Mibion Impobible The Sheikhs The U S And The Future Of Iraq:

Quarterly Essay 14 Mission Impossible Paul McGeough, 2004-06-01 In the second Quarterly Essay of 2004 Paul McGeough offers a dramatic account of why Iraq remains in chaos despite desperate American efforts to create a model democracy in the Middle East According to McGeough Iraq to this day remains a tribal society It cannot be governed without the cooperation of the true powers in the land the tribal and religious sheikhs Those who have ruled Iraq in the past including Saddam Hussein and the British before him understood this fact The Americans by contrast seem to have missed the point In Mission Impossible Paul McGeough enters the world of key Iraqi tribal and religious leaders There are vivid portraits of the sheikhs role in the fall and capture of Saddam as well as their part in the growing insurgency There are glimpses too of a history that once involved Lawrence of Arabia and Gertrude Bell and which pre dates Islam stretching back thousands of years Combining reportage and analysis in brilliant fashion this groundbreaking essay is well timed to coincide with the next major phase in Iraq s troubled history Throughout the history of their region the sheikhs have been the powerbrokers deciding who would reign between the great rivers the Tigris and the Euphrates Paul McGeough Mission Impossible *AMERICAN NATIONAL SECURITY AND FOREIGN POLICY AN INTERNATIONAL PERSPECTIVE* Samanga Amarasinghe, 2014-02-26 This is a qualitative historical study of the United States National Security and Foreign Policies which encompasses Global Functional and Regional policies and their long term and short term impacts on the various theaters of operations Insights on Literary Journalism Kevin M. Lerner, 2024-12-30 Bringing together ten chapters by some of the most important scholars of literary journalism around the world this book covers a range of topics that are key to understanding the role of literary journalism as both a practice and a topic of academic study Beginning with an introduction that situates literary journalism in its historical context the chapters go on to address the basic definitional problem of literary journalism the rhetorical strategies of literary journalists the negotiated roles of subjects and storytellers gender geography the role of literary journalism in fostering the public imagination and the role of literary journalism in education The chapters draw on contemporary and relatable case studies which help readers link broader themes with their practical applications This volume concludes with an Afterword by Bill Reynolds editor of Literary Journalism Studies which reflects on the preceding chapters and critically on the direction in which the field is heading in the near future Insights on Literary Journalism is highly recommended reading for advanced scholars and researchers of Literary Journalism as well as Literature and Media History Quarterly Essay 21 What's Left? Clive Hamilton, 2006-03-01 In the first Quarterly Essay of 2006 Clive Hamilton throws out a challenge to Australia s party of social democracy to both its true believers and right wing machine men Will it be business as usual and creeping atrophy or will the Labor Party find a new way of talking to individualistic affluent Australia According to Hamilton Labor and the Left must acknowledge that the social democracy of old with its strong unions public ownership of assets and distinct social classes is dead Prosperity more than poverty is the dominant

characteristic of Australia today Given this should governments confine themselves to stoking the fires of the economy and protecting the interests of wealth creators Or is there room for a political program that embodies new ideals but can also withstand economic scare tactics This is an original and provocative account of our present political juncture by a man of the Left who accuses the Left of irrelevance Any new progressive politics Hamilton argues will need to tap into the anxieties and aspirations of the nation find new ways to talk about morality and thereby address deeper human needs The Australian Labor Party has served its historical purpose and will wither and die as the progressive force of Australian politics Clive Hamilton What's Left **Quarterly Essay 15 Latham's World** Margaret Simons, 2004-09-01 In the third Quarterly Essay of 2004

Margaret Simons takes a long hard look at Mark Latham the self proclaimed club buster and the man who would be prime minister Few doubt Latham's intelligence and ambition but what will this amount to in government Simons argues that if Labor is elected it will not be business as usual Rather we can expect a reformist government in the spirit if not the letter of Latham's political tutor Gough Whitlam It is also likely to be a government that has little time for the totemic issues of the Labor elites This is an essay that takes the political pulse of the nation it is clear eyed probing anchored in observation and an original analysis of the political state of play It ventures into the murky world of Liverpool Council where Latham made enemies and ran the show It reserves harsh words for those in the media who have ignored Latham's ideas and community campaigning in favour of rumour mongering Above all it reveals Latham as a conviction politician and an acute thinker with a prescient understanding of how the urban fringe now drives the politics of the nation Mark Latham's arrival on the political scene has brought to an end the fictions that have dominated politics for the last ten years Margaret Simons Latham's World

