New Headway Pronunciation Course Upper Intermediate Students:

New Headway Pronunciation Course Bill Bowler, 1999 **New Headway English Course. Upper-Intermediate. Pronunciation Book mit CD** Bill Bowler, Sarah Cunningham, 2005-04 *New Headway english course upper-intermediate.* Liz Soars, John Soars, 2000 New Headway English Course takes the successful Headway series into an exciting new era. It introduces new features to challenge adult and young adult students and ensure that learning English is interesting and motivating. The course combines the best of traditional methods with more recent approaches to help students use English both accurately and fluently. Learners at the upper intermediate level require a different approach. It is no longer appropriate to examine language items in isolation. In New Headway Upper intermediate grammatical areas are treated in greater depth so that students begin to perceive the systems that underlie the language. This new upper intermediate course provides around 120 hours of language learning. It follows on from New Headway Intermediate and together with Headway Elementary, Headway Pre intermediate and Headway Advanced provides a fully comprehensive language teaching series. Key features: New universal topics selected from a wide variety of sources including authentic listening texts. In depth treatment of grammar. Each unit starts with a Test your grammar section followed by Language in context where students work out rules through Grammar questions. The Practice Bank provides a choice of wide ranging exercises and the Grammar Reference gives detailed rules of form and use. The grammar of spoken English is examined with work on areas such as being polite, linking and commenting, adverbs, exaggeration and understatement and lexis in discourse. Thorough skills syllabus. All four skills are developed systematically and integrated through related tasks. Well defined lexical syllabus with work on systems such as collocation, binomials, homonyms and compounds. Pronunciation practice is integrated at appropriate points throughout the units. Everyday English is practised in the Postscript section. In addition to the Student's Book there is a Teacher's Book with extra photocopiable activities, two Class Cassettes, a Workbook and an optional Workbook Cassette. This level is supplemented by Headway Upper intermediate Video and New Headway Upper intermediate Pronunciation.

Pronunciation in EFL Instruction Jolanta Szpyra-Kozłowska, Jolanta Szpyra, 2014. This book addresses issues and debates at the centre of English pronunciation teaching. It offers new theoretical ideas and practical solutions to phonodidactic problems that arise in EFL contexts, approaching pronunciation instruction from global and local perspectives and supporting its theoretical claims with extensive empirical evidence. Ta(l)king English Phonetics Across Frontiers Biljana Čubrović, Tatjana Paunović, 2009-10-02. Highlighting some interesting and intriguing aspects of English phonetics and phonology from a variety of perspectives, this book brings up a number of empirical questions in order to emphasize the necessity of taking a very broad view of what spoken English means in today's socio-cultural context. English has become a truly global means of communication used as a first, second or additional language by millions and millions of diverse speakers in a multitude of different communicative contexts so that the very notions of native and non-native seem to have

changed profoundly as have the notions of central peripheral and standard non standard with regard to English varieties spoken around the globe Therefore today more than ever before in studying English phonetics many small research steps need to be taken to provide diverse and broad empirical data from as many different standpoints as possible This collection indeed looks at English phonetics from a wide spectrum of perspectives including those of native or EFL speakers language varieties L2 language teaching and learning as well as language contact development and change
