Methods For Political Inquiry

Alan C. Isaak

Methods For Political Inquiry:

Methods for Political Inquiry Stella Z. Theodoulou, Rory O'Brien, 1999 This book presents a readily accessible systematic approach to politics and its principles around which political inquiry should be organized Readers are exposed to materials on the fundamental assumptions of political inquiry in addition to the specific devices necessary for gathering and collecting data about political phenomena *Methods for Political Inquiry* represents the only book currently available that covers the full range of both research methods and research techniques It incorporates both normative and empirical theory building as well as qualitative and quantitative research methods to emphasize why researchers might use one technique over another

Scope and Methods of Political Science Alan C. Isaak, 1985 **Methods of Political Inquiry** Rakhahari Chatterji, 1979 *Methodology of Political Inquiry* Makodi Biereenu-Nnabugwu, 2006 **Strategies of Political Inquiry** Elinor Ostrom, 1982-05 The essays in this volume written by leading political scientists express discontent with the prevailing basis of political studies They find that the acceptance of a logical positivist view of what makes a valid theory has led to a concentration on questions of method How to describe political relationships quantitatively how to measure and compare patterns of policy and behaviour these are the kind of topics that have concerned researchers not dedicated solely to qualitative methods They are seeking still an empirical foundation for political science clear cut and consistent patterns that are repeated often enough in the data to need theories to account for them **Understanding Political Systems** Viriversity Online Courses, 2025-05-29 This course provides a comprehensive introduction to political systems offering students a clear understanding of how governments operate and evolve By exploring key concepts structures and contemporary challenges students will gain valuable insights that enhance their critical thinking and civic awareness Explore and Analyze Political Systems Worldwide Understand foundational principles and theories in political science Trace the historical development of political systems from ancient to modern times Examine the structures and functions of different branches of government Compare political systems and electoral processes across the globe Analyze the roles of political parties interest groups and media influence Investigate public policy formulation and international relations dynamics Develop research skills tailored to political inquiry and analysis Address current political challenges such as globalization populism and technological change A complete guide to understanding the principles institutions and dynamics of political systems worldwide This course begins by introducing the fundamental concepts and scope of political science establishing a solid foundation for further study You will explore the history and evolution of governance uncovering how political systems have transformed from ancient civilizations to modern states The course delves into key concepts such as power authority and legitimacy providing a framework to analyze political behavior and institutions Students will gain insight into various political ideologies including liberalism conservatism and socialism and understand their impact on political structures and policy decisions The course also covers the design and functions of government branches highlighting the executive legislative and judicial roles

Through comparative politics you will examine different political systems across the world enhancing your global perspective on governance Electoral systems and voting behavior are analyzed to illuminate how democracies function and engage citizens The roles and influence of political parties and interest groups are explored alongside the mechanisms of public policy and administration from decision making to implementation In addition the course tackles international relations theories and political economy illustrating the interaction between politics and economics on a global scale The curriculum emphasizes civil rights and liberties fostering an understanding of individual freedoms within politics The significance of political communication and media in shaping public opinion and policy is also examined You will develop research methods tailored to political science equipping you with tools for effective political inquiry Finally the course addresses contemporary issues such as globalization populism and technological challenges preparing you to understand and analyze the evolving political landscape By the end of this course students will have developed a well rounded understanding of political systems enhanced analytical and critical thinking skills and the ability to engage thoughtfully with political topics This knowledge will empower you to become an informed participant in civic life and better appreciate the complexities of governance and political interaction globally

Comp Intro Pol Sci& Methods Pol Inquiry Pkg ANONIMO,2000-02-01 *Rethinking Comparison* Erica S. Simmons,Nicholas Rush Smith,2021-10-07 Qualitative comparative methods and specifically controlled qualitative comparisons are central to the study of politics They are not the only kind of comparison though that can help us better understand political processes and outcomes Yet there are few guides for how to conduct non controlled comparative research This volume brings together chapters from more than a dozen leading methods scholars from across the discipline of political science including positivist and interpretivist scholars qualitative methodologists mixed methods researchers ethnographers historians and statisticians Their work revolutionizes qualitative research design by diversifying the repertoire of comparative methods available to students of politics offering readers clear suggestions for what kinds of comparisons might be possible why they are useful and how to execute them By systematically thinking through how we engage in qualitative comparisons and the kinds of insights those comparisons produce these collected essays create new possibilities to advance what we know about politics

The Rhetoric of the Human Sciences John S. Nelson,Allan Megill,Deirdre N. McCloskey,1987 Opening with an overview of the renewal of interest in rhetoric for inquiries of all kinds this volume addresses rhetoric in individual disciplines mathematics anthropology psychology economics sociology political science and history Drawing from recent literary theory it suggests the contribution of the humanities to the rhetoric of inquiry and explores communications beyond the academy particularly in women s issues religion and law The final essays speak from the field of communication studies where the study of rhetoric usually makes its home

Political Inquiry Herbert McClosky,1969 Monograph on the nature and uses of survey research methodology in the field of political science covers public opinion election behaviour political leadership foreign policy etc Statistical tables
