## **Putting The Children Fir:**

**Putting Children First** JoAnne Pedro-Carroll, 2010-05-04 An internationally renowned authority on children and divorce reveals the latest research based strategies for helping children survive and thrive before during and long after their parents divorce The breakup of a family can have an enduring impact on children But as Dr JoAnne Pedro Carroll explains with clarity and compassion in this powerful book parents can positively alter the immediate and long term effects of divorce on their children The key is proven emotionally intelligent parenting strategies that promote children s emotional health resilience and ability to lead satisfying lives Over the past three decades Pedro Carroll has worked with families in transition conducted research and developed and directed award winning court endorsed programs that have helped thousands of families navigate divorce and its aftermath Now she shares practical research based advice that helps parents gain a deeper understanding of what their children are experiencing develop emotionally intelligent parenting strategies with the critical combination of boundless love and appropriate limits on behavior reduce conflict with a former spouse and protect children from conflict s damaging effects learn what recent brain research reveals about stress and children s developing capabilities Filled with the voices and drawings of children and the stories of families *Putting Children First* delivers a positive vision for a future of hope and healing

**Putting Children's Interests First in U.S. Family Law and Policy** Helen M. Alvaré, 2018 *Putting Children s Interests First in US Family Law and Policy* details the rise of federal sexual expressionism policy

**Putting Children First** Hanna McDonough, Christina Bartha, 1999-01-01 A step by step guide to the emotional work parents must do to make their divorce a success for themselves and their children The authors present practical instructions for conflict resolution and illustrate the importance of co operation in divorce

*Putting Children First* Ajay Chaudry, 2004-07-22 In the five years following the passage of federal welfare reform law the labor force participation of low income single mothers with young children climbed by more than 25 percent With significantly more hours spent outside the home single working mothers face a serious childcare crunch how can they provide quality care for their children In *Putting Children First* Ajay Chaudry follows 42 low income families in New York City over three years to illuminate the plight of these mothers and the ways in which they respond to the difficult challenge of providing for their children s material and developmental needs with limited resources Using the words of the women themselves Chaudry tells a startling story Scarce subsidies complicated bureaucracies inflexible work schedules and limited choices force families to piece together care arrangements that are often unstable unreliable inconvenient and of limited quality Because their wages are so low these women are forced to rely on inexpensive caregivers who are often under qualified to serve the developmental needs of their children Even when these mothers find good affordable care it rarely lasts long because their volatile employment situations throw their needs into constant flux The average woman in Chaudry s sample had to find five different primary caregivers in her child s first four years while over a quarter of them needed seven or more in that time This book lets single low income

mothers describe the childcare arrangements they desire and the ways that options available to them fail to meet even their most basic needs As Chaudry tracks these women through erratic childcare spells he reveals the strategies they employ the tremendous costs they incur and the anxiety they face when trying to ensure that their children are given proper care Honest powerful and alarming *Putting Children First* gives a fresh perspective on work and family for the disadvantaged It infuses a human voice into the ongoing debate about the effectiveness of welfare reform showing the flaws of a social policy based solely on personal responsibility without concurrent societal responsibility and suggesting a better path for the future