Bipolar Nation Peter Hartcher, 2007-03-01 In the first Quarterly Essay for 2007 Peter Hartcher discusses the fantasies and realities at the heart of our politics When our political leaders look at us what do they see What are the hopes fears and dreams of the Australian electorate and how might they be turned to election winning advantage What most fundamentally do we want in a prime minister In this scintillating and original essay Peter Hartcher investigates today's bipolar nation where Australians are more economically secure yet existentially as anxious as ever He explains how the Lucky Country and the Frightened Country will be the two grand themes of the election year and discusses how John Howard will set out to craft an election winning strategy on that basis He revisits Donald Horne's Lucky Country looks at the legacy of Paul Keating and analyses Kevin Rudd's many layered effort to out manoeuvre the Prime Minister The Lucky Country finally started to make its own luck and Howard has taken out a political monopoly on it The Frightened Country still harbours dark anxieties some old and some new Howard the necromancer of our national psyche conjures our fears to frighten us and then offers to banish them again to soothe us He understands the Bipolar Nation Peter Hartcher Bipolar Nation **Quarterly Essay 16 Breach of Trust** Raimond Gaita, 2004-12-01 In the fourth Quarterly Essay of 2004 Raimond Gaita confronts essential questions about politics as it is practised today What do politicians mean when they talk about trust Why is truthfulness important Are we as

politically and morally divided as the Americans Does the war on terror authorise leaders to do things that once were considered beyond the pale Gaita argues for a conception of politics in which morality is not an optional extra He discusses why successful politicians must at times be economical with the truth but shows a way beyond cynicism on the one hand and moralising on the other Politics he says is conceivably a noble vocation as well as potentially a tragic one He looks closely at patriotism and its distortions and the temptation to betray our deepest values in the act of protecting ourselves Combining gentle evocation with gloves off argument Breach of Trust is a clarion call from one of Australia's leading thinkers I have never met anyone who believes that politicians should never lie But of course there are limits They are not set in the heavens but in culture Raimond Gaita Breach Of Trust

Quarterly Essay 26 His Master's Voice David Marr, 2007-05-01 John Howard has the loudest voice in Australia He has cowed his critics muffled the press intimidated the ABC gagged scientists silenced NGOs censored the arts prosecuted leakers criminalised protest and curtailed parliamentary scrutiny Though touted as a contest of values this has been a party political assault on Australia's liberal culture In the name of balance the Liberal Party has muscled its way into the intellectual life of the country And this has happened because we let it happen Once again Howard has shown his superb grasp of Australia as it really is In His Master's Voice David Marr investigates both a decade of suppression and the strange willingness of Australians to watch with such little angst their liberties drift away More than any law any failure of the Opposition or individual act of bastardry over the last decade what's done most to gag democracy in this country is the sense that debating John Howard gets us nowhere David Marr His Master's Voice This is an essay born of despair an angry cry from the heart about the impoverishment of mainstream public debate in this country delivered with passion and eloquence Julianne Schultz Sydney Morning Herald Marr's analysis clearly delineates the national somnolence and the consequences for the country when its people are sedated power is unchecked the Age With customary eloquence it mourned an Australian public service cowed by the Prime Minister into abject fear and supine silence Peter Shergold Canberra Times David Marr is the multi award winning author of Patrick White A Life Panic and The High Price of Heaven and co author with Marian Wilkinson of Dark Victory He has written for the Sydney Morning Herald the Age and the Monthly been editor of the National Times a reporter for Four Corners and presenter of ABC TV's Media Watch He is also the author of five bestselling biographical Quarterly Essays

Quarterly Essay 18 Worried Well Gail Bell, 2005-06-01 In The Worried Well Gail Bell investigates Australia's depression epidemic Why she wonders do well over a million Australians now take antidepressant drugs This is a fresh frank and independent look at the depression culture and the move to medicalise sadness Bell examines how the prescription culture operates scrutinising the role of big drug companies and GPs and talking to those who take and don't take the new antidepressants from anxious students to lonely retirees She finds that drug companies have invested billions in an effort to simplify a profoundly complex mental condition and that along the way ordinary problems of living have been transformed into medical conditions She also finds that we the consumers have been

happy to get on board the vocabulary of depression serotonin bipolar genetic predisposition rolls off our tongues as if each of us had studied it at medical school In this freeranging and elegant essay Bell takes the pulse of Australia s worried well and looks at alternative cures for what ails us If the number of prescriptions truly reflects the numbers who are depressed then we may need to re design our tourist brochures The sun bronzed Aussie optimist with his no worries attitude to calamity might be an outdated caricature Gail Bell The Worried Well **Quarterly Essay 24 No Fixed Address** Robyn
