Lyckow B ckman has been a dedicated student of the Enneagram for many years but in this beautiful and accessible book she steps into teaching the true heart and soul of the Enneagram work There are many places now where we can read descriptions of the nine types but Cicci goes beyond this by inviting us into the core teachings for developing ourselves through our Enneagram type The aptly named Aspects of you reveals to us the inner drives and mechanics behind each of the nine types through an exploration of the Centers of Intelligence She describes the sense and function of the Centers but also offers advice on how to better express them and balance our lives through them You can tell from her friendly and steady guidance that Cicci has really lived these teachings and so she conveys them with a freshness and intimacy rare in writings on this subject I am truly grateful to see her bringing this marvelous book into the Enneagram conversation and highly recommend it to anyone seeking to engage in real inner work Russ Hudson author of The Enneagram Nine Gateways to Presence and co author of The Wisdom of the Enneagram **Living Beyond Your Feelings** Joyce Meyer,2011-09-06 The average person has 70 000 thoughts every day and many of those thoughts trigger a corresponding emotion No wonder so many of us often feel like we re controlled by our emotions Our lives would be much improved if we controlled them In LIVING BEYOND YOUR FEELINGS Joyce Meyer examines the gamut of feelings that human beings experience She discusses the way that the brain processes and stores memories and thoughts and then emotion by emotion she explains how we can manage our reactions to those emotions By doing that she gives the reader a toolbox for managing the way we react to the onslaught of feelings that can wreak havoc on our lives In this book Meyer blends the wisdom of the Bible with the latest psychological research and discusses the 4 personality types and their influence on one s outlook the impact of stress on physical and emotional health the power of memories the influence of words on emotions anger resentment sadness loss grief fear guilt regret the power of replacing reactions with pro actions and the benefits of happiness The Psychology of Emotion, Morbid and Normal John Thompson MacCurdy,1925 **The Focusing Student's and Companion's Manual, Part Two** Barbara McGavin,Ann Weiser Cornell,2002-05
