Historia de un sueño Julia Tuñón,1986 **Las batallas en el desierto** Eduardo Sánchez Osés,2002 *Latin America's Middle Class* David Stuart Parker,Louise E. Walker,2013-01-01 Designed for classroom use and nonspecialist readers this collection brings together some of the most influential texts ever written about Latin America s middle class **Léxico de la política** Varios,2000 Selección de ideas y conceptos relacionados con el análisis político actual también cuestiona la vigencia de paradigmas sociales y políticos ya tradicionales profundizando en el verdadero significado e historia de términos como democracia tolerancia modernidad o ciudadanía **Social Stratification in Central Mexico, 1500-2000** Hugo G. Nutini,Barry L. Isaac,2010-01-01 In Aztec and colonial Central Mexico every individual was destined for lifelong placement in a legally defined social stratum or estate Social mobility became possible after independence from Spain in 1821 and increased after the 1910-1920 Revolution By 2000 the landed aristocracy that was for long Mexico's ruling class had been replaced by a plutocracy whose wealth derives from manufacturing commerce and finance but rapid growth of the urban lower classes reveals the failure of the Mexican Revolution and subsequent agrarian reform to produce a middle class majority These evolutionary changes in Mexico's class system form the subject of *Social Stratification in Central Mexico 1500-2000* the first long term comprehensive overview of social stratification from the eve of the Spanish Conquest to the end of the twentieth century The book is divided into two parts Part One concerns the period from the Spanish Conquest of 1521 to the Revolution of 1910 The authors depict the main features of the estate system that existed both before and after the Spanish Conquest the nature of stratification on the haciendas that dominated the countryside for roughly four centuries and the importance of race and ethnicity in both the estate system and the class structures that accompanied and followed it Part Two portrays the class structure of the post revolutionary period 1920 onward emphasizing the demise of the landed aristocracy the formation of new upper and middle classes the explosive growth of the urban lower classes and the final phase of the Indian mestizo transition in the countryside *Social Stratification and Mobility in Central Veracruz* Hugo G. Nutini,2009-10-16 Since the Revolution of 1910 Mexican society has undergone a profound transformation characterized by the disempowerment of the landed aristocracy and the rise of a new ruling class of plutocrats and politicians the development of a middle class of white collar professionals and the upward mobility of formerly disenfranchised Indians who

have become urban working class Mestizos Indeed Mexico's class system today increasingly resembles that of Western industrialized nations proving that while further democratic reforms are needed the Revolution initiated an ongoing process of change that has created a more egalitarian society in Mexico with greater opportunities for social advancement This authoritative ethnography examines the transformation of social classes in the Cordoba Orizaba region during the latter half of the twentieth century to create a model of provincial social stratification in Mexico Hugo Nutini focuses on the increased social mobility that has affected all classes of society especially the rural Indians who have taken advantage of education job opportunities and contact with the wider world to achieve Mestizo status He also traces the transfer of power that followed the demise of the hacienda system as well as the growing importance of the middle class This description and analysis of the provincial social stratification system complements the work Nutini has done on the national class system centered in Mexico City to offer a comprehensive picture of social stratification and mobility in Mexico today

Sociology in Mexico Gina Zabludovsky, 2023-12-09 This open access book presents a condensed history of Sociology in Mexico from its origins through to the middle of the 19th century and up to the present day The book analyses the interaction between sociology and the main economic political and social change in the country including the 1910 Mexican Revolution the main social movements the role of the intellectual exiles from Spain and Latin America and the participation of women who have often remained invisible in the history of