**Putting Kids First: Being a Nanny in the Twenty-first Century** Michaela Cummings, *Mathematics for Young Children* Marion H. Bird, 2022-11-21 For many years increasing stress has been placed on the importance of giving the under sevens a good start in mathematics Originally published in 1991 *Mathematics for Young Children* shows how children as young as four and five and of all abilities can be encouraged to carry out their own mathematical explorations whilst covering the content of a prescribed curriculum A substantial part of the book is taken up with actual case studies of children working with Marion Bird in a reception classroom fully illustrated with examples of the children's work These case studies are then analysed to show how a prescribed syllabus can be effectively covered through an investigational approach a point which is of paramount importance to teachers concerned with the introduction of the National Curriculum The role of the teacher too is examined carefully in order to identify those parts of a teacher's repertoire which seems to be particularly fruitful in encouraging young children's active mathematical thinking Throughout readers are encouraged to apply and amend ideas to suit their own particular circumstances *A Guide to Programs for Parenting Children with Autism Spectrum Disorder, Intellectual Disabilities or Developmental Disabilities* John R. Lutzker, Katelyn M. Guastaferrro, 2018-06-21 This book provides a comprehensive outline of the major parent training programs for parents of children with intellectual or developmental disabilities IDD including Autism Spectrum Disorder Parents or primary caregivers spend the most time with a child and training them in behaviour management and intervention strategies is critical to improving a child's behaviour to helping them to learn new skills and to reduce parental stress Authored by eminent specialists in the field and written for researchers and clinicians supporting or treating families each chapter focuses on one of the key evidence based parent training programs from Incredible Years and Positive Family Intervention through to Pivotal Response Treatment and Acceptance and Commitment Therapy Each chapter provides a breakdown that features an introduction to the model evidence for the model a full description of the model a discussion of implementation and dissemination efforts and concluding comments Grounded in research this definitive overview provides the evidence and guidance required for anyone considering investing in or running a parenting program *Pastoral Letters of the United States Catholic Bishops* Catholic Church. **Congressional Record** United States. Congress, 2002      **The UN Convention on the Rights of Persons With Disabilities** Oddný Mjöll Arnardóttir, Gerard Quinn, 2009 The International Convention on the Rights of Persons with Disabilities is the first human rights treaty adopted by the United Nations in the 21st century It seeks to secure the equal and effective enjoyment of human rights for the estimated 650 million persons with disabilities in the world It does so by tailoring general human rights norms to their circumstances It reflects and advances the shift away from welfare to rights in the context of disability The Convention itself represents a mix between non discrimination and other substantive human rights and gives practical effect to the idea that all human rights are indivisible and interdependent This collection of essays examines these developments from the global European and Scandinavian perspectives and the challenge of transposing its provisions into national law It marks the coming of age of disability as a core human rights concern      **The Challenge of Children's Rights for Canada, 2nd edition** Katherine Covell, R. Brian Howe, J.C. Blokhuis, 2018-08-30 More than a quarter of a century has passed since Canada promised to recognize and respect the rights of children under the United Nations Convention on the Rights of the Child Ratification of the Convention cannot however guarantee that everyone will abandon proprietary notions about children or that all children will be free to enjoy the substance of their rights in every social and institutional context in which they find themselves including and perhaps especially within families This disconnect remains one of the most important challenges to the recognition of children's rights in Canada The authors argue that social toxins are as harmful to children's independent welfare and developmental interests as environmental toxins and that both must be eradicated if Canada is to fulfill its commitments under the Convention They also argue that if Canada wishes to ensure the substance of the rights outlined in the Convention are socially guaranteed an attitudinal or cultural shift is required concerning the moral and legal status of children This revised expanded and updated edition of the bestselling Challenge of Children's Rights for Canada will be of interest to academics policymakers parents teachers social workers and human service professionals indeed to anyone who cares about and for children      **Our own magazine, issued by the Children's special service mission (and the Scripture union).** Children's special service mission,      **Children** , 1970      **U.S. History As Women's History** Linda K. Kerber, Alice Kessler-Harris, Kathryn Kish Sklar, 2000-11-09 This outstanding collection of fifteen original essays represents innovative work by some of the most influential scholars in the field of women's history Covering a broad sweep of history from colonial to contemporary times and ranging over the fields of legal social political and cultural history this book according to its editors intrudes into regions of the American historical narrative from which women have been excluded or in which gender relations were not thought to play a part The book is dedicated to pioneering women's historian Gerda Lerner whose work inspired so many of the contributors and it includes a bibliography of her works The contributors include Linda K Kerber on women and the obligations of citizenship Kathryn Kish Sklar on two political cultures in the Progressive Era Linda Gordon on women maternalism and welfare in the twentieth century Alice

Kessler Harris on the Social Security Amendments of 1939 Nancy F Cott on marriage and the public order in the late nineteenth century Nell Irvin Painter on soul murder as a legacy of slavery Judith Walzer Leavitt on Typhoid Mary and early twentieth century public health Estelle B Freedman on women's institutions and the career of Miriam Van Waters William H Chafe on how the personal translates into the political in the careers of Eleanor Roosevelt and Allard Lowenstein Jane Sherron De Hart on women politics and power in the contemporary United States Barbara Sicherman on reading Little Women Joyce Antler on the Emma Lazarus Federation's efforts to promulgate women's history Amy Swerdlow on Left feminist peace politics in the cold war Ruth Rosen on the origins of contemporary American feminism among daughters of the fifties Darlene Clark Hine on the making of Black Women in America An Historical Encyclopedia
