Pedaling Across America:

Just Keep Pedaling Thomas E. Trimbath, 2002-03-27 What started out as one person's bike ride to lose some weight became the story of a slice of America from the Pacific Northwest to the Florida Keys There were big cities rural towns and great stretches of open land Heroes and villains are out there too but mostly it's fine people living day to day and unknowingly impressing strangers The weather wasn't left out either From the first winter storm in the mountains of Washington through the tailwinds in Idaho to the heat and storms of the South weather kept things from getting boring Seeing America at ten miles an hour without the protective shell of a car allows all of the senses to get to know the country It was an interesting ride with insights into culture and sore muscles And then there was the awesome chocolate sundae in a ranch town in Utah This personal narrative also has an appendix that acts as a guide for others that might want to try their own adventure There are details on gear route selection and expenses and most of all encouragement You don't know what you'll find out there on the road until you get there *Cycling Across America* Marty Perlmutter, 2020-11-02 After his friend Roy Gross passed away in 2012 Marty Perlmutter decided to honor him with a bicycle ride from Florida to Maine The two had wanted to go coast to coast but it never materialized But during the ride up the East Coast Perlmutter befriended Alicia O'Neill from the Multiple Myeloma Research Foundation and put in her mind the idea of a bicycle fundraiser across the country In 2017 it happened as seven men departed Manhattan Beach in California heading to Connecticut on a 3 411 mile tour This is their story about the people they met their experiences and how they discovered it was never about riding a bicycle across America *Biking Across America* Paul Stutzman, 2013-05-15 After Paul Stutzman finished hiking the Appalachian Trail he found himself longing for another challenge another adventure Trading his hiking boots for a bicycle Paul set off to discover more of America Starting at Neah Bay Washington and ending at Key West Florida Paul traversed the 5 000 mile distance between the two farthest points in the contiguous United States Along the way he encountered nearly every kind of terrain and weather the country had to offer as well as hundreds of fascinating people whose stories readers will love Through cold and heat loneliness and exhaustion abundance and kindness Paul pedaled on His reward and the readers is a glimpse of a noble yet humble America that still exists and inspires Anyone who longs for adventure who loves travel and stories of travel and who loves this place called America will enjoy this book *Across America by Bicycle* Alice Honeywell, Bobbi Montgomery, 2010-10-12 Biking from Oregon to Maine is no small feat especially for two newly retired women who carry everything they need for three months powered only by the strength of their legs and a desire for adventure Alice Honeywell and Bobbi Montgomery invite readers to follow their ride by bicycle across the United States as they face scorching sun driving rain buffeting winds equipment failures killer hills wild fires and even a plague of grasshoppers As Alice and Bobbi pedal along their 3 600 mile journey they test and deepen their friendship defy their aches and pains experience the vast and varied beauties of their country and discover the challenges and satisfaction of a scaled

