The Asian Financial Crisis: New International Financial Architecture Shalendra Sharma,2003-10-03 The Asian financial crisis of 1997 98 shook the foundations of the global economy What began as a localized currency crisis soon engulfed the entire Asian region What went wrong and how did the Asian economies long considered miracles respond How did the United States Japan and other G 7 countries react to the crisis What role did the IMF play Why did China remain conspicuously insulated from the turmoil raging in its midst What lessons can be learnt from the crisis by other emerging economies This book provides answers to all the above questions and more It gives a comprehensive account of how the international economic order operates examines its strengths and weaknesses and what needs to be done to fix it The book will be vital to students of economics international political economy Asian and development studies

New International Lesson Annual (1999-2000) Abingdon Press,1999-04

How America Gets Away with Murder Michael Mandel,2004-07-20 In Kosovo America claimed its war was a humanitarian intervention in Afghanistan self defense and in Iraq it claimed the authority of the Security Council of the United Nations Yet each of these wars was illegal according to established rules of international law According to these rules illegal wars fall within the category of supreme international crimes So how come the war crimes tribunals never manage to turn their sights on America and always wind up putting America s enemies the usual suspects on trial This new book by renowned scholar Michael Mandel offers a critical account of America s illegal wars and a war crimes system that has granted America s leaders an unjust and dangerous impunity effectively encouraging their illegal wars and the war crimes that always flow from them

New International Poverty Reduction Strategies Jean-Pierre Cling,Mireille Razafindrakoto,Francois Roubaud,2003-05-15 Originally published in French and updated here for the first time in English the book emphasises three main innovations brought about by the fight against poverty by the World Bank and the International Monetary Fund

Selected Works of Joseph E. Stiglitz Joseph E. Stiglitz,2009 The second in a series of six volumes containing a selection of Joseph Stiglitz s most important and widely cited work Volume I set out the basic concepts underlying the economics of information Volume II extends these concepts and applies them to a number of different settings in labour capital and product markets

The New Economy in East Asia and the Pacific Peter Drysdale,2004-08-02 This title looks at the experience with the new economy in North America It sets out the problems of measuring the effects of technological change on economic progress

International Perspectives on Adolescence Tim Urdan,Frank Pajares,2003-11-01

Contemporary Peace Making J. Darby,R. Mac Ginty,Roger Mac Ginty,2002-12-19 Contemporary Peace Making draws on recent experience to identify and explore the essential components of peace processes Each chapter examines a different element in recent peace processes The collection is organized around five main themes

planning for peace during periods of violence the process of negotiations including pre negotiation the effects of violence on peace processes peace accords constitutional and political options and securing the settlement and building the peace

Economic and Financial Crises in Emerging Market Economies Martin Feldstein, 2007-11-01 In the late 1990s economic and financial crises raged through East Asia devastating economies that had previously been considered among the strongest in the developing world The crises eventually spread to Russia Turkey and Latin America and impacted the economies of many industrialized nations as well In today's increasingly interdependent world finding ways to reduce the risk of future crises and to improve the management of crises when they occur has become an international policy challenge of paramount importance This book rises to that challenge presenting accessible papers and commentaries on the topic not only from leading academic economists but also from high ranking government officials in both industrial and developing nations senior policymakers at international institutions and major financial investors Six non technical papers each written by a specialist in the topic provide essential economic background introducing sections on exchange rate regimes financial policies industrial country policies IMF stabilization policies IMF structural programs and creditor relations Next personal statements from the major players give firsthand accounts of what really went on behind the scenes during the crises giving us a rare glimpse into how international economic policy decisions are actually made Finally wide ranging discussions and debates sparked by these papers and statements are summarized at the end of each section The result is an indispensable overview of the key issues at work in these crises written by the people who move markets and reshape economies and accessible to not just economists and policymakers but also to educated general readers Contributors Montek S Ahluwalia Domingo F Cavallo William R Cline Andrew Crockett Michael P Dooley Sebastian Edwards Stanley Fischer Arminio Fraga Jeffrey Frankel Jacob Frenkel Timothy F Geithner Morris Goldstein Paul Keating Mervyn King Anne O Krueger Roberto Mendoza Frederic S Mishkin Guillermo Ortiz Yung Chul Park Nouriel Roubini Robert Rubin Jeffrey Sachs Ammar Siamwalla George Soros
