

A romantic couple is shown from behind, embracing each other in a field of tall, golden grass. The woman has long, flowing brown hair and is wearing a patterned dress. The man is wearing a dark t-shirt and jeans. They are both smiling and looking down at each other. The background is a warm, golden sunset with soft light filtering through the trees.

Love And Relationships:

Love Is a Story Robert J. Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out Love and Intimate Relationships Norman M. examination of what love really is so we can keep it once we've found it. Each chapter explores the process of love and scrutinizes the basic influences on the development, creation, and maintenance of a strong, positive relationship. You'll learn the emotional and psychological benefits of having a loving partnership and learn to navigate the pitfalls surrounding sex. This book also provides easy-to-understand guidelines, concrete advice, and a road map on how to put the underlying philosophical, scientific, and psychological principles into action, crystallized into ten Do's and Don'ts for quick reference. Finally, *The Essential Rules of Love* explores love and death and shows how and why the strength of a powerful bond survives death. It is hard to imagine love after the death of a partner or spouse, but the lessons in this book provide the blueprint on how to achieve such a strong union.

Unwrapping Transcultural Romantic Love Relationships Claude-Hélène Mayer, 2023-06-01. This research study explores the interlinkages of three major themes: namely, transcultural romantic love relationships (TRLRs), sense of coherence (SOC), and identity development (ID) in individuals who are presently involved in romantic love relationships (RLRs) with partners from different cultural or ethnic backgrounds. The study uses a qualitative research design within the hermeneutical interpretative research paradigm, aiming to understand the interlinkages of TRLR, SOC, and ID. Based on purposive and snowball sampling techniques, the study includes 22 participants: 12 female and 10 male, between 23 and 68 years of age, from 14 different self-defined cultural backgrounds. At the time of the interview, participants had been in TRLRs for at least 6 months to a maximum of 26 years. Data were collected through semi-structured interviews and analysed through content analysis. Qualitative quality criteria and ethical considerations were applied. The findings show that TRLRs are firmly based on relationship qualities: strong feelings, common actions, spirituality, and future orientation. Further, the findings present clear interlinkages between TRLR and SOC, contributing positively to meaningfulness, manageability, and comprehensibility. Finally, TRLRs support SOC on intrapersonal, cultural, and interpersonal levels. In addition, they influence the development of identity, awareness, actions, feelings, and sexual SOC. Conclusions, limitations, and recommendations for theory and practice are provided.