down lifestyle And they encounter unfailing generosity from people they meet from the prayers of a North Dakota woman for their safekeeping to the offer of a house in Michigan to invitations for dinner and a place to sleep at stops all along the way And there are incidents to laugh over too such as the bewildered woman who asked them Well but where do you pack your dresses Ride along with Alice and Bobbi as they embrace retirement with gusto and live their dream *How to Bicycle Across America* Shane Hannan,2018-08-03 *How to Bicycle Across America* is a solo tour of the southern United States over 2 800 miles from the Pacific to the Atlantic Ocean taking 32 riding days to complete The journey was broken into five stages over five years Flying in and out of each start and finish point then cycling five to seven days to complete a section ranging from 450 to 700 miles The book is a how to guide that covers all the details equipment used training maps and elevation charts If you ve had the urge to do a long distance bicycle tour or learn more about the southern United States then come and take your time traveling the back roads through California Arizona New Mexico Texas Louisiana Mississippi Alabama and Florida Discover the uniqueness of each state tasting the various local flavors while gaining a true appreciation for the country and people Read how the ride became a focus on people pain and persistence Experience the various challenges and the rewards along the way Enjoy the funny stories and lighthearted entertainment from an Aussie s perspective Be inspired to maybe start your own adventure Reviews What a terrific story Your ride just has to make all of us couch potatoes green with envy Dan Cleveland OH The excellent descriptions are making my mouth water for a ride of my own Ron Scottsdale AZ Entertaining to the point and I can picture being there as you re describing things Linda Pittsburgh PA Great reading Would love to do the same Very motivating Robert Austin TX Succinct and witty observational humor Joe London UK Shane was born in Australia and moved to the United States in 1997 He met his wife in Canada snow skiing and they have two grown children Shane has worked in the technology industry for a number of years and owns a software company based in Scottsdale Arizona **Adventures of the Ordinary** Joanne Hamilton,Stuart Hamilton,2016-07-17 Have you ever wondered what it would be like to do something outrageous like riding a bicycle across the United States So did Joanne and Stuart a couple from California who only started cycling a few years earlier in their late 40 s Not the hardcore backpack types who sleep in a tent on the ground they decided to attempt this adventure with the support of a group that knows what they are doing They each give a vivid account of the journey from their own perspective along with hundreds of descriptive full color photos to bring each day to life Whether you want to live vicariously through their experience are thinking of trying something similar or don t care the least about cycling and just want to follow the highs and lows of this 50 day adventure across small town America then this is a must read Also available in lower cost Black White print and Kindle Color e book versions **Bicycling the Scenic Byways: A Journey Across America's Backroads** Pasquale De Marco, *Bicycling the Scenic Byways A Journey Across America s Backroads* is an inspiring guide that invites you to embark on a transformative cycling adventure across the breathtaking landscapes of the United States This comprehensive book provides everything you

The Race Across America Geronimo Stilton, 2009 Geronimo Stilton's friend Hyena invites him to race across America on bicycle.

Across America on the Yellow Brick Road Virginia Mudd, 2015-03-10 Imagine reading a "Cycling Companion Wanted" ad in a bicycling newsletter for a cross America bike trip, answering it, and setting off two months later with a woman you just met for a 3,500-mile, 60-day journey from California to Washington, DC. Taken from Virginia's journal, this tells the story of two twenty-nine-year-old adventurers who fulfill a common dream. She recalls exhilarating roads and landscapes, tedious miles, peaceful times, scary experiences, personal struggles, wonderful encounters with people, and the unfolding of a journey of a lifetime.

Heidi Across America Heidi Beierle, 2024-04-30 A memoir of homecoming. *Heidi Across America* is a gritty story of how opening our hearts to others enables us to open our hearts to ourselves and love what we find there. Finalist Chanticleer International Book Awards. In the summer of 2010, Heidi Beierle had just finished her first year of graduate studies in community and regional planning and decided to pedal her bicycle solo from her home on the west coast across rural America to the Preserving the Historic Road conference in Washington, DC. What started as a research trip turned into an intimately physical and psychological encounter with self and nationhood. Heidi was 35 at the time and didn't love much about herself except her ability to endure grueling physical undertakings. She viewed her journey as an opportunity to fix her failures and insufficiencies. There were also some research questions she wanted to explore: Why do people live in small towns and what do they like about it? Did a bicyclist like herself bring economic benefit to the small towns she visited? What could communities do to support or invite cyclists to stay in their towns? What could cyclists do to support the communities? Along the way, she was surprised by the kindness of strangers and the emotional pinch of traveling through Wyoming, where she grew up. Her journey led her through the Plains and into the Ozarks, where the heat

climbed to agonizing temperatures and every pedal stroke in the heat felt one closer to death By the time she completed the trip Heidi discovered a newfound compassion for herself and a growing love for her country Strangers opened their hearts to her and in turn she opened her heart to herself And her questions began to change and mirror things many Americans are asking themselves today How can I be okay in my own skin What does it mean to be enough How do I satisfy my desire to travel without harming the planet What does it mean to love America For many young people it is a rite of passage to light out on an adventure to see the world and expose themselves to new experiences but we don't often talk about how Americans seeing America can open us to the diversity awe and wonder available right here in our nation Heidi Across America offers a journey to self love empathy consideration for others and respect for the spirit of place as pathways to find connection and home
