Progenitor Principle:

Principles of Fatherhood (aka The Progenitor Principle) Kay Taiwo, Olu Taiwo, 2001 If every person really thought about the legacy he or she would leave behind perhaps his or her life would be lived quite differently The brevity of life is a humbling experience Everyday people come and people go This is the drama of the human experience The people we remember are those who have taken the time and applied the effort to make a contribution that will outlive them This is at the heart of The Principles of Fatherhood Think about it for a moment When you die and leave the earth will the world even take notice that you occupied its borders Or will it rejoice that room has been created for something more worthwhile Interestingly enough the answers to the above questions are not a function of age race or gender They are a function of choice We choose what kind of life we will live The kind of life we live determines the kind of legacy we leave behind Identical twins Kay and Olu Taiwo are international speakers ministers consultants featured authors and licensed Pharmacists With over 20 years of speaking experience their ministry has impacted audiences in the Ukraine Nigeria England Philippines Zimbabwe South Africa Canada and across the United States of America They conduct Vision Identity Purpose VIP Seminars They are blazing a trail around the world in the mobile app industry and are reaching thousands of people by promoting biblical literacy through mobile technology To invite Olu and Kay Taiwo to your conference seminar or event go to <http://www.VisionForLifeMinistries.org>