sociology The book explores how sociological discourse played a fundamental role in the separation of secular and public education and the search for a national project from 1868 onwards despite the lack of an institute of social research until 1930 how sociology became an autonomous social science led by a few intellectuals and public figures as it became institutionalized in universities and the effect this had on the development of the discipline the influence of Marxism during the 1970s and the progression from a process of specialization after the fall of the Berlin Wall to a new trend of working in collective projects with an increasing interdisciplinary perspective in the first decades of the 21st century La Casona de los Siete Balcones Cris Martinez,2005 La Casona de los Siete Balcones es un conjunto de narraciones de la vida de la clase media en la Ciudad de M xico de 1910 A trav s de las conversaciones de Cristina Bejarano con su familia y amigos en situaciones cotidianas que se desenvuelven a lo largo de este a o conoceremos de las costumbres y cultura asi como de la situaci n pol tica y social durante este per odo fascinante en la historia de M xico El 20 de noviembre de 1910 irrumpe la Revoluci n en M xico y trastorna al pa s entero Sus habitantes pobres y de la clase media o sea la mayor a del pa s rasgan las redes de la opresi n y la indiferencia y se deciden a ejercer su libertad aletargada durante la dictadura de Porfirio Diaz S lo dos meses antes en septiembre la capital se vio engalanada con flores y luces por las impresionantes fiestas de celebraci n del Centenario de la Independencia Pero mientras se avecinaba la tormenta la vida de Cristina y su familia transcurre apaciblemente Acostumbrada a un sistema pol tico y social que no pod a cambiar la clase media adopta una actitud c nica e irresponsable ante la vida y suple con fiestas y m sica la falta de oportunidades en el gobierno y la econom a del pais Atisbaremos por los balcones de la casona de Cristina y seremos invitados invisibles en sus tertulias y testigos mudos de los idilios e inquietudes que guarecen sus muros Diccionario de escritores mexicanos, siglo XX: H-L Aurora Maura Ocampo,1988 **The Boom Femenino in Mexico** Nuala Finnegan,Jane E. Lavery,2010-04-16 The Boom Femenino in Mexico Reading Contemporary Women s Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women s writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women s writing and the very definition of literature itself Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres The project is comprehensive in its scope and for the first time brings together scholars from Mexico the U S and Europe in a transnational forum The book posits that despite certain aesthetic and thematic commonalities the increased output by women writers in Mexico cannot be appraised

as a unified literary movement. Instead, it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best-selling work of Angeles Mastretta, Elena Poniatowska and Laura Esquivel as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco. Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa, Ana García Bergua and Eve Gil while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel, Sabina Berman, Brianda Domecq and María Luisa Puga. There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production. The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period. Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom period is thriving. Above all, the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated. It is clear from the collection that interest in such issues is still alive and that the debate is far from over.

Femmenism and the Mexican Woman Intellectual from Sor Juana to Poniatowska Emily Hind, 2010-10-11 Hind draws on poetry, short stories, plays, novels, photographs, personal correspondence, advertising and interviews to make visible the anti-feminine tendencies in femmenism and to imagine a femmenism that will appeal to the next generation of women.

Precursores de la sociología moderna en México Verónica Camero Medina, Alfredo Andrade Carreño, 2008 *Intimacies and Cultural Change* Daniel Nehring, Rosario Esteinou, 2016-05-06 Exploring cultural transformations of intimacy in contemporary Mexico, *Intimacies and Cultural Change* examines the ways in which globalization and rapid cultural change have transformed the cultural meanings of couple relationships, sexuality and personal life in Mexican society. Through a range of contemporary case studies, the book sheds light on the ways in which people draw on these cultural meanings in everyday life to account for their experiences and practices of intimacy in different social settings. An interdisciplinary volume presenting the latest research on the region from experts working in diverse fields within the social sciences, this book will appeal to scholars of sociology, anthropology, geography and social psychology with interests in gender and sexuality, social change and contemporary intimate relationships. **Proceso**, 1987 **Challenging Authoritarianism in Mexico**

Fernando Calderón, Adela Cedillo, 2012-04-23 The Cold War in Latin America spawned numerous authoritarian and military regimes in response to the ostensible threat of communism in the Western Hemisphere and with that a rigid national security doctrine was exported to Latin America by the United States. Between 1964 and 1985, Argentina, Chile, Mexico, Brazil, Paraguay and Uruguay experienced a period of state-sponsored terrorism commonly referred to as the dirty wars. Thousands of leftists, students, intellectuals, workers, peasants, labor leaders and innocent civilians were harassed, arrested, tortured, raped, murdered or disappeared. Many studies have been done about this phenomenon in the other areas of Latin America but

strangely Mexico's dirty war has been excluded from this particular scholarship. Here for the first time is a sustained look at this period and consideration of the many facets that make up the nearly two decades of the Mexican dirty war. Offering the reader a broad perspective of the period, the case studies in the book present narratives of particular armed revolutionary movements as well as thematic essays on gender, human rights, culture, student radicalism, the Cold War, and the international impact of this state-sponsored terrorism.
