal freedom and control manifest While many carers are dedicated and committed to their role they are subject to burnout and disenfranchised grief When the role of caregiver ends as a result of the death of those cared for this can represent a major change and a period of significant adjustment for carers leading to a range of emotions experienced This book presents and discusses research findings practitioner perspectives and a wealth of personal accounts to illuminate this vital but neglected area and extend our understanding of loss for carers across the life course This interdisciplinary and interprofessional volume brings together authors from a wide range of backgrounds including carers themselves It is an important contribution to the burgeoning literature around the role and experiences of carers and will interest academics students and practitioners in health and social care counselling and psychology with an interest in loss and bereavement
