Phaedra C. Pezzullo, Robert Cox

New Communication Environments:

Designing Communication and Learning Environments Diane Mary Gayeski, 1995 An organized introduction to the conceptual foundations design elements and various media support technologies to consider when designing remodeling or simply choosing work and learning facilities Case studies including b w photographs present successful facilities and explain why they work

Communication and Sustainable Development, 2007-01-01 Communication for Development is about dialogue participation and the sharing of knowledge and information among people and institutions The 9th UN Roundtable Rome September 2004 focused on Communication and sustainable development and addressed three key inter related themes that are central to this issue Communication in Research Extension and Education Communication for Natural Resource Management and Communication for isolated and Marginalized Groups The selection of key note papers presented in this publication offers views and perspectives that contribute to these themes

Risk and Health Communication in an Evolving Media Environment H. Dan O'Hair, 2018-01-12 Broadcast media has a particular fascination with stories that involve risk and health crisis events disease outbreaks terrorist acts and natural disasters contexts where risk and health communication play a critical role An evolving media landscape introduces both challenges and opportunities for using communication to manage extreme events and hazardous contexts Risk and Health Communication in an Evolving Media Environment addresses issues of risk and health communication with a collection of chapters that reflect state of the art discussion by top scholars in the field The authors in this volume develop unique and insightful perspectives by employing the best available research on topics such as brand awareness in healthcare communication occupational safety climate change communication local broadcasts of weather emergencies terrorism and the Ebola outbreak among many other areas It features analysis of new and traditional media that connects disasters crises risks and public policy issues into a coherent fabric This book bridges a substantial but sometimes disconnected body of literature and by doing so asks how contexts related to risk and health communication are best approached how researchers balance scientific findings with cultural issues and how scholars study an increasingly media savvy society with traditional research methods

Towards Cyberpsychology Giuseppe Riva (Ph.D.), Carlo Galimberti, 2001 Drawing on research in the social sciences communications and other fields this book wants to analyze how the online environment is influencing the experience of psychology However understanding how the Internet is changing our everyday experience presents a substantial challenge for the psychologists Now research in this area is still sparse and limited in both the number and scope of studies actual research especially studies with strict methodologies is only just beginning The contributions in this book are among the first scientific attempts to take a serious look at various aspects of Internet related psychology However we need not start from scratch Psychology has a broad knowledge about the factors that affect human behaviour in other setting So the papers collected for this book are descriptive and practical oriented in nature

Planning Guide for Conference and Communication Environments Guido

Englich, Burkhard Remmers, 2013-03-04 Englich and Remmers provide a comprehensive analytical and programmatic introduction to face to face communication in the work world Against the backdrop of globalization with its dynamic transformations of office environments and worldwide digital networks they analyze the strategic significance of the various communication processes for organizational and corporate development They show how the motives and aims of communication the organizational forms and procedures appropriate in a given case the size and arrangement of spaces the required capabilities of furniture and furnishings and modern communications and media technology all condition and influence one another Their integrated and user oriented approach to analysis and planning enables architects interior designers and facility managers to foster communication processes structure them sensibly and avoid unnecessary friction and needless follow up costs all through proper planning
